4-H and FFA Rules and Regulations

4-H: WSU 4-H Extension

FFA: Nathan Moore

4-H is the youth development program of Washington State University Extension and helps young people and adults put knowledge to work in all of Washington's counties, cities and communities. 4-H teaches life skills that lead young people to become self-directing, positive, contributing members of society. These life skills include positive self-esteem, effective communication, a sense of responsibility to oneself and one's community, sound decision making, and a strong sense of belonging. These skills give young people the tools necessary for successful adulthood. 4-H is an educational program for youth 5 years to less than 19 years of age. It is conducted through volunteer 4-H leaders who are supported by WSU Extension Educators who help lead 4-H projects and activities.

FFA is a national organization of youth enrolled in Agricultural Education classes. The local unit is the Chapter in each school offering agricultural education, under the supervision of the agriculture teacher who is always the local chapter advisor. The state unit includes all chapters in the state, under the Superintendent of Public Instruction. The program includes the improvement of agriculture leading ultimately to ownership of the farms and the development of good rural citizenship. Participation in fairs and livestock shows is recognized as having educational value as well as stimulation for better results and fine projects, under supervision of the qualified Chapter Advisor and with the cooperation of the Fair's management.

Sale Limitations:

1. Only (1) animal per exhibitor will go through the sale. A second animal can either be turned or taken home by exhibitor. Second animal(s) (goat, lamb, swine, and beef) going home must be identified with a tag **at weigh-in**.
2. Goats, lambs, and swine will be tagged by color as follows:

3. The grand champion and reserve grand champion of each species shall be sold through the sale ring regardless of weigh-in tagged destination.
 - In the event of an exhibitor showing (2) animals regardless of species, and both placing either grand champion or reserve grand champion, by Thursday at 9pm the exhibitor will declare to the PEJMSSA Executive Committee which champion animal will be sold with the full proceeds going to the Exhibitor and the other champion animal will be sold with the proceeds above the turn price going to the livestock barn of their choice. Those dollars are to be held and dispersed by the Junior Market Stock Sale Executive Committee. The Exhibitor will receive the turn rate on the second (donated) champion animal.
4. FFA grand champions will sell first on odd numbered years; 4-H grand champions will sell first on even numbered years.

Tranquilizers of any kind – natural or otherwise – are prohibited in market animals before or during the fair. Samples may be collected from animals for testing purposes. Any animal or carcass that shows evidence of having medication, treatment or dosing following the weigh-in cut-off for withdrawal will be retained by orders of the State or Federal meat inspector. If any detectable amounts of antibiotics or other treatments/drugs are found, the entire carcass will be condemned and the exhibitor will not receive payment for the animal. This would also apply to carcasses condemned because of disease.

9. To participate in the Palouse Empire Junior Market Stock Sale, or turn an animal to the packer, Exhibitors must complete either a Whitman County Quality Assurance Program or the national YQCA Program prior to August 1st. If participating in a Whitman County QA training, the trainer will provide a list of participants with sign-in signatures and date of training to the PEF Fair Manager by August 1. These lists will be cross-checked with the instructors listed on Exhibitor registration. If participating in an online YQCA training, Exhibitors must provide a copy of the completion certificate to the PEF at the time of weigh-in. Any discrepancies with registration and YQCA certification could result in disqualification from the PEJMSSA Stock Sale as well as PEF.
10. To participate in the PEJMSSA or to turn an animal to the packer, all Exhibitors must give their completed Producer Affidavit & Market Animal Health Record to their barn Superintendent at weigh-in. Animals will not be weighed until the completed Health Record is produced. Health record forms are available in the WSU/Whitman County Extension Office or accessed from the web website <http://extension.wsu.edu/Whitman/youth/>. Failure to comply with providing an accurate and complete Affidavit/Health Record form will prohibit the youth exhibitor from participating in the Palouse Empire Fair Junior Market Stock Sale or turning an animal to the packer.
11. Animals must receive blue or red ribbons to go through the sale. No white ribbon animals will be allowed to sell and the animal will

remain the responsibility of the owner.

12. No animal that has been exhibited and sold through another junior market stock sale is eligible to show and sell at the Palouse Empire Fair Junior Market Stock Sale.
13. Floor price on turn steers will be exact amount paid by the packer based on quality yield grade of the individual animal. Any docks on carcass price by packer will be passed on to seller.

Livestock Health Regulations – for both PEJMSSA and PEF animal entries:

Fair Veterinarian: Dr. Randy McGraw

- The official Fair Veterinarian will give clinical inspections of all livestock and poultry at the time the Exhibits are presented for entry at the Fair. There will be no charge to the Exhibitor for this inspection.

WSDA Minimum Animal Health Requirements for County, District, and State Fairs

1. Each fair must have an official Fair Veterinarian in attendance.
2. Individual health certificates on Washington animals are not required for entry. The Fair Veterinarian shall issue a blanket health certificate covering all in-state entries to the fair.
3. No animal from a quarantined area or premise will be permitted to enter the fair or show.
4. All out-of-state animal entries must comply with State of Washington regulations or receive an exemption from the State Veterinarian for exhibition at the fair only.
5. All out-of-state horses must have a negative Coggins test (EIA) within six (6) months except for horses from Oregon.
6. Fair veterinarians will inspect all classes of livestock, poultry, horses, pet animals, rabbits, fur-bearing animals, pigeons, ducks, geese, and turkeys before they are exhibited, to determine that the animals show no clinical indications of contagious, infectious disease and ectoparasite.
7. Fair veterinarians must reject any animal with infectious or contagious diseases or ectoparasite. Exhibitors should be aware that ringworm, warts, pinkeye, strangles, contagious ecthyma, scabies, lice, mites, ticks and fleas fall into these categories.
8. Those animals exhibiting disease symptoms

Palouse Empire Junior Market Stock Sale Association

during the course of the fair shall also be rejected by the Fair Veterinarian and removed from the exhibit area.

