HANDWRITING CONTEST – HW (cont)

HW 4: QUOTE for Ages 20 and Over:

Handwriting: that action of emotion, of thought, and of decision that has recorded the history of mankind, revealed the genius of invention, and disclosed the inmost depths of the soulful heart. It gives ideas tangible form through written letters, pictographs, symbols, and signs. Handwriting forms a bond across millennia and generations that not only ties us to the thoughts and deeds of our forebears, but also serves as an irrevocable link to our humanity. Neither machines nor technology can replace the contribution or continuing importance of this inexpensive portable skill. Necessary in every age, handwriting remains just as vital to the enduring saga of civilization as our next breath. Michael R.Sull

The advertisement for MidSouth Home Helpers features a green border. On the left, there is a logo with two hands holding a red heart containing a white house icon, with the text "Home Care with a Heart" below it. In the center, the company name "MidSouth Home Helpers®" is written in green, with the tagline "Making Life Easier®" underneath. Below the tagline, the phone number "Call 901-414-9696" is prominently displayed in bold black text, followed by "to schedule a free assessment" in smaller black text. A QR code is located in the bottom left corner. To the right of the QR code, the text "PREMIER HOME CARE OF THE MIDSOUTH" is written in green, and the website "midsouthhomehelpers.com" is at the bottom. On the far right, there is a photograph of an elderly woman and a younger woman smiling together.

Summary of Tennessee Fair Regulations – health requirements for livestock at Fairs and Exhibitions.

1. It is expected that all exhibitors bring only healthy animals to fairs and exhibitions. Although state and federal animal health officials will be performing as many inspections as possible, **fair officials are responsible** for ensuring that all animals entering fairs for exhibition are in overall good health and are accompanied by a Certificate of Veterinary Inspection. Animals showing clinical signs of contagious disease should be sent home immediately. Violations should be reported to the state veterinarian or her agent.
2. Certificate(s) of Veterinary Inspection (CVI) are to accompany all animal(s) to the respective shows with the exception of in-state Tennessee equine and poultry. In-state Tennessee equine six (6) months of age and older must have a negative Equine Infectious Anemia test within the preceding twelve (12) months. Poultry assembled at shows or exhibitions should be accompanied by evidence of a negative test for Pullorum-Typhoid within 90 days or **be tested on-site prior to exhibition following strict biosecurity procedures** or originate directly from a flock which has been certified as Pullorum-Typhoid Clean under the Tennessee Poultry Improvement Plan. As part of increased awareness and surveillance for Avian Influenza and other poultry diseases, the physical appearance of all birds should be assessed at the time testing is conducted.
3. Certificates of Veterinary Inspection issued in satisfaction of these Tennessee Fair Regulations shall be good for **90** days for Tennessee livestock only.
4. Certificates of Veterinary Inspection demonstrate that the animal showed no signs of contagious disease at the time of veterinary exam and CVI issuance. Animals developing signs of disease after inspection but during the period the CVI is valid are still subject to rules refusing entry of animals with contagious diseases to exhibitions and shows.
5. Please note that exhibition requirements for out-of-state livestock are the same as regular import requirements.
6. Warts, ringworm, scabies, contagious ecthyma (sore mouth), foot rot, cutaneous fungal and bacterial infections (i.e. club lamb disease, caseous lymphadenitis, pink eye/conjunctivitis) are considered contagious and infectious diseases and are NOT permissible.
7. All out-of-state poultry must originate directly from a Pullorum-Typhoid Clean Flock and a H5/H7 Avian Influenza Clean Flock or be accompanied by evidence of a negative Pullorum-Typhoid test within ninety (90) days and a negative official Avian Influenza test within twenty-one (21) days.
