## **TEXAS DEPARTMENT OF CRIMINAL JUSTICE**

Huntsville, TX  
936-661-7081

**1 – 10 – 3-N-1 Tigerstripe Pairs**  
5-6-month-old Red Angus Calves at side  
Exposed 10/1/24-12/15/24 to Red Angus Bulls

Hailing from the herd that brought you the Grand Champion Pen Overall in 2024, The TDCJ returns with a set that worthy of lot 1 in 2025. This is a big set of 36-month-old females that are beautifully colored with perfect udders and a powerful set of Red Angus sired calves that are close to payday. They are two to three months bred back to high performance Red Angus bulls. Generations of genetics to fit the Texas climate and terrain, all the work is done for you with this set.

## **BELL CATTLE COMPANY**

Gainesville, TX  
940-736-5502

**2 – 10 Tigerstripe Pairs**  
3-4-month-old Calves at side by Angus Bulls

Dale Bell returns as one of our longest consecutive consignors. Always known for quality and consistency, this set is one of their best ever. These are big 1,200lb cows with plenty of bone, balance, depth and foot size. They have great udders and are doing a fantastic job raising these 3-4-month-old Angus sired calves at side.

## **SANDERS AND SONS**

Clifton, TX  
254-386-6411 – 254-236-8064

**3 – 10 Tigerstripe Pairs**  
3-4-month-old calves by Angus Bulls  
Exposed 12/15/24 to 2/4/25 to Angus Bulls

Sanders and Sons has been a long-time consignor to Fort Worth and the offering improves each year having achieved Reserve Grand Pen in 2024. The 2025 females may be their best yet. These dark striped females are big-ribbed with huge bodies and big-tops. The calves at side are growing fast, so you will have a big payday at weaning time. They sell exposed to the same Joe Dean Angus bulls that are the sires of the calves at side.

## **LaVISTA RANCH**

Gatesville, TX  
254-216-9505

### **4 – 12 Tigerstripe Pairs**

30-60-day-old calves at side by Angus Bulls

LaVista returns with a very long bodied, maternal and uniform set of well colored Tigerstripes. The calves at side are by our heifer bull that features extra growth and look, this combined with these big-uddered females that have excellent milk flow, will ensure that you have a big, heavy set of calves at weaning. Turn these out in any pasture environment with confidence.

### **5 – 12 Heavy Bred F1 “Chocolates”**

8 plus months safe in calf to Registered Angus Bull

If you are looking for an impressively uniform set of females with a dark color and white face, this set of F1's is for you. They are the Chocolate cut of our tigerstripes, and they are long-bodied and big-hipped with great udders forming. They are heavy bred to our Calving Ease Angus bull that features extra growth and look. There will be some calves by sale day.

## **JCW CATTLE COMPANY**

Crockett, TX  
936-204-4244

### **6 – 10 Heavy Bred F1 Tigerstripe Heifers**

7-8 months safe in calf to 44 Farms Calving Ease Bulls

The JCW cattle are always some of the highest quality females in the sale. They are big bodied with strong, big tops and plenty of spring of rib and depth. If you want cows with some extra muscle, you will like the look of these. The 44 Farms calves they will have will come easy and still have plenty of growth and carcass merit. This will be a profitable set for years to come.

### **7 – 10 F1 Brangus Pairs**

3-4-month-old calves by 44 farms Angus Bulls

If you are looking for some true F1 Brangus, this set from JCW are Angus Sired and out of Pure Brahman cows. They are straight black with extra size and length. The calves at side are sired by high growth 44 Farms Angus Bulls, the male calves will mash down the scales for a solid coupon at weaning, and I would suggest you keep the females to retain as replacements. Cows like these are hard to find.

## **LaVISTA RANCH**

Gatesville, TX  
254-216-9505

**8** – 12 Brangus Pairs  
30-90-day-old-calves by Ultra Black Bulls

**9** – 12 Brangus Pairs  
30-90-day-old-calves by Ultra Black Bulls

**10** – 12 Brangus Pairs  
30-day-old-calves by Ultra Black Bulls

LaVista Ranch is bringing three sets of Brangus Pairs right out of the heart of our replacement females. These females are big and broody with a very maternal look. They have a powerful rib shape with a lot of body, foot and bone. These Ranch type cows are raising a nice set of Ultra Black sired calves with solid growth. All three sets should be fully calved out by sale day. Be sure to contact LaVista Ranch when you are ready to market your calves, as they would like the option to purchase them.

