a. Entry Numbers: Each entry will be assigned a number. In some divisions exhibitors will receive corresponding cards with numbers which must be displayed by exhibitors during judging.

b. Requirement to Show: Animals properly entered in a show class and passed on by the sifting committee as eligible for competition must be brought into the show ring for competition. Exhibitors who refuse, without Show approval, to lead their animals for parade or for competition in the show ring will forfeit

any and all prizes previously won. Also, by refusing, the exhibitor may be barred from further participation in the Show and may be required to remove their stock from Show grounds immediately.

c. Arena Promptness: Exhibitors are responsible for knowing the times at which their projects will be judged. Judging will not be delayed for animals entering the arena late. Any exhibit not presented promptly will be ruled ineligible and barred from competing in the class.

d. Judging Contests: If and when an exhibitor is called upon to furnish one or more animals for the students judging contest, he or she will cooperate with the Show. Refusing to allow an animal to be used in this manner, without Show approval, could result in the forfeit of any prizes or such other action as the Show deems necessary. Selection of animals will be made under the direction of the department superintendent.

21. Disqualification: Should any animal, project, contestant, or team awarded a prize be disqualified, the lower placing animal, project, contestant or team will not move into the higher position, with exception to market show animals disqualified in a champion drive for weigh out on return to the show ring. Review market show specific rules for more information.

22. Animal/Exhibitor Disqualification: To support fair competition, to provide a level playing field and to protect the safety of food, the showing of unethically fitted livestock, livestock of any ineligible age for exhibition in the class entered, and/or animals being administered unapproved drugs is strictly prohibited. Additionally, any animal that has been administered a drug that is FDA approved for its species is subject to disqualification if that animal test positive for that drug upon arrival at the San Angelo Fairgrounds. All animals must remain free and clear of all drug and chemical residues while on show grounds. How or under what circumstances the animal came to ingest the drug is not relevant to any consideration.

22a. Unethical Fitting: Unethical fitting is defined as any attempt to alter an animal's performance or alter the natural contour, confirmation, or appearance of the animal's body, hide, hair, or feet by any unnatural means.

Examples of unethical fitting include, but are not limited to:

- Treating or massaging any part of the animal's body, internally or externally, with an irritant, counterirritant, or other substance to temporarily improve conformation.
- Surgical alterations, excluding the removal of warts or horns
- Use of Injections
- Striking the animal to cause swelling in a depressed area
- Use of electrical contrivances
- Feeding of material not conducive to the health of the animal, safety of food or marketability of its carcass
- Blocking of nerves to prevent limping or switching of the tail
- The use of diuretics
- The use of alcoholic or carbonated beverages in the feed or administered as a drench
- Artificially filling animals by stomach pumping or airing injections
- Alternative treatments including but not limited to: Acupuncture, Chiropractic Services, Massage Therapy, Therapeutic Laser, Magna Wave
- Therapeutic practices- the practice or use of any therapeutic application including, but not limited to animal chiropractic services, acupuncture or electrical massage stimulation on show grounds is prohibited.

22b. Over Age Animals: Any animal over the age requirement set forth by rules specific to that division will be disqualified.

22c. Unapproved Drug Use: The showing of any animal that has been administered during its life any quantity of any unapproved drug, chemical or medication is strictly prohibited. Such drugs include, but are not limited to, any diuretic, any unapproved growth stimulant or other unapproved medication. Unapproved means

not approved by the Food and Drug Administration (FDA) and/or the U.S. Department of Agriculture (USDA) for slaughter animals including those which may be destined for human consumption.

22d. Approved Drug Use: If an animal has been administered a drug that is FDA approved for its species, sufficient time must have passed so that the animal does not test positive for that drug upon arrival to the Grounds. **Animals must remain free and clear of all drug and chemical residues while on show grounds.** Please note that elimination time (the time it takes for no drug residue to be found in the system) is typically longer than the labeled withdrawal time for most approved drugs.

