

HEALTH REQUIREMENTS FOR ANIMALS EXHIBITED AT THE 2023 AKSARBEN STOCK SHOW

Nebraska Department of Agriculture – State Veterinarian’s Office
245 Fallbrook Blvd, Lincoln, NE 68521
(402) 471-2351

The Aksarben Stock Show, in cooperation with the Nebraska State Veterinarian’s Office and the Nebraska Department of Agriculture, recognizes and abides by the importation laws of the state of Nebraska. The requirements in this document reflect the import and livestock movements of the Nebraska Department of Agriculture, as well as additional requirements from the Aksarben Stock Show. The Aksarben Stock Show is allowed to impose health regulations that are more restrictive than those imposed by the Nebraska State Veterinarian’s Office. In accordance with the Nebraska State Veterinarian’s Office, **THESE REGULATIONS ARE SUBJECT TO CHANGE AT ANY TIME.**

Livestock disease control is vital for the livestock industry in Nebraska and the nation. Biosecurity is a key component of controlling diseases. Anytime animals are comingled, the chance of spreading disease is multiplied and so is the need for heightened biosecurity.

Routine Inspection Procedures **(What The Exhibitor Should Expect)**

1. Representatives of the Aksarben Stock Show will meet the incoming vehicle at the designated area in the staging area. This could be the official Aksarben Stock Show Veterinarian or other veterinarians on staff during the Aksarben Stock Show.
2. All documents are to be inspected and a visual inspection of the animal is to be made.
3. If all animals with that vehicle meet all entry requirements, then the vehicle will be allowed to proceed onto Fonner Park.
4. If all animals with that vehicle do not meet the requirements, the vehicle should move where directed to allow continual traffic flow. If an animal must be unloaded they will be placed in the quarantine area away from other animals.
5. The Aksarben Stock Show Veterinarian will have final call on questions about health of an animal, and whether they are allowed to enter Fonner Park.

Certificate of Veterinary Inspection (CVI)

All animals entering the Fairgrounds must be accompanied by a current CVI (except poultry originating in Nebraska) and shall have official identification listed on the CVI. CVIs must list the Aksarben Stock Show as consignee. Electronic CVIs will be accepted.

Each CVI must:

- a. Be issued by an accredited licensed veterinarian.
- b. Show name and address of owner or exhibitor.
- c. Show all required tests and/or vaccinations.
- d. Each Swine CVI must contain the following statement: “To the best of my knowledge, swine represented on this certificate have not been exposed to, infected with or originated from premises known to be infected by Swine Enteric Corona Disease (SECD) or Seneca Valley Virus (SVV) in the last thirty (30) days.”
- e. All hooved animals originating from states or counties with Vesicular Stomatitis will require extra examination and CVI requirements performed by an accredited veterinarian. Exhibitors should contact the Nebraska State Veterinarian’s office for updates on requirements.

CVIs must be issued within thirty (30) days of the exhibition.

General Health Requirements for All Animals

1. The Aksarben Stock Show Consulting Veterinarians will be verifying CVIs upon arrival.
2. Under no circumstances may animals under quarantine be exhibited.
3. Only animals not showing signs of infectious or contagious diseases will be allowed to show.
4. Animals that have active sore mouth, ringworm, contagious lesions, visible warts, dermatitis, or abscesses will not be allowed entry into the Aksarben Stock Show for exhibition. Animals that are brought to the Aksarben Stock Show with these skin conditions, that are visible by a hands-on inspection, will not be allowed to remain on the premises.
5. The inspecting veterinarian may judge the ringworm to be inactive if the lesion is not encrusted and hair/wool has begun re-growth in the area and is so stated on the CVI.
6. All animals entering the Aksarben Stock Show will be subject to examination by a Aksarben Stock Show veterinarian upon arrival or during the show. Any animal showing evidence of infectious, contagious, or communicable diseases may be immediately withdrawn from the show and held in quarantine at owner’s risk and expense until properly treated and recovered or until properly released to return to owner’s premises following treatment.
7. Any animals not from Nebraska that are sold or staying in Nebraska after exhibition must meet Nebraska import requirements.
8. **List official identification (steel tags, individual animal breed registry tattoos, or 840 RFID tags) and accessory ID devices (4-H tags, FFA tags, etc.) which are correlated to official identification, on the CVI and accompanying certification where necessary.**

If an emerging disease is detected in Nebraska or any other state, additional requirements may be put in place.

NEBRASKA ORIGIN

BEEF CATTLE (CVI with official ID listed): All cattle must be individually identified with official ID on the CVI. Accessory ID devices (4-H tags, FFA tags, etc.) are more easily read, but need to be listed and correlated to official identification (steel tags, tattoos, or 840 tags) on the CVI. Individual animal breed registry tattoos **must be accompanied by breed registry certification papers.**

- A. **Tuberculosis** – no test required to exhibit. Must be from a herd not under quarantine.
- B. **Brucellosis** – no test required to exhibit. Must be from a herd not under quarantine.
- C. **Trichomoniasis** – There are no Trichomoniasis testing requirements for animals originating from within Nebraska.