## **SANDERS AND SONS**

Clifton, TX  
254-216-9505

**11** – 10 Brangus Pairs  
30-60-day-old calves by Angus Bulls

**12** – 10 Brangus Pairs  
30-60-day-old calves by Angus Bulls

From the same herd that brought you the 2024 Reserve Grand Overall pen, the Sanders and Sons Cattle have consistently improved year after year. Lot 11 is a set of true F1 Angus X Brahman females that have extra size and performance. Huge bodied with a big rib shape. They are nursing a set of 2-month-old calves, and they are doing the job with great milk to make soggy calves at weaning.

Lot 12 are the Brangus cut from Sanders. These are very youthful appearing females that are refined and feminine in their look. They are very strong topped and super level over the hip. Smooth Shouldered and clean made and doing a great job on their calves.

## **HILLWOOD LAND AND CATTLE/CIRCLE T RANCH**

Fort Worth, TX

817-454-0826

### **13 – 12 Brangus Pairs**

30-60-day-old calves by Cavender Ranch Brangus Bulls

Hillwood land and Cattle has been a long-time supporter of the Fort Worth Stock Show and many time Champion in this Sale. This powerful set of females come from a long background of using the top genetics in the Brangus Breed. This will be the fifth generation of Genetrust/Cavender Ranch genetics out of our base cow herd that is primarily made up of Steiner Ranch Cattle. These heifers are always very sound and functional with good mothering ability. They have size and plenty of volume. These are the right kind of Brangus and will make an excellent addition to any Ranch. The Cavender Ranch Brangus sired calves at side are the big soggy kind that will pay the ticket to Fort Worth.

### **14 – 12 Heavy Bred Brangus Heifers**

7-8 months safe in calf to Cavender Ranch Brangus Bulls

These are the heavy bred cut of heifers from Hillwood. They have size and plenty of volume. These are the right kind of Brangus and will make an excellent addition to any Ranch. The calves by the Cavender Ranch Brangus Bulls will come easy and grow quickly.

## **HODDE LAND AND CATTLE**

Brenham, TX

979-277-5082

### **15 – 10 Brangus Baldie Pairs**

30-90-day-old calves by 44 Farms Angus Bulls

This set will be as good as you can find this year! They are moderate framed with a huge rib shape and volume. They offer extra width over the top and a big strong hip with depth yet maintain a nice angular and feminine front end. They have a good udder conformation with a perfect teat size. They are 100% calved with vigorous 44 Farms Angus sired calves at side. You will want to find these once you get to town.

## **JM CATTLE COMPANY**

Gause, TX

979-574-7914 – 979-229-1205

**16** – 10 Red Beefmaster/Red Angus Pairs  
3-4-month-old calves by Red Angus Bulls

JM Cattle Company is focused on producing some of the most functional cattle in the Southwest. These Red Angus/Beefmaster females are sound, moderate cows with broad backs, huge middles and solid structures. In addition, they are very maternal with excellent udders and lots of milk. The Red Angus Calves at side are high performance calves that excel in the feedlot. The JM Cattle are always a popular feature in Fort Worth.

## **MK RANCH**

Era, TX

940-736-5502 – 940-768-2773

**17** – 10 Superbaldie Heavy Bred Heifers  
7-8 months safe in calf to Calving Ease Angus Bulls

**18** – 10 Superbaldie Heavy Bred Heifers  
7-8 months safe in calf to Calving Ease Angus Bulls

Long time consignor to Fort Worth, MK Ranch from Era, TX has once again sorted you two outstanding pens of Superbaldy Females. Sired by B&C Hereford Bulls and out of their base Brangus Cow Herd, these females have years of rock-solid genetics behind them. Always Eye-Appealing, the females from MK this year have a great look with a strong top that is long and level over the hips with a wide pin set. They are safe in calf to Low-birth, Calving-ease Angus bulls. These are the kind our repeat customers come looking for.