22e. Animal Inspection & Testing: As condition for participation in the show, every exhibitor must agree to submit any animal entered by the exhibitor for inspection at any time. Exhibitors agree to have such animal submitted to any test requested by Show Management at any time. The exhibitor also agrees that the opinion reached by Show Management or its officials as to whether such animal is unethically fitted or over age shall be final and binding without recourse against the Show or any of its officers. Further, Show Management specifically reserves the right to have ultrasound, D.N.A., tissue, blood and/or urine laboratory analysis made on any animal entered for competition. The conclusions reached by the laboratory and/or veterinarian shall be final and binding without recourse against Show Management or any of its officers. An exhibitor, and members of the exhibitors family, of an animal that is found to be unethically fitted, over age, and/or testing positive for any drug or medication or unapproved chemical may forfeit premium and prize monies and all rights and privileges to exhibit livestock in the future at the Show. Any monies forfeited will be distributed back into the scholarship fund of the San Angelo Stock Show & Rodeo Association Foundation.

22f. Unruly Animals: Show Management, Livestock Committee Leadership, and/or Ring Stewards may remove an unruly animal from the show at any time, if they see fit. There will be no appeal. Cattle must be shown with a halter and sufficiently tame enough to be properly handled by the exhibitor as entered. If the animal exhibited poses a danger to the exhibitor and/or other parties, Show Management reserve the right to remove the project from competition. Depending on the case, projects may be instructed to be removed from the grounds by Show Management. Substitute exhibitors will not be allowed for unruly animals.

22g. No adherence to Rules: Any person found guilty of misrepresentation or not abiding by the Show rules will be disqualified and denied the privilege of showing in the San Angelo Stock Show and Rodeo.

22h. Medication Received Prior to Show: Animals under the care of a licensed veterinarian and/or taking any type of performance enhancing medication to include but not limited to, steroids, diuretics, anti-inflammatories, tranquilizers and pain killers are ineligible for competition. In instances where an animal has been administered a drug that is FDA approved for its species, the exhibitor must be aware that the time it takes for all drug residue to completely clear the system **is generally longer than the labeled withdrawal time** for most drugs. SASSRA maintains a ZERO TOLERANCE POLICY for unethically fitted livestock. Adequate time must have passed so that the animal does not test positive for drug upon arrival. Once the animals arrive on the SASSRA grounds, they must remain free and clear of all drug and chemical residues.

22i. Emergency Treatment: If an animal requires emergency treatment while on Show grounds, only a licensed veterinarian will be allowed to administer any drug, chemical or feed additive. An exhibitor may choose a licensed veterinarian other than the official Show veterinarian, but the official Show veterinarian **MUST** be notified in advance and he/she **MUST** be present. Animals which are administered treatments with a withdrawal or extended elimination time period will be disqualified from competition. Furthermore, the Official Show Veterinarian, in agreement with Show Management, reserve the right to treat any animal if, in the opinion of the Official Show Veterinarian, it is in the best interest of the animal's health and well-being to be treated. If the Official Show Veterinarian administers treatment to an animal, and therefore uses any medication that does not meet the appropriate withdrawal and or elimination time, the animal will be determined ineligible to show for competition.

22j. Treatment Cost: All treatment costs are the responsibility of the exhibitor.

22k. Consequences: In the event any animal is declared by the veterinarian or testing agency to be unethically fitted, test positive for the presence of prohibited drugs or other substances, or disqualified for any reason, the SASSRA President will appoint an Ethics Committee to evaluate the findings. In the event the Ethics Committee convenes, the committee shall make a determination whether the exhibitor shall be permanently barred or barred for a specific period, from further participation in the San Angelo Stock Show and Rodeo.

22I. Probation: An exhibitor may be placed on a probationary status if results of drug tests are inconclusive, confirmation of a primary test cannot be granted, or another situation questioning the ethical fitting of livestock arises. The probation grants the right for the San Angelo Stock Show and Rodeo to collect ultrasound, D.N.A., blood, tissue and/or urine samples for laboratory analysis on any animal entered by an exhibitor on probation at the exhibitor's expense. An exhibitor may remain on probation for any amount of time and may be released from probation only by the Board of Directors upon recommendation from the Ethics Committee.

The San Angelo Stock Show and Rodeo will in no way be liable or responsible for the condition of the carcasses or the sale price of the animal. ANIMAL HEALTH REGULATIONS

San Angelo Stock Show officials are allowed to impose animal health requirements that are more restrictive than those imposed by the Texas Animal Health Commission (TAHC). Specific TAHC regulations will supersede the Show requirements if there is a dispute between the two in which the Show rules are less restrictive than TAHC regulations. The show considers itself an interstate (accepting entries of livestock from within Texas and from other states) show for livestock entries. Exhibitors with livestock originating outside the State of Texas are encouraged to contact their state Animal Health officials to confirm specific requirements, if any, their state may impose on animals returning from a Texas show. All swine shows are intrastate (accepting entries from within the state of Texas only) for entries.

