

WEST END FIREMAN'S FESTIVAL
May 30, 31, and June 1, 2024

Dear Community Member,

We are hosting the West End Fireman's Festival at the West End Fairgrounds. This will be a community event with food, games, entertainment and family fun! It is also an important fund raising event. All proceeds will be divided between four local fire companies: Blue Ridge, Kunkletown, Polk and West End.

Your generous support would be greatly appreciated. It is also a tax deductible expense as the organizations are all non-profit volunteer fire companies.

We are looking for craft or other vendors to exhibit at our event. The event will include food, games, entertainment and family fun. We expect a large turnout, so our hope would be that you would see a significant number of people your area during the festival.

A vendor spot for the three nights of festival will be reserved for you for a \$75 donation.
