

Geocaching is an outdoor, family-friendly adventure using GPS technology for a modern day treasure hunt.

To play, participants use a GeoCaching app on a smartphone or a GPS device to navigate to cleverly hidden containers called geocaches.

Visit [GeoCaching.com](https://www.geocaching.com) to set up a free account to get started. You may discover some small items or trinkets inside the geocache – the general rule of thumb is if you take something, leave something of equal or greater value.

When you find a geocache, sign and date the log sheet within the cache.