Interstate Event: The TAHC considers shows, fairs, rodeos, events or exhibitions to be interstate if they permit livestock from other states to enter for show or exhibition and be held or exhibited in common facilities with Texas origin livestock of the same species.

Intrastate Show: The TAHC considers shows, fairs, rodeos, events or exhibitions to be intrastate if they ONLY allow Texas animals to enter or if they require Texas livestock of the same species to be housed and exhibited separately from livestock from out of state.

Certificate of Veterinary Inspection (CVI): CVIs are commonly referred to as “health certificates”. This document indicates that an accredited veterinarian inspected, tested or immunized the animals in question as required by the TAHC.

- Cattle, sheep, goats, equine, swine, exotic livestock and ratites coming into the state or entered in an interstate show must be accompanied by a CVI.

The certificate must indicate that the accredited veterinarian found the animals or fowl to be free of symptoms or evidence of communicable disease and that all tests, immunizations, or treatments required by the Commission were completed. For certain diseases, a specific statement may be required indicating disease free status. The certificate is required to accompany animals and fowl entering the State of Texas as stated in the following summary of entry requirements. The certificate is valid for 30 days for all species.

PRIOR ENTRY PERMITS: Entry permits are required as noted in the following summary of entry requirements. Permits may be obtained by calling 512-719-0777(24 hours), or 1/800-550-8242 or by writing the Texas Animal Health Commission, 2105 Kramer Lane, P.O. Box 12966, Austin, Texas 78711-2966.

ROUTINE INSPECTION PROCEDURES

1. Representatives of the Show should meet all incoming livestock vehicles at entry gate to Show Grounds.
2. At this point, all required documents will be inspected as well as a visual inspection of the shipment.
3. If shipment meets all requirements, the driver will then be allowed on grounds.
4. If the shipment does NOT meet the requirements, they will be asked to pull from the flow of traffic. Show Officials will then take necessary steps to correct the issue or dismiss the animals from premises. However at NO time will these animals be allowed on grounds to co-mingle with others.

Judge: Brent Murphy - Houstonia, MO

1. All rules apply to the Junior Steer Show. Please refer to the General Rules and Junior Show Rules.

2. To be eligible to exhibit in the 2024 Steer Show, all steers must be validated in the Texas 4-H and FFA Steer Validation Program. Each entry must have been recorded on a 4-H or FFA Steer Validation Form Master List between June 1 and June 30. Exhibitors must have owned and cared for their steers continuously since June 30, 2024.

A hair follicle sample will be collected from all breed champions and all reserve breed champions and DNA analysis will be conducted on each of these hair follicle samples. The Steer Committee may also collect a hair follicle sample from any other steer entry from the purpose of conducting a DNA analysis. Any steer not having a positive match from the DNA analysis of this hair follicle sample, compared to the DNA analysis of the hair follicle sample taken from the steer at the time of enrollment in the validation program will be disqualified.

Steers arriving at the show and show ring without an official Texas Validation Steer Tag or not having been tattooed by the official steer validation committee are ineligible. Steers must be validated in the Texas 4-H and FFA Steer Validation Program. The official State Validation tags will be the show tag. Separate tags will not be issued.

3. Previous exhibitors of the Grand Champion Steer are not eligible to enter the Junior Steer Show.

4. Each exhibitor will be permitted to enter no more than two (2) steers.

5. Steers will be stalled in the Housley Communications Cattle Barn located North-East of the Coliseum. Enter Gate 6 off of 50th Street/Lake View Heroes Drive. Stalling assignments will be made upon arrival.

6. Official disposition forms must be picked up in the staging area at the time of check in. All steers are required to be presented for classification. The steer may be led through by the exhibitor or an approved substitute exhibitor only. Each breed will be called to report to the 1st Community Credit Union Spur Arena.

Exhibitors will need to present their disposition (weight) card with the validation number and show weight completed at the time of classification. Hair length will be checked at this time, as well as other show requirements such as horns and tags in addition to validation tags.

2025 SAN ANGELO STOCK SHOW & RODEO

Classifiers will then determine if the animal meets breed standards. If the animal does not, they will determine which breed the animal should show in at that point, instead of the animal being presented multiple times. Show management or committee representatives will take the disposition (weight) card and mark the breed determined. At that point, check-in will be complete. There will be no kiosk system for the market steer show.

