Judges School was successful this year. We had 112 participants in the school. Following the 45 minute session on the judging process and ethics, the group broke down into five areas for classes in Baked Goods; Hay, Grain, Potatoes and Eggs; Needlework and Crafts; Photography; and Vegetables.

None of our instructors charged so a nice profit was realized for PSACF. The expenses are primarily for handouts and completion certificates.

The suggested Judges List is now updated and on the website for fairs to reference.