SHEEP AND GOATS (CVI with official ID listed)

- A. All sheep being exhibited at the Aksarben Stock Show will be examined for fungus prior to entering the Fairgrounds or at unloading time. All sheep will be examined by a licensed State Fair veterinarian. Blankets must be removed.
- B. **Additionally, all market lambs and goats must be shorn sufficiently short to allow inspection for club lamb fungus at any time of the show.** If any active lesions found, said animal will be removed from contacting other sheep and people, and not allowed to be shown.
- C. All sheep and goats exhibited (except breeding sheep shown “in the wool”, breeding goats shown in hair and commercial market lambs) must be shorn prior to being examined by a veterinarian.
- D. Identification: All sexually intact sheep and goats, wethers 18 months and older being exhibited, must have USDA Official Scrapie Identification and this must be listed on the CVI; Individual animal breed registry tattoos **must be accompanied by breed registry certification papers**. 982 tags are NOT official USDA scrapie tags.
- E. Under no circumstances may sheep or goats be exhibited at the Fair which originate from scrapie-source flocks or scrapie-infected flocks.

SWINE (CVI with official ID listed)

- A. Certificates of Veterinary Inspection (CVI) will be required for all exhibited swine. All swine must be individually identified with official ID on the CVI. **Each Swine CVI must contain the following statement: “To the best of my knowledge, swine represented on this certificate have not been exposed to, infected with or originated from premises known to be infected by Swine Enteric Corona Disease (SECD) or Seneca Valley Virus (SVV) in the last thirty (30) days.”**
- B. The Aksarben Stock Show is a non-terminal show for all market hogs. A terminal show is defined as animals leaving this show facility and being transported directly to a slaughter facility without unloading at any other point.
- C. After exhibition of non-terminal swine, the Aksarben Stock Show strongly recommends that exhibited swine should be kept separate and apart from all other swine and tested negative for PRV and Brucellosis in not less than thirty (30) days following last exhibition or shipped directly to slaughter.

POULTRY

- A. CVI not required for poultry. No additional testing requirements.
- B. Any birds showing signs of illness or parasites **WILL NOT** be allowed in the showroom and entry fees **WILL NOT** be refunded.

If an emerging disease is detected in Nebraska or any other state, additional requirements may be put in place.

OUT-OF-STATE ORIGIN

ALL OUT-OF-STATE ORIGIN ANIMALS MUST HAVE A CURRENT CVI!

BEEF CATTLE (CVI with official ID listed) **All cattle must be individually identified with official ID on the CVI.** Accessory ID devices (4-H tags, FFA tags, etc.) are more easily read, but need to be listed and correlated to official identification (steel tags, tattoos, or 840 RFID tags) on the CVI. Individual animal breed registry tattoos must be accompanied by breed registry certification papers.

- A. **Tuberculosis** – No testing required except from Michigan.
- B. **Brucellosis** – Class-Free states: no test required. Must be from a herd not under quarantine.
- C. **Trichomoniasis** – Cattle entering Nebraska for exhibition purposes are exempt for the requirements for Trichomoniasis. Animals remaining in Nebraska for any reason, other than slaughter, after exhibition, shall meet the importation requirements. For questions, please contact the Nebraska Department of Agriculture – Animal and Plant Health Protection at 402-471-2351.

SHEEP AND GOATS (CVI with official ID listed)

- A. All sheep being exhibited at the Aksarben Stock Show will be examined for fungus prior to entering the Fairgrounds or at unloading time. All sheep will be examined by a licensed State Fair veterinarian. Blankets must be removed at the request of the examining veterinarian. **Additionally, all market lambs and goats must be shorn sufficiently short to allow inspection for club lamb fungus at any time of the fair.** If any active lesions found, said animal will not be allowed onto the grounds.
- B. All sheep and goats exhibited (except breeding sheep shown “in the wool”, goats shown in hair and commercial market lambs) must be shorn prior to being examined by a veterinarian.
- C. Identification: All sexually intact sheep and goats, wethers 18 months and older being exhibited, **must have USDA Official Scrapie Identification and this must be listed on the CVI;** Individual animal breed registry tattoos must be accompanied by breed registry certification papers. **982 tags are NOT official USDA scrapie tags.**
- D. Under no circumstances may sheep or goats be exhibited at the Fair which originate from scrapie-source flocks or scrapie-infected flocks.

SWINE (CVI with official ID listed)

- A. Certificates of Veterinary Inspection (CVI) will be required for all exhibited swine. All swine must be individually identified with official ID on the CVI. **Each Swine CVI must contain the following statement: “To the best of my knowledge, swine represented on this certificate have not been exposed to, infected with or originated from premises known to be infected by Swine Enteric Corona Disease (SECD) or Seneca Valley Virus (SVV) in the last thirty (30) days.”**
- B. After exhibition of non-terminal swine, the Aksarben Stock Show strongly recommends that exhibited swine should be kept separate and apart from all other swine.

POULTRY

- A. All poultry imported for exhibition shall come on a CVI and be from U.S. Pullorum-Typhoid Clean or equivalent flocks or have had a negative pullorum-typhoid test within ninety (90) days of going to the exhibition.