Superintendents will break classes immediately following classification.

7. Steers must weigh a minimum of 1000 pounds. Any steer weighing under 1000 pounds will be sifted.

8. The Steer Show Superintendent will have the right to weigh any animal in the barn at any time. Any animal not weighing within 5% of the weight turned in will be sifted and assessed a \$10.00 cwt. penalty. Any re-weighed steer weighing less than 1000 pounds will be sifted.

9. Steers will be presented for re-weighing during judging in the show arena at a time designated by the Superintendent. Any steer leaving the show ring and later returning for additional judging may be re-weighed. Any steer weighing more than 5% above his initial official show weight will become ineligible for any award or the premium sale. Steers coming back for the grand drive may be reweighed before the start of the grand drive, by superintendents. Any steer not within 5 percent of his initial official show weight will become ineligible to compete, however will still be eligible to sell in the premium sale as a breed champion. If a breed champion steer weighs out, the reserve breed champion within the same breed will be able to compete for grand. No other animals will be allowed to advance placing.

10. Steers will be shown in four breed classifications. These four breed classifications are: British Breeds, American Breeds & Crosses, Black European Breeds & Crosses, and Other European Breeds & Crosses. Hereford, Polled Hereford, Angus, Red Angus and Shorthorn will be classified as British breeds. Steers that exhibit visibly obvious characteristics of *Bos indicus* genetics that support the commercial industry will be classified as American Breeds & Crosses. Steers not classified as British Breeds or American Breeds & Crosses will be classified as European Breeds & Crosses (Black or Other).

1. All rules apply to the Junior Barrow Show. Please refer to the General Rules and Junior Show Rules.
2. To be eligible to exhibit in the 2025 Barrow Show, all barrows must be validated in the Texas 4-H and FFA Swine Validation Program. Each entry must have been recorded on a 4-H or FFA Swine Validation Form Master List between November 1 and November 30. Exhibitors must have owned and cared for their barrows continuously since November 30, 2024.

A hair follicle sample will be collected from all breed champions and all reserve breed champions and a DNA analysis will be conducted on each of these samples. The Barrow Show Committee may also collect a hair sample from any other barrow entry for the purpose of conducting a DNA analysis. Any barrow not having a positive match from the DNA analysis of this hair follicle sample, compared to the DNA analysis of the hair follicle sample taken at the time of enrollment in the validation program, will be disqualified.

Validation tags will be used for identification and must be present in the animal's ear at time of check-in. Any animal missing their validation tag at time of show will be disqualified. Separate tags will not be issued for show.

3. Previous exhibitors of the Grand Champion Barrow are not eligible to enter the Junior Barrow Show.
4. Each exhibitor will be permitted to enter no more than two (2) barrows.
5. Barrows will be stalled in the Gandy Ink Livestock Barn. To enter the grounds for livestock unloading and loading, all trailers will enter the fairgrounds on the North side at Gate 5 off Grape Creek Road. There will be two lots indicated for trailer staging. At the direction of officials, trailers will be allowed to back up to the West Side of the Livestock Barn for unloading. Once unloaded, vehicles will exit Gate 2, circle back towards Gate 6 off Lake View Heroes Drive to proceed toward the trailer lot.

6. Pen assignments will be made upon arrival. **PLEASE BRING PEN DIVIDERS AS THEY WILL LIKELY BE NEEDED.**

7. Official disposition forms must be picked up from the staging area when getting pen assignments at the time of check in. Exhibitors will be required to turn in official disposition cards (Herein after referred to as weight cards) after the completion of the Self-Check-In process at the kiosks located in the Sale Pavilion.

To check in, Exhibitors will scan the independent barcode located on the weight card. Exhibitors will be prompted by the kiosk to enter all information from the weight cards, such as breed, weight, etc. The Self-Check-In process is subject to change. All four weight cards must be filled out in addition to the information entered in the kiosk. The information entered into the kiosk at Self-Check-In must match the weight cards and will prevail in the instance of a discrepancy. All information must be entered into the kiosk and weight cards turned into show personnel by 4:00 pm on the day of check-in.

After completing the Self-Check-In, the kiosk will generate a confirmation receipt. It is the responsibility of the Exhibitor to ensure that all information on the receipt is correct. Exhibitors must submit the weight cards in its entirety to show personnel, who will then give the exhibitor a portion back that will be required for placement on the truck. It is recommended that exhibitors keep confirmation receipts from the kiosk throughout the duration of the show.

