Youth Animal Project Agreement
(To be completed at beginning of project)

The youth is responsible for caring for the animal, which will include feeding, providing fresh clean water, providing a pen, washing, and showing. The youth will use this project as an educational tool to learn skills needed in the livestock industry. This project will also help the youth to accept success and failure as a learning experience. The youth will keep accurate records on their project animal. I accept these responsibilities.

Date _____ **Signed Youth** _____

The parents are responsible for providing financial help if needed along with the assistance and encouragement while the youth is raising this animal.

Date _____ **Signed-Parent or Caretaker** _____

Purpose of this Project

The purpose of any animal project is to help teach youth life skills. Life skills are skills that youth need in order to transition into a healthy, responsible adult. Animal projects specifically target the life skills of:

- **Responsibility:** (feeding and caring for an animal on a regular basis)
- **Determination:** (working with the animal on a regular basis in order to show it.)
- **Record Keeping:** (keeping a record of the animal's health and feeding)
- **Sportsmanship:** (practice being a good winner and a good loser through competition with peers and self)

Youth Livestock General Record Book Guide Lines

It is suggested that a copy of the record book be made for use as a “work copy”. Records can then be transferred into this book for a “Final Copy”.

1. Your Record Book should start as of September 1, of the current calendar year, or when the animal was purchased, if after September 1.
2. Record Books can be completed on animals being shown or can reflect all animals owned with a note identifying animals being shown.
3. The only item that you should submit at check in is the record book. Please do not make it a scrapbook.
4. Always double check your work, especially your math calculations.
5. Have someone check your project story for spelling and grammar before you write it in the final record book.
6. Your final record book should be **hand** written by the exhibitor.

Project Terms and Explanations

(PROJECT YEAR – September 1 until Record Book is due)

Notes for Project Inventory (page 4):

1. **Date acquired** - List the date you obtained this item (on items older than 1 year, the year will be sufficient).
2. **Purchase cost or value** - What did this item cost when you obtained it? (Fair market value)
3. **Value at Beginning of Project**- Same as purchase cost for items purchased current project year. On items from previous years this should be the value from last year’s ending inventory or depreciated value of 10% of purchase cost per project year.
4. **Depreciation of 10%** - This will be 10%, per project year, of the original purchase cost for the items you will still have at the end of the project. This includes items you had at the beginning of the project as well as items purchased during the current project year. Depreciation is the loss in value of your assets and is an expense.
5. **Value at the end of the project**- This is the value at the beginning of the project minus the depreciation.

Examples:

Items Description	Date Acquired	Purchase Cost or Value	Value at beginning of project	Depreciation (10% of purchase cost, for this calendar year)	Value at end of project
Rope	Purchased 4 years ago	5.00	(Depreciated 10% for 3 years) 3.50	.50	3.00
Comb	Purchased 3 years ago	5.00	(Depreciated 10% for 2 years) 4.00	.50	3.50
Brush	Purchased previous calendar year	5.00	(Depreciated 10% for 1 year) 4.50	.50	4.00
Bucket	Purchased current calendar year	5.00	(No Previous Depreciation purchased current project year) 5.00	.50	4.50
Total Depreciation*		XXXXXX	XXXXXXXXXXXXXXXXXX	2.00	XXXXXX
Value of Project Assets		XXXXXX	XXXXXXXXXXXXXXXXXX	XXXXXXXXXXXXXXXXXX	15.00

PROJECT INVENTORY

List all equipment and assets you had at the beginning of the project. After listing existing inventory, you should also list those items you purchased this year that you plan to keep after the project is finished. **List items you will keep past the end of this project on this page only** (inventory examples include clippers, blowers, chutes, tack, etc.) Do NOT list expendable items such as shampoo, etc. **Refer to Project Terms and Explanation, page 3, for descriptions of each column.**

Your Project Story/Video/Presentation

*** You may choose to write a written story about your project, create a video story, or a google slides/powerpoint presentation* The video can be any format of your choice, but must include at minimum the same elements of the story. Videos should be 2-3 minutes in length and emailed to rcarter@academyatthefarm.com at the time of record book turn in.**

Be sure all videos and google slides presentations begin with your name, showmanship division, and school.

Your project story/video/presentation should answer the following questions about your project experience:

- 1) What is the breed of your animal, and where did you get it?
- 2) What new skills did you learn from this project?
- 3) Who helped you with this project?
- 4) What did you like best or least about this project?
- 5) What would you do differently, if anything, next time?

Check one:

- I typed my story and attached it here
- I Created a video and emailed it in
- I created a google slides presentation and emailed it in
