

**Farm Park is inspired by Farm to Table**

The Farm to Table program provides an opportunity for Local 5th Graders to have an interactive experience with various agricultural components to show how the food we eat gets to the table.

**LEARNING OPPORTUNITIES  
AT FARM PARK**

**Cow Milking:** Kootenai/Shoshone Farm Bureau loves to educate youth about how to milk a cow and the processes it goes through to end up in the carton we buy at the store.

**Livestock:** Local farmers allow us to borrow their animals for the week to give a real “farm life” experience to kids that may not be familiar with larger animals. This allows for kids to learn about different species, breeds, purposed, and by-products.

**Additional Activities/Demonstrations:** Mini car track, herding dogs, Angora goats, Shetland Sheep, Community Contests, Sheriff’s Office K9 demonstration.
