JUNIOR – Must be unfreshened, under two years old. All three must be bred and owned by one exhibitor. Only one group per exhibitor.

- 4. STATE HERD.** Six animals from one state consisting of two females, two years old or older who have calved; two females under two years of age that have not calved; two other females any age; owned by a minimum of three exhibitors, farming units or syndicates with a maximum of three animals from one exhibitor, farming unit or syndicate. This class will not be a lead out class; a designated representative from each state must bring entries they wish to have included in their state herd to the show desk as soon as the last individual class is completed.
- 5. PRODUCTION AWARDS.** Donated by **Fightbac, Inc.**, awarded to the animal in the top half of its class with the highest total consisting of the sum of the highest actual 305 day or less milk, amount of fat and amount of protein. The top producer will be based on 305 day or less ACTUAL production record of total pounds produced, three times a day milking records will be adjusted to twice a day. Substitute entries are eligible. Records should be listed on the entry blank at time when entries are made. These records will appear in the catalog. Records will be accepted when the breed superintendent checks in the cattle. DHI records must verify all records. Records will not be accepted day of show.
- 6. TOTAL PERFORMANCE AWARD.** Animals must place in the top 50% of their respective classes to compete. A cow must have at least two completed records of 305 days or less. Both records used must be DHIR or DHI. An average of the top two completed 305 day or less actual production records will be used. Yield Deviation (YD) on official AGA pedigrees will be used and the type appraisal scores will be verified. Dry cows are not eligible. This is not a lead out class; however, the winning animal will be asked to return to the ring and

the awards presentation will be made at this time. Points will be calculated as follows: Production - 10 points for each 1,000 pounds of milk based on the average of the top two records; one point for each 10 pounds of combined butterfat and protein (CFP) based on the average of the top two records. Yield Deviation - 10 points for each 100 pounds of milk; one point for each pound of CFP. Appraisal Score - The cow's current official appraisal score will be doubled. Show Placings - Points will be awarded on the basis of the official placing in the class. These points will be taken from the scale used for Premier Breeder and Premier Exhibitor and multiplied by 20 to equal show points. Breeder - 50 bonus points shall be awarded if the exhibitor is the breeder of the animal. If a tie should exist, a lactation factor shall be applied, with 10 points being awarded for each lactation the cow has completed.