Superintendents will break classes immediately following the weight card & Self-Check-In deadline.

8. Barrows weighing less than 250 pounds or more than 290 pounds will be sifted. There will be a 10 pound weigh back on both the top and bottom of the weight submitted.

9. The Barrow Show Superintendent will have the right to weigh any animal in the barn at any time. Any animal not weighing within 10 pounds of the weight turned in will be sifted and sold based on their actual weight and not the weight in which was turned in on their disposition card. There will be a \$20.00 penalty charge taken from the exhibitor's floor check.

10. Barrows will be designated for re-weighing during judging in the show arena at a time designated by the Superintendent. Any barrow leaving the show ring and later returning for additional judging will be re-weighed. Any barrow not weighing within 10 pounds of his initial official show weight will become ineligible for any award or the premium sale.

Barrows coming back for the grand drive may be reweighed before the start of the grand drive, by superintendents. **Any barrow in the grand drive not weighing within 15 pounds of his initial official show weight will become ineligible to compete.** Barrows weighing out in the grand drive will still sell in the premium sale as a breed champion. If a champion barrow weighs out and is disqualified, the reserve champion within the same breed division will be able to compete for grand champion.

11. There will be no clipping of barrows after arrival. Only water may be applied to the animal, no artificial color, paste, powder, oil or other dressing is allowed. **Any animal found to have any product other than water applied will be disqualified. Judge: Shannon Scotten - Nevada, MO

SASSRA appreciates and applauds the TGBA for \$60,000 in premiums to the Market Goat show annually.

1. All rules apply to the Junior Market Goat Show. Please refer to the General Rules and Junior Show Rules.
2. To be eligible to exhibit in the 2025 Junior Market Goat Show, a goat must be validated in the Texas 4-H and FFA Market Goat Validation Program. Each entry must have been recorded on a Goat Validation Form between October 1 and October 31. Exhibitors must have owned and cared for the goats continuously since October 31, 2024.

Hair follicle samples will be collected from the first place market goat in each class. Should the Reserve Grand Champion market goat come out of the same class as the Grand Champion Market Goat, then the second place class winner will also have hair follicle samples collected. The Market Goat Committee may also collect hair follicle samples from any other market goat entry for the purpose of conducting a DNA analysis. Any market goat not having a positive match from the DNA analysis of this hair follicle sample, compared to the DNA analysis of the hair follicle sample taken from it at the time of enrollment in the validation program, will be disqualified.

Texas validation tags will be used. A separate tag will not be issued.

3. To be eligible to exhibit in the 2025 Junior Market Goat Show, a goat must be bred by a member of the Texas Goat Breeder's Association, and have an official TGBA tag belonging to the breeder of the goat in its ear at check-in. Tags are to be obtained from the breeder of the goat. TGBA tags must be present in the ear of the animal at the time of validation through the Texas 4-H and FFA Goat Validation Program and must be recorded correctly on official validation paperwork. The TGBA tag must be present in the goat's ear at time of show check-in. **GOATS WITHOUT A TGBA TAG WILL GO STRAIGHT TO THE TRUCK!**

4. Previous exhibitors of the Grand Champion Market Goat are ineligible to enter the Junior Market Goat Show.

5. Each exhibitor is entitled to enter no more than two (2) market goats.

6. Goats will be allowed to arrive from 12:00 p.m. (Noon) until 5:00 p.m., Saturday, February 1, 2025. All animals in line after 5:00 p.m., Saturday will be allowed to unload Sunday starting at 8:00 a.m. All trailers

must be on the grounds before 1:00 p.m. on Sunday, February 2, 2024. Weight cards must be turned in by 4:00 p.m. Sunday.

7. Goats will be stalled in the Gandy Ink Livestock Barn. To enter the grounds for livestock unloading and loading, all trailers will enter the fairgrounds on the west side at Gate 5 off of Grape Creek Road. At the direction of officials, trailers will be allowed to back up to the West Side of the Gandy Ink Livestock Barn for unloading. Once unloaded, vehicles will exit Gate 2, circle back towards Gate 6 off Lake View Heroes Drive to proceed toward the trailer lot.

