<u>Temporary Electrical Services:</u>	<u>Advanced Rate</u>	<u>Standard Floor Rate</u>
	Ordered 30 Days Prior	Within 30 Days
20 amps, 110V drop	\$125.00	\$150.00
<ul style="list-style-type: none"> 20 amps will serve 4 - 10' x 10' booths, with 5 amps per booth 		
50 amp-single phase, 220V	\$450.00	\$550.00
Electrical Cable Ramp	\$50.00	\$60.00

NOTE: 20amps Power Drops will typically provide power to 4 - 10' x 10' booths, giving each booth 5 amps of service. If a particular vendor has greater power needs than 5 amps, it may mean only 3 booths could be serviced with 1 - 20amp drop, or that vendor may need a dedicated 20amp circuit just for their space. In which case that would require a single \$125.00 drop just for that vendor's space. You will need to work with your vendors to have them clarify what they think their electrical needs will be and then as your show plans advance, we will work with you on your specific electrical needs within your layout of booths. We require a floor plan with electrical drops 30 days in advance of your event.
