 - 5,000 A; 5,000 B
 - 6,000 A; 6,000 B

7,000 A; 7,000 B
8,000 A; 8,000 B
9,000 A; 9,000 B
10,000 A; 10,000 B

11. Drawbar height 20" maximum and 18" from center of axle. Tractors with 3-point hitches must have sway bars so the hitch cannot raise over 20". Hitch to have a 3" horizontal ring. Height checked at the highest portion of the ring.
12. All tractors must have working governors.
13. Instead of random RPM checks, a "protest only" method by which members will protest, in writing, other members in their class and within 5 places of their finish. The protest must be made by the end of the following class and given to a track official or taken to the announcer's stand.
14. Horn can blow 3 times. 1st and 2nd blows, puller must slow to turn horn off. 3rd blow puller is disqualified.
15. Suitcase weights allowed. Should weights or any other parts fall to the ground during pull, puller will be disqualified. The rear weights shall not extend past the rear tires. The front weight bracket must not extend more than 24 inches in front of the furthest portion of the grill or main frame of tractor.
16. During pull, if any tractor tires cross the white line, will be disqualified.
17. No shifting gears while sled is in motion. Ampli-torc hydra-power torque amplifiers will be allowed to shift in all classes.
18. Racing fuels allowed. No injected gases or nitrous.
19. Hook fee will be \$15.00 per hook. There will be up to two hooks per tractor, but the hooks are to be in different classes. You cannot pull the same tractor in the same class with a different driver. **YOU MAY PULL TWO CLASSES PER TRACTOR.**
20. 75 ft. rule will apply for all pullers (back up and pull again).
21. Only 2-wheel drive tractors will be allowed to pull.
22. No drugs or alcoholic beverages allowed.
23. Nobody will be allowed on the track except the puller and the track officials. (No walking beside the tractor, no sitting too close to the track beyond the fence, etc.) Track officials will be appointed to enforce this rule.
24. Puller must be able to independently drive tractor on track safely to hook up and pull.