8. Only one tack vehicle will be allowed per trailer to unload at the barn.

9. Official disposition forms must be picked from Show Management. Exhibitors will be required to turn in official disposition cards (Herein after referred to as weight cards) after the completion of the Self-Check-In process using the QR code system located on your disposition cards and around the show barn.

To check in, Exhibitors will scan the independent QR code located on the weight card. Exhibitors will be prompted by the QR code system to enter all information from the weight cards, such as breed, weight, etc. The Self-Check-In process is subject to change. All four weight cards must be filled out in addition to the information entered via the QR code. The information entered via the QR code at Self-Check-In must match the weight cards and will prevail in the instance of a discrepancy. All information must be entered into the QR code system and weight cards turned into show personnel by 4:00 pm on the day of check-in.

After completing the Self-Check-In, the QR code system will generate a confirmation email. It is the responsibility of the Exhibitor to ensure that all information in the email is correct. Exhibitors must submit the weight cards in their entirety to show personnel, who will then give the exhibitor a portion back that will be required for placement on the truck. It is recommended that exhibitors keep confirmation receipts from the QR code system throughout the duration of the show.

Superintendents will break classes immediately following the weight card & Self-Check-In deadline. Classes will be broken into 10 weight classes. There will be no pre-set weight breaks.

10. Market goats must weigh a minimum of 60 pounds and maximum of 120 pounds. Only wethers may be shown.

11. The Goat Show Superintendent has the right to weigh any entry at any time. Goats will be designated for re-weighing during the judging. Any entry weighing more or less than 4 pounds above or below the initial official show weight will become ineligible for any award or premium sale and may be assessed a \$10.00/cwt. penalty. Goats coming back for the grand drive may be reweighed before the start of the grand drive, by superintendents. Any goat not within 4 pounds of his initial official show weight will become ineligible to compete, however will still sell in the premium sale as a division champion. ANGUS

Judge: Carter Ward

1. All animals to be eligible to show must be recorded in the American Angus Association Record. Exhibitors must file with the Stock Show Office the name and herd book of each animal entered.
2. Only Black Angus are allowed in this show.
3. When any female is shown with a calf at side, the calf must be the cow's most recent natural calf, and the calf must be registered by show date and have the original registration certificate at check in.
4. Any product administered internally or used externally to alter the conformation and/or appearance of an animal for exhibition is prohibited. This includes the covering of white skin, false tail heads (or use of any false hair); use of graphite, powders, hemp or other similar substances. Exhibition of cattle displaying false hair will not be allowed, with the exception of false tail switches.
5. DNA marker or blood type for parentage verification – Under Association Rules, each animal for which entry application (registration) is received, may be subjected to a DNA marker type or blood type test to verify ACCURACY OF PARENTAGE as covered under Association Rules. Staff of the American Angus Association must supervise the collection of DNA or blood samples. Animals are often sampled at shows, fairs, or events where the American Angus Association contributes premiums or where Association personnel participate.
6. If a recorded parent is excluded (as a parent) as a result of DNA or blood type, the owner may request, at his own expense, the Association to determine the actual parent. Failure to determine the sire and dam disqualifies the animal's eligibility in the Angus Herd Book and the registration certificate becomes null and void.

1. Approximately 75 top animals selected from 2025 Junior Stars Gilt Show will be sold. An exhibitor will not be limited to the number of gilts that may enter the show or qualify for the sale.
2. All pedigreed animals will be required to have their original registration certificates from the appropriate breed registry. Animals must be registered in the herd book of their association in the name of the junior owner on or before December 1, the year preceding the show.
3. Please review Animal Health Regulations for the 2025 Stock Show for complete requirements for all gilts exhibited in the 2025 Show. These requirements should cover all main health regulations of a gilt purchased and taken to another state, however, it is the purchaser's responsibility to understand all requirements for entrance to their state and meet any additional requirements that may not be covered.

2025 ANIMAL HEALTH REGULATIONS

BREEDING GILTS

1. All certificates must be issued on or after **January 11, 2025**, with the following information:

Vaccination date must appear on the health certificate.
 - B. A statement must appear that says the animal has not been fed garbage, has not been exposed to hog cholera or pseudorabies, does not originate from a quarantined herd, nor has the herd of origin had PRV within the last six months, nor have the entries themselves been vaccinated for PRV.
 - C. Gilt identification must be included on health certificate in form of validation number and ear notches.
 - D. ALL gilts must have tested negative for **Brucellosis and Pseudorabies**. Blood test must have been conducted within 30 days prior to change of ownership (On or after January 11,

2025). Results should be listed on health certificate.

