Our themed exposition is designed to educate and entertain everyone. You will discover an incredible journey through 15 interactive exhibits, exploring how the fascinating ideas and concepts of science fiction could soon become the reality of tomorrow. Discover the wonders of science, technology, engineering, math, biomedicine, artificial intelligence, and more!

The Fair's primary focus continues to be our agricultural displays, livestock entries and community competitions. Be sure to visit our exhibit halls to see some new and creative agricultural displays and creative skill entries. There are so many ways you can be a part of the Fair. Please take some time to review the premium book and get involved.

In addition to the animals and the themed exposition, be sure to plan your day at the Fair to include a visit to our historic Yesteryear Village and to visit the Fair's spectacular midway produced by Wade Shows.
