South Texas State Fair
Livestock Project Record-Keeping Form

Type of Project: _____ **Year:** _____

Name: _____ **County:** _____

Address: _____ **Zip Code:** _____

Phone: _____ **Birthday:** _____ **Current Age:** _____

Name of 4-H Club or Chapter: _____

Project Goals and Objectives

What do you want to learn and/or do in the project this year?

_____   _____
Date   4-H Member Signature

_____   _____
Date   Parent/Guardian Signature

_____   _____
Date   CEA/ACT Signature

Learning Experiences

Use this page to record ALL activities, events, and experiences related to your project area. Include what you learned in the comments section. Use additional pages as needed.

Date	Event/Activity	Comments

Project and Financial Journal

The cash you receive from the sale of services and/or products from your project is called income. The items you pay for to support your projects are called expenses. Record your income and expenses in this chart.   Include quantity of the items purchased or sold in the second column. Add pages as needed.

Balance Sheet

Date	Description of Items Purchased or Sold	Expense	Income
	Total		
	Profit/Loss		

Market Animal Growth Record

If you are completing this record form for a Market Animal Project, you'll need to complete the table below. Members who have more than one market animal entered should calculate results on each animal. Members who have market poultry or market rabbits may calculate the results on the basis of the entire group.

Name of Animal	Date project started	Starting weight	Date project ended	Ending weight	Total weight gain	Total days fed	Average daily gain	Total pounds feed	Lbs. feed per lb. gain

- To figure the total weight gain, subtract the beginning weight from the ending weight.
- To figure the total days fed, use a calendar and count the number of days from the date the project started to the date the project ended.
- To figure the average daily gain, divide the total weight gain by the number of days on feed.
- To figure the pounds of feed per pound of gain, divide the total weight gain by the total pounds of feed that was fed to your animal.

Production Records/Animal Breeding Project

If you're enrolled in a breeding heifer or breeding rabbit project, you'll need to complete this table. Members who are exhibiting a breeding bull should complete the table above.

Mom's ID (dam)	Date bred	Dad's ID (sire)	Date babies born	Number born M/F	Babies ID Number	Birth weight	Number weaned	Number sold

Summary Activities and Accomplishments

Answer the following questions. Limit your response to the space provided below.

1. Write a brief summary of what you accomplished by having this project. Include all details of what your project is and why you chose to pursue it. _____

   _____

   _____

   _____

   _____

   _____

   _____

2. What would you do differently if you were to do this project again?

   _____

   _____

   _____

   _____

   _____

3. Describe any unusual, interesting, or exciting experiences that occurred during this project.

   _____

   _____

   _____

   _____

   _____

4. Now that your project is complete, what are you most proud of?

   _____

   _____

   _____

   _____