9. It is strongly recommended, but not required, that cattle be vaccinated in the current show year against respiratory diseases.
10. The Fair Veterinarian's professional decision as to the health status of an animal is final and shall be upheld by the fair board.
11. All exhibitors residing out of the state of Washington must have a Health certificate for each animal, and must comply with Washington State and Interstate Health Regulations that are in effect at the time of the Palouse Empire Fair.
12. Intact male animals are not eligible to be shown in Market or Fitting and Showing classes. If one is entered, that animal will be rejected from the fair. Intact male animals in breeding classes must follow the rules for that department. See sheep department for exception to this policy.

Buy an animal for your freezer:

- You may bid on an animal of your choice at the sale or have someone else bid on it for you. Volunteers are available – contact anyone on the Stock Sale Committee for details. Custom slaughtering services are available to take delivery of the animal at the sale for you. You will be responsible for the cost of processing the animal in addition to the auction bid.

Buy an animal and turn it to the packer:

- Many people want to support youth livestock producers but may not need the meat. You

can still bid on an animal above the floor price (determined in advance) of the packer. If you are the successful bidder, you turn the animal to the packer and simply pay the difference between the floor price and your bid. If you are having someone bid for you, ask the sale floor price and the approximate weight of the animal you are interested in. Since the cost of production is often close to or about the floor price, this personal contribution is a wonderful way of rewarding the hundreds of hours of work and preparation these young livestock producers have invested in their projects.

Changes:

- Any changes to the sale slips that are signed at time of sale must be made by **8:00 pm on sale day**. These changes must be made in the Stock Sale Office and approved by the Stock Sale Treasurer.

How to give extra support:

- If you aren't prepared to purchase an animal, but would still like to support one or more of the youth livestock producers who go through the sale, add-on support will be accepted online as well as in the Stock Sale Office at the fairgrounds during the 4-days of the fair. Add-on support **after** the fair will remain open only via the online site through 5:00 pm on 9/20/2024. More information about the online add-on support will be available from the Palouse Empire Junior Market Stock Sale Association.

 - Res. Champion Beef Carcass Buckle
 - Joe Palumbo Memorial Trophy
 - Joe Palumbo Traveling Trophy will be awarded to the grand champion carcass exhibitor and is to be kept for one year.
 - Rules:
 - Steer exhibitors whose carcasses receive grid prices better than the base price will receive awards. The top three carcasses will receive additional recognition. General: To be eligible, a steer must be harvested at either at Washington Beef (or the facility where turned cattle are being sent) or

Beef

Washington State University (unless special arrangements have been previously approved) and have been shown in the market steer class.

- Objectives: To identify steers that produce desirable high yield and high-quality carcasses. To identify variations in the characteristics that affect differences in carcass value.
- Requirements:
 - Minimum of 550 lbs. warm carcass weight.
 - Minimum of select quality grade.
 - Base grid price will be calculated on a yield grade 3, low choice carcass, utilizing the market prices at the time of the market sale. Cattle valued at or above the base price will receive a blue ribbon. Carcasses qualifying for Carcass of Merit Awards will be indexed as follows:
 - Dressing percent (yield of semi-boneless retail cuts) will be determined from the live and hot carcass weights.
 - A USDA grader will determine yield and quality grades by measuring the ribeye area, fat thickness over the ribeye and the kidney, pelvic and heart fat. If both halves of the carcass are evaluated independently, the results from the best half will be used. A yield grade will be calculated to the nearest tenth of a grade. A yield grade of 3.0 is equivalent to a 60% yield of semi-boneless, closely trimmed retail cuts. If the yield grade of a steer changes by +/- 0.1 (from (3.0), then 0.3% is added or subtracted from the base of 60%.
 - Quality grades will be based in terms of thirds of USDA grades or marbling scores.
 - Index discounts will be imposed for carcasses with hot carcass weights over 1050 pounds.
 - Steers will be ranked based on the price per hundred weight of the index. In the event that steers have the same index price per hundred weight, the steer with the highest quality grade wins; if quality grade for both steers is the same, then the steer with the lowest yield grade breaks the tie and wins.

- Lamb Tail Docking: Scientific research indicates that the incidence of rectal prolapse is reduced when the tail is docked in a non-extreme manner. Complete tail removal (extreme docking) is not an accepted sheep production practice and will be discouraged at the Palouse Empire Fair. In order to determine extreme docking, the gray tail docking measuring device will be used. The device will be raised in vertical plane and should catch enough tail to lift: this is comparable to two fingers width. A violation has occurred if there is inadequate tail to lift.
- Lambs are not allowed out of the barn during the Fair with the exception of showing in the arena, prep work on the stands between Sheep and Swine Barns, and removal of lamb to exhibitor's home. Removal is only allowed with Superintendent's permission and knowledge.
- All exhibits are to be on the grounds by 7:00 p.m. Wednesday. The Fair Association will furnish bedding. Each exhibitor is encouraged not to waste bedding material. Exhibitors will furnish their own feed and feed boxes. A trim stand area is available for exhibitors.