All health certificates left in possession of show management at the conclusion of all Gilt Shows will be disposed of. Exhibitors must pick up health certificate in Livestock Office before leaving the fairgrounds.

4. The Junior Stars Gilt Sale is open to all buyers and buyer registration will begin at 5:00 p.m. in the Sale Pavilion. All animals must be paid for in full before released to the buyer. There will be a \$50.00 service charge on all returned checks. Payment may be made by cash, check or credit card.
5. The San Angelo Stock Show & Rodeo Association will charge a 15% sales. Animals may be bought back in the sale by the exhibitor; however, the 15% sales commission will still be applied to the sale price.
6. The seller will be responsible for expenses incurred to change ownership of registered gilts. Fees associated with ownership changes will be deducted from the seller's check after commission is taken out.
7. The sale will begin with the Supreme Champion Gilt, followed by the Reserve Supreme Champion Gilt, followed by the remaining of the top five overall gilts, then the sale order will be determined the by the sale committee chairmen and judge(s).
8. Sale order will be selected immediately following the selection of the Supreme and Reserve Supreme Champion Gilt.
9. Sale checks will not be awarded to exhibitors until all DNA results are verified. In the event that the results prove that the animal does not meet the DNA requirements for purebred gilts the buyer will be notified as to the pedigree status and will be offered the option of refusal. If the buyer refuses the gilt, the Show will promptly refund the purchase price minus the commission. The exhibitor will be notified and must make arrangements to secure the gilt, it will be the responsibility of the exhibitor to refund the commission cost to the buyer.
10. There must be someone present to care for the animal as well as walk the animal through the show ring.

It is suggested that all junior exhibitors subscribe to the National Swine Registry Code of Fair Practices. These may be found on the NSR website, nationalswine.com, in the Policies Section.

*****Please be familiar with Rule #4 in the Texas 4-H/FFA Livestock Program Ethics Policy:
"Animals validated for major shows may also be exhibited at other shows. Be advised, however, that if any validated animal is exhibited and SOLD at any other show, the animal will be ineligible to show at any subsequent major show. If ownership changes, regardless of method or length of time, that chain of animal ownership is considered broken."*****

4. There will be a five (5) minute time limit to catch a calf and lead it across the finish line. If after five minutes calves remain, one (1) minute will be allowed to catch and halter a calf. 2025 SAN ANGELO STOCK SHOW & RODEO

6. Ten (10) calves will be turned into the arena the first 4 go-rounds, with 8 in the Scholarship Scramble. Contestants and calves will be placed in the arena as determined by management.
7. Contestants will carry into the arena a halter with attached ten foot rope. Neither the halter nor the rope will be used as a lariat. The halter must be placed on the animal in the usual way. The halter and rope will be supplied by the San Angelo Stock Show. No shoes with spikes, cleats or knobs on soles can be worn.
8. Contestants will not be allowed to work as a “team”. Each contestant will attempt to catch and lead one of the calves. Each contestant catching a calf will be required to lead that calf across the finish line without aid. **The contestant and the calf must both cross the finish line to complete the catch.** The contestant will not be permitted to fasten the rope to himself/herself in any manner after catching the calf to aid in leading the calf over the finish line. If two or more contestants catch the same calf, they will be ordered by the referee to release the calf.
9. If a contestant has hold of a calf, no other contestant will be allowed to touch the calf unless and until it breaks away. If a calf is caught by the tail, the contestant catching the calf shall be allowed a reasonable amount of time to place the halter; however, at the direction of the referee, the contestant will let the calf go.
10. Poor sportsmanship and any undue roughness will automatically disqualify the contestant and will not be tolerated by the referee. This scramble will be refereed by a group of not less than four (4) referees.
11. Each contestant must submit an entry form and Minor’s Release to the Stock Show Association through his/her County Extension Agent or Ag Science Teacher. After all releases have been checked and accepted by the Stock Show, each contestant will be notified of his/her acceptance as a contestant and the date and time he/she is to participate.
12. The Interscholastic League State Executive Committee, in cooperation with the State Board of Vocational Education has formulated a plan permitting calf scrambles and still protecting a contestant’s amateur standing. This is done by placing the matter under the supervision of the Vocational Agricultural Department of the school and 4-H Club supervisors, and prohibiting the participants from receiving anything of cash value for winning the athletic part of the program.