## **FLYING 5 CATTLE**

Hart, TX

806-774-7598

**19** – 11 Heavy Bred Superbaldie Heifers  
7-8+ months safe to Calving Ease Brangus Bulls

Flying 5 Ranch is bringing you a powerful set of Superbaldie heifers that are out of a solid set of Brangus Cows and sired by Flying 5 Hereford Bulls. These are stout, broody, big-middled females with a solid hip structure. The extra muscle in these will translate to heavy Brangus sired calves at weaning that will be great for retained ownership through the grass or wheat pasture phase. They are heavy bred to calving ease Brangus bulls and there will be some Calves on the ground by sale day.

## **T BAR CATTLE**

Haskell, TX  
254-485-4983

**20** – 10 Heavy Bred Superbaldie Heifers  
8 months safe in calf to 44 Farms Angus bulls

This is the second year for T Bar Cattle, coming with genetics that are very familiar to Fort Worth. These heifers are daughters of females that Rod Townsend purchased from MK Ranch from this very sale. They are Angus sired out of the MK Ranch Superbaldies and they are impressive. Perfect sized and very eye-catching, they are long bodied with a level top and hip. They have a huge rib shape with plenty of depth from end to end and still have a smooth shoulder and feminine look. Calving in early spring to a calving ease 44 Farms Angus bull

**21** – 10 Red Angus/Santa Gertrudis Baldies  
8 months safe in calf to 44 Farms Angus Bulls

If you are looking for a real set of calf raisers that are bred to thrive in any Southwestern environment, you better find these. These heifers combine the super maternal combination of Red Angus x Hereford with the rugged adaptability of Santa Gertrudis from Richmond Cattle, Stephenville, TX. The early spring calves sired by 44 Farms bulls will be beef machines!

## **BEAR CREEK FARMS**

Leonard, TX  
903-587-0300

**22** – 10 Angus Pairs  
3-5-month-old calves by Bear Creek Registered Angus  
AI Bred 12/16/2024 to DVAR Huckleberry 871  
Exposed 12/17/24 to 2/5/25 to BCF Herd Bulls

The Bear Creek cattle are Stout made, big boned, big volume and have flawless udders. They are structurally correct and very functional. They all have September and October calves by BCF Jet Stream 827 and BCF Relevant 1122, both qualifying for the Certified Angus Beef Targeting the Brand Program. The calves will be eligible for the Bear Creek buyback program. Contact a member of Bear Creek Farms if you are interested in the buyback program. The Heifers were AI bred to DVAR Huckleberry 871, who is in the top 2% of the breed for \$C, then pasture exposed to Bear Creek bulls that are top quality carcass bred cattle.

## **GUIDE MOUND RANCH/BAR RR RANCHES LLC**

Electra, TX  
940-636-3491

**23** - 10 Ranch Raised Angus Pairs  
2-month-old calves at side by Joe Dean Angus Bulls

This is a rugged, stout made set of Angus females raised in the heart of Ranching Country. They have Joe Dean Angus genetics on the top and bottom of the pedigree. They are gentle and work easily on both horseback or on foot. They make really good cows with extra longevity. They have had three rounds of Blackleg, two rounds of Pyramid IBR and recently have had a Vibrio-Lepto Vaccine. All are calved out with 2-month-old calves by Joe Dean Angus Bulls. These are the Ranchers kind.

## **44 FARMS**

Cameron, TX  
319-750-4555 Bruce Keyswatter (sp) check with him for specific genetics.

**24** – 10 Angus Pairs  
October Calves at side by Registered 44 farms Angus Bulls

44 Farms is one of the premier Angus Ranches in North America, not only are they one of the largest Purebred Angus Seedstock Producers, but also one of the biggest suppliers of branded Angus Beef including Prime Pursuits, McClaren Farms and the 44 Farms Signature Meat Market. This set of females comes right from the heart of the 44 Farms Replacement females. They are stout and muscular with plenty of volume and capacity. Strong topped and square hipped, yet feminine and angular through the front for a very eye-appealing and productive beef cow. The Fall calves at side are AI sired by the top carcass and growth 44 Farms AI Sires.

## **TWO IGO**

Plainview, TX  
806-296-6460 – 806-774-8535

**25** – 10 Heavy Bred Angus Heifers  
AI Bred to 44 Hayday 008  
Exposed to 44 Breakthrough L30

Home Raised in Two Igo's Seedstock Herd that is Certified Angus and Hormone and Antibiotic Free. They are huge bodied with extra rib and volume, a powerful muscle structure and a beautiful structure and front end. Functional in any environment. They back up their appearance with solid data, the steer mates to this set graded 41% Prime and 59% Choice +. Both service sires, Hayday and Breakthrough are 44 Farms Genetics that are in the top of the breed for growth, marbling and \$C. These are the kind to tie to!

## **GLASS CATTLE**

Powderly, TX  
903-249-0684

**26** - 12 – Heavy Bred Angus Heifers  
AI Bred 6/3/24 to Duff Natural Lite 20224  
Exposed 6/24/24 to 9/19/24 to EXAR Calving Ease Angus

This is the second year for the Glass family who have purchased many sets of cattle from this sale. These are Purebred Angus (papers available on several) that are very uniform and gentle. These definitely have “The Look,” thick and deep through the rear one-third with a big middle and the wedgy smooth shoulder and front end. They are sound and structurally correct and in perfect condition. Many are confirmed AI bred to Duff Natural Light and the rest are cleaned up with a Blue Chip grandson.

## **RICHBURG ANGUS**

Amarillo, TX  
806-570-0406

**27** - 10 Spring Calving Angus Heifers  
Exposed 4/2/24 to 6/10/24 to Richburg Logo 025

Richburg Angus is known for producing stouter made cattle with lots of power and muscle. The heifers they are bringing to us were raised right up the road in Bowie, TX. They are the ideal size to be efficient in this environment. Phenotypically, these females are long bodied, straight lined and strong topped, with huge bellies full of calf. Confirmed safe in calf to Richburg Logo 025 that is a proven Calving-Ease Angus bull with a -1.5 BW EPD and a 12 CE Score.

## **ROCKIN' G CATTLE COMPANY**

Bokchito, OK  
903-449-0488

**28** – 10 Heavy Bred Angus Heifers  
AI Bred 4/4/24 to Hanel Ten Plus K2002

Rockin' G has consistently come to Fort Worth with some of the stoutest and most powerful Angus females in the sale, and these are no exception. They are big footed and big boned with a big rib shape and a heavy muscle pattern. These are truly the rancher's kind with several years of AI breeding to the top Angus genetics. Very functional, uniform and predictable, these are the kind you can count on year after year. Safe in calf to come early to Hanel Ten Plus, who ranks in the top 10% of Angus for Weaning and Yearling weights as well as Marbling.

## **SIDWELL HAY AND CATTLE**

Carpenter, WY  
970-381-4701

### **29 - 12 Heavy Bred Angus Heifers**

AI Bred to Stevenson Turning Point 5/28/24 and 6/7/24

This is an all-around well-balanced group of Angus females that have size, length and depth combined with solid structure and a strong muscle pattern. These females will work for any Rancher and add performance and design to any herd. The Turning Point calves on the way will be very marketable at weaning or in a retained ownership program.

### **30 - 12 Heavy Bred Angus Heifers**

AI Bred to Stevenson Turning Point 5/28/24 and 6/7/24

This set is the more moderate set of "Oasis" genetics from Sidwell that can be described as "belly draggers." They are very deep bodied, sound and functional as well as a super powerful hip and hind-leg structure. These will be very efficient mothers that will wean a strong heavy calf.

### **31 - 12 Heavy Bred Angus Heifers**

AI Bred to Stevenson Turning Point 5/28/24 and 6/7/24

These Angus heifers offer a combination of ideal size, look and power. They are big bodied with a bold rib cage. They carry a nice muscle shape over the top and it maintains thickness through the lower one-third and a wide pin set. Big footed and sound structures in these. Will calve early to Turning point.

## **SCHUMACHER CATTLE COMPANY**

Era, TX  
940-768-8110

### **32 – 10 Heavy Bred Angus Heifers**

Exposed 5/1/2024 to 7/1/24 to Calving Ease Schumacher Angus Bulls

This is the first year for Schumacher Cattle Company and they are coming with a strong set of home raised Angus heifers that have years of Schumacher genetics behind them. Raised in North Texas, these heifers have been developed for generations to be adaptable to this environment, they are ready for turnout and should start calving soon after the sale.

## **STEWART RANCH**

Haskell, TX  
940-203-0095

**33** – 12 Angus Heavy Bred Heifers  
7-8 months safe in calf to Brown DBF Home Town 9437J

**34** – 12 Angus Heavy Bred Heifers  
7-8 months safe in calf to Brown DBF Home Town 9437J

First time consignor, Stewart Ranch, is bringing you two sets of home raised Angus heifers raised in ranching country, Haskell County, TX. They are very uniform and in perfect condition. They are all 7-8 months safe in calf to Brown DBF Home Town 9437J, a bull that has a calving ease score in the top 4% of the Angus breed, a negative Birth Weights EPD and a marbling score and \$C both in the top 5% of the Angus Breed.

## **COCONAUER RANCHES**

Decatur, TX  
940-389-4519

**35** - 12 Angus Spring Calving Heifers  
Calving in April and May to Low-Birth-Weight Angus Bulls

Coconauer Ranches has improved their offering each year that they have come to Fort Worth. This set of Angus heifers have genetics of northern origin (Colorado) and they are soggy and deep. Heifers are raised to be ready for turnout and will remain low maintenance through calving. They are bred to a Calving ease Angus bull and will start calving at grass time in April and May.

## **ACES WILD RANCHES**

Milsap, TX  
817-600-1082

**36** – 12 Spring Calving Angus Heifers  
Safe in calf to BBR Mafia Max 667K for March-April Calves

Aces Wild is bringing a set of Deep bodied, powerfully constructed Angus females that are from pure Express Ranches Genetics. They are moderate framed, thick made with lots of bone and capacity. The Express Ranches Genetics make them very predictable for high performance. They are all safe in calf to BBR Mafia Max 667K, a proven calving ease Maine Anjou bull that will add vigor and growth to the calf crop with an incredible look to them. This is a real opportunity to acquire high end genetics that can go any direction in the Cattle Industry.

## **CUNNINGHAM CATTLE COMPANY**

Crawford, TX  
254-715-2928

**37** – 12 Angus Cross Spring Calving Heifers  
Safe in calf to Low-Birthweight, Joe Bush Angus Bulls

**38** – 12 Angus Cross Spring Calving Heifers  
Safe in calf to Low-Birthweight, Joe Bush Angus Bulls

This is a hard-working set of Angus Cross females raised in Coryell County Central Texas. They are ideal sized for efficiency and in perfect condition for Spring Calving. Long bodied with a sound structure as well as a smooth, clean front end. Expect extra longevity from these females. They will begin calving at grass-time the first of April to Joe Bush proven calving ease Angus bulls. Real Ranchers will appreciate these.

**39** - 12 Black Baldie/Motley Faced Spring Calving Heifers  
Safe in calf to Low-Birthweight, Joe Bush Angus Bulls

This is the baldie cut off lots 37 and 38. They have extra size and stoutness, and they are showing a nice udder development.

## **MC RANCH**

Archer City, TX  
940-631-2005

**40** – 12- Black Baldie Pairs  
September Calves at side by Bob Howard Angus Bulls  
Exposed to Sutphin Angus Bulls

This is a set of hard-working Ranch two-year-olds. These are Mot Faced heifers with a good amount of color and pigment. They are nice, long-bodied cows with superb udders, and when you see the calves, you will know they are full of milk. The calves at side came in September, so you will be able to cash the coupon soon. This is a set of solid young cows that are giving all they have to their calves. They are super gentle and will come to a siren. They are Pasture Exposed to John Sutphin Angus bulls and will be blood tested for pregnancy prior to the sale, should be some 3-n-1's.

**41** – 12 Fall Calving Angus Heifers  
AI Bred 12/7/24 to 12/15/24 to Thomas Expand 5651

The younger version of lot 40, these heifers are set up to start calving in September to Thomas Xpansion 5810. The maternal traits behind this set make them a terrific investment for the future.

## **FLYING 5 CATTLE**

Hart, TX

806-774-7598

**42** – 11 Black Baldie Fall Calving Heifers  
2-4 months safe to Calving Ease Angus bull

This is the second year for Flying 5 Cattle, and you will want to find these smooth made, fancy English Baldies. They have years of proven Hereford and Angus genetics behind them and are home raised in West Texas. They are long-bodied with beautiful, feminine front ends and will be very attractive mature cows. They will calve in early fall to Calving Ease Angus Bulls.

## **DAUER HEREFORDS**

Panhandle, TX

806-683-7073

**43** – 12 Black Baldie Heavy Bred Heifers  
AI Bred 5/20/24 to Sitz Accomplishment 720F  
Exposed 5/23/25 to 7/23/24 to Calving Ease Angus bulls

Dauer Herefords is a true Panhandle ranch family that is involved with every phase including Cow-Calf, Wheat and Grass pasture and the feedlot, they know the right kind to be profitable. This is a slick set of beautiful, feminine fronted heifers with the right amount of chrome and pigment on their faces. This turns into a perfect shoulder to neck junction, and a big bold sprung ribcage behind the shoulder. Long and level over the hip and into the loin. They are structurally correct enough to stand any environment. They have been AI bred to a Sitz Angus bull with a balanced set of data including calving ease and solid growth.

## **LOISELLE RANCH**

Ponder, TX

940-391-2226

**44** – 12 Black Baldie Heavy Bred Heifers  
8 plus months safe in calf to Calving Ease Angus Upshot Sons

**45** - 12 Black Baldie Heavy Bred Heifers  
8 plus months safe in calf to Calving Ease Angus Upshot Sons

This is a moderate framed set of motley-faced females that have excellent volume and capacity. Big ribbed and powerfully constructed, this is the type of cattle to be proud of. They are safe in calf to EXAR Upshot Grandsons with great balance of moderate birthweights and extra growth.

## **PYLE GP, LLC./EL SUEÑO**

Weatherford, TX  
817-266-7279

**46** – 12 Heavy Bred Black Baldie Heifers  
7-8+ months safe in calf to calving ease Angus Bull

The Pyles are first time consignors, and they are bringing you a set of true English bred Hereford X Angus Black Baldie/Motley faced heifers that have been raised in the Ranching area of Eden, TX. These are young, moderate framed heifers with outstanding confirmation and a solid structure. They were exposed from 5/1/24 to 7/1/24 to a low-birth-weight Angus bull for early calving soon after the sale.

## **GIBSON CATTLE**

Haskell, TX  
940-256-1422

**47** - 12 Heavy Bred Red Angus Heifers  
AI Bred 5/1/24 to GMS Stock Market J5633 (Calving Ease Red Angus)  
PE GMS Stock Market J5633 5/10/24-7/13/24

**48** - 12 Heavy Bred Red Angus Heifers  
AI Bred 5/1/24 to GMS Stock Market J5633 (Calving Ease Red Angus)  
PE GMS Stock Market J5633 5/10/24-7/13/24

A great set of Red Angus heifers that can raise big time Red Angus Show Steers, Replacement Females and Bull prospects. Sired by RA Brown Red Angus Bulls and out of R Dunham Red Angus Cows. Big Topped, Huge Hips, Deep Sided and a Great Look. These are sorted into two uniform sets of heifers that exhibit a nice frame size with a solid structure and good feet and legs. They are all 8 plus months safe in calf to Red Angus bull GMM Stock Market J5633, a true calving ease bull with a -4.5 Birth Weight EPD, but still has a growthy 119 Yearling EPD, and ranks in the top 1% of the breed for Marbling. Good looking set of heifers with outstanding genetics.

## **ACES WILD RANCHES**

Milsap, TX  
817-600-1082

**49** – 12 Red Angus Early Spring Calving Heifers  
Safe in calf to 5L Red Angus Bulls

If you are partial to Good Looking Red Heads, these are for you. This group from Aces Wild is very refined and attractive. They have nice extension and a youthful appearance through the front end with a smooth transition from Neck to Shoulder to Ribcage, extra length of spine and they are developing very level udders with nice teat size and spacing. These will calve early to 5L Red Angus calving ease bulls, will likely have some calves by sale day.

## **HALE CATTLE COMPANY**

Miami, TX  
806-898-3345

**50** – 12 Fall calving Hereford Marked Club Calf Producers  
PE 11/1/24 to 1/1/25 to calving ease black bulls (Corriente)

Mates to these heifers have produced Hereford Champion Steers over the entire state of Texas including both the Champion and Reserve Horned Hereford and the Champion Polled Hereford Steers right here in Fort Worth in 2023. They were the top selling pen in this sale in 2019 and 2023. They have the right genetics and the right look to do it for you as well. Moderate framed, big-backed and super stout rear quarters along with the chiseled front you need to produce the Champions. Safe in calf for summer and fall calves to calving ease black bulls.

## **SIMMENTALS OF TEXAS**

Granbury, TX  
817-894-0563

**51** – 10 SimAngus Pairs  
30-day-old calves by Mr Ishee Triple Trail Blazer or S-3 Kiel K815

Both sets of these heifers were bred and raised in the Simmentals of Texas Program in Granbury Texas. There is a long history of high-end genetics centered around Simmentals of Texas, focusing on the Commercial Cattleman who is interested in adding growth, performance, milk, bone and carcass, and these heifers are a true representation of what they are looking for. They are Big middled with a very soft and maternal look. They are very solid footed and exhibit a rugged structure that is built for longevity. You will love the production that you will get from these for years to come. The pairs are mostly calved out and should be complete by 3/1/25 with all the calves sired by Black SimAngus Bulls with excellent Growth numbers.

## **SIMMENTALS OF TEXAS**

Granbury, TX  
817-894-0563

### **52 – 12 Heavy Bred SimAngus Heifers**

### **53 – 12 Heavy Bred SimAngus “Fired Up” Daughters**

AI Bred to Stevenson Turning Point 5/28/24 and 6/7/24

Wow! You will drive a lot of miles before you find a set like this. All sired by “Fired Up” these half sisters are very eye-catching, all white streak faced with the perfect angles through the shoulder and front end, and this transitions perfectly into a powerful rib cage and a stout square hip. Their sire, Fired Up, is known for structural correctness, perfect feet and excellent milking ability, and these females certainly fill that order. If you like to have good looking cattle in your pasture that will produce with the best, look these up!

### **54 – 12 Char Cross “Silver” Heavy Bred Heifers**

AI Bred to Mr Peacemaker (Red Angus) 5/28/24 and 6/7/24

### **55 – 12 Char Cross “Peach” Heavy Bred Heifers**

AI Bred to Mr Peacemaker (Red Angus) 5/28/24 and 6/7/24

These Char cross heifers from Sidwell have been some of the most talked about and popular females in the barn for several years. They continue to bring the kind with “the Look,” huge tops and butts along with the tremendous depth and spring of rib. With all this power behind the shoulder, they are still wedgy and smooth through the front end. Ideal sized and ready to produce your next great ones. Safe to Peacemaker, a true Calving Ease Red Angus Bull with balance and performance.

**56** – 12 Purebred Charolais Spring Calving Heifers

Exposed 6/1/24-10/1/24 to BPC/KB Patriot D030 K060

WW Cattle is bringing you a purebred set of Spring Calving Charolais heifers that are Registered and can be transferred to the new owner. They are a very gentle set of females that have been handled on horseback and on foot. They have had Virashield 6 and pour-on Ivomec. They are safe in calf for early March calves by Patriot, who features a -1.0 Low Birthweight EPD in addition to good Weaning and Yearling numbers for growth.
