**WASATCH COUNTY
FAIR DAYS 2023
GRAND MARSHALLS**

GRAND MARSHALLS

Edd and Peggy Thacker

Edd and Peggy are lifelong residents of the Heber Valley, even growing up in the same neighborhood. After graduating from Wasatch High School, Edd was on the track team at Ricks College, then served a church mission. He and Peggy were married in September of 1969. After graduation, Edd and Peggy moved back to Heber where they have lived for the last 52 years.

During that time, Edd worked in law enforcement as the Wasatch County Sheriff and other capacities for 40 years. Peggy spent 30 years working for the Division of Child and Family Services. They have also been active volunteers in the community and have always been involved with the County Fair-- from having trained oxen and covered wagons in the parade to overseeing the Talent Find. They have also been of great service in their church.

The Thacker's are blessed with four children and two grandchildren.

Peggy has been battling cancer since 2008. Together, they would like to express their gratitude to the good doctors, to family, to friends and to the Horse of Many Colors organization; for being a source of help and strength. They continue to hope, pray and believe that someday cancer will have a cure.

Edd and Peggy love this valley and are honored to be the Wasatch County Fair Days Grand Marshals.

ONE OF RODEO'S WILDEST BAREBACK RIDING

2022 MVS Champions

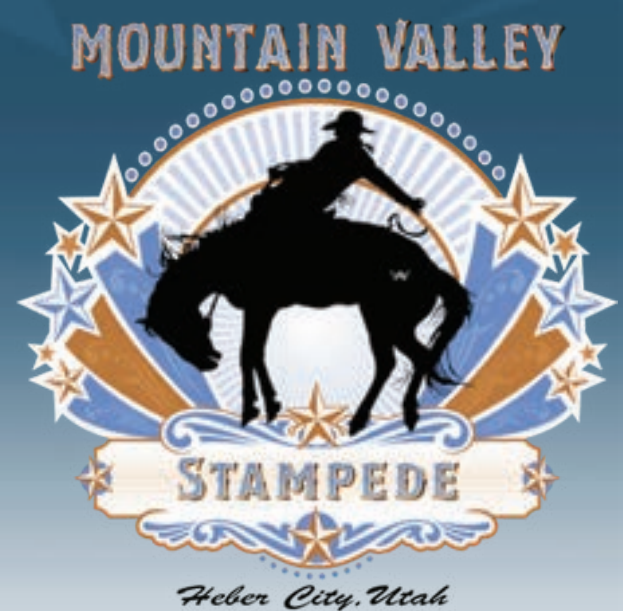

Two way tie - 88 points

Austin Foss Cole Reiner

Bareback riding is one of the most physically demanding events in rodeo. Contestants must ride a bucking horse for eight seconds, holding nothing but a single-handed rigging cinched around the horse's girth.

A rider is disqualified if he touches his equipment, himself or the animal with his free hand, or if he is bucked off before the eight-second timer.

Half of the cowboy's score comes from his spurring technique and "exposure" to the strength of the horse; the other half is determined by the bucking strength of the horse.

RODEO'S QUICKEST EVENT

STEER WRESTLING

2022 MVS Champion

3.5 Seconds

Bridger Chambers

In steer wrestling, also known as bulldogging, cowboys compete against each other and the clock. The event requires strength, speed and good timing. Cowboys begin in the box atop their horse and the barrier is drawn across the entrance. A steer is loaded in the chute. When the rider is ready he simply nods and the steer is released.

Horse and rider chase the steer and when in position, the rider leans over and jumps off his horse and grabs the steer by its head.

The cowboy must then wrestle the steer to its side to stop the clock.

Winning times are in the 3-to four-second range. If a rider breaks the barrier coming out of the box he receives a 10-second penalty.

RODEO'S ONLY 2 MAN EVENT

TEAM ROPING

2022 MVS Champions

4.6 seconds

Header - Jake Javis Heeler - Taylor Winn

Team roping requires precise timing and anticipation between mounted header and healer. The header's job is to rope the steer around the horns, neck, or a horn-neck combination, then turn the steer so that the healer can rope both the steer's hind legs.

The clock is started when the ropers leave their boxes, and it stops when their ropes are taut and their horses are facing each other.

If a healer catches only one leg, a five-second penalty is assessed. If the header fails to give the steer its allotted head start, the team receives a ten-second penalty.

RODEO'S CLASSIC EVENT

SADDLE BRONC RIDING

2022 MVS Champion

85 points

Lefty Holman

Saddle bronc riding was born in the Old West where ranch cowboys would test themselves against each other and the rankiest of unbroken horses.

Not much has changed. Today the cowboys are still climbing aboard bucking horses, and the competition between man and -man and horse- is still as intense as ever.

Requiring strength, style and timing, a bronc rider must begin with his feet placed over the bronc's shoulder, then synchronize his spurring action with the animal's bucking style in order to receive a high score after the eight-second trip.

THE CHASE IS ON TIE-DOWN ROPING

2022 MVS Champion

8.5 seconds
Brayden Roe

MOUNTAIN VALLEY

Heber City, Utah

A tie down roping run begins with a mounted cowboy giving a head start to a calf about 250 pounds, then chasing it down the arena.

After roping the calf, the cowboy dismounts, runs down the rope (which is anchored to the saddle horn), lays the calf on its side and ties any three of its legs with a 'piggin' string he carried clenched in his teeth.

It requires a great athlete to accomplish the mad dash in a matter of a few seconds.

PRO RODEO'S NEWEST BREAKAWAY ROPING

Breakaway roping is one of rodeo's newest events. Sanctioned by the Women's Professional Rodeo Association. Breakaway roping is rodeo's second all female event.

The roper must throw the rope in a loop around the calf's neck. Once the rope is around the calf's neck, the roper signals the horse to stop suddenly. The rope is tied to the saddle horn with a string. When the calf hits the end of the rope, the rope is pulled tight and the string breaks.

If the roper breaks the barrier a ten-second penalty is added to their time.

LADIES ONLY

BARREL RACING

2022 MVS Champion

16.97 Seconds

Lynette Clyde

MOUNTAIN VALLEY

Barrel Racing is a "ladies only" timed event in which the rider must successfully ride around three 550gallon barrels placed in a cloverleaf pattern as quickly as possible.

The clock is the judge and begins when the horse crosses the starting line. The rider must perform two turns to the left and one to the right or two turns to the right and one to the left. Riders can brush the barrels, but if one is knocked down, a five-second penalty is added to her time.

Fastest time wins.

THE MOST UNPREDICTABLE BULLRIDING

MOUNTAIN VALLEY

Heber City, Utah

2022 MVS Champion

Two way tie - 87.5 points

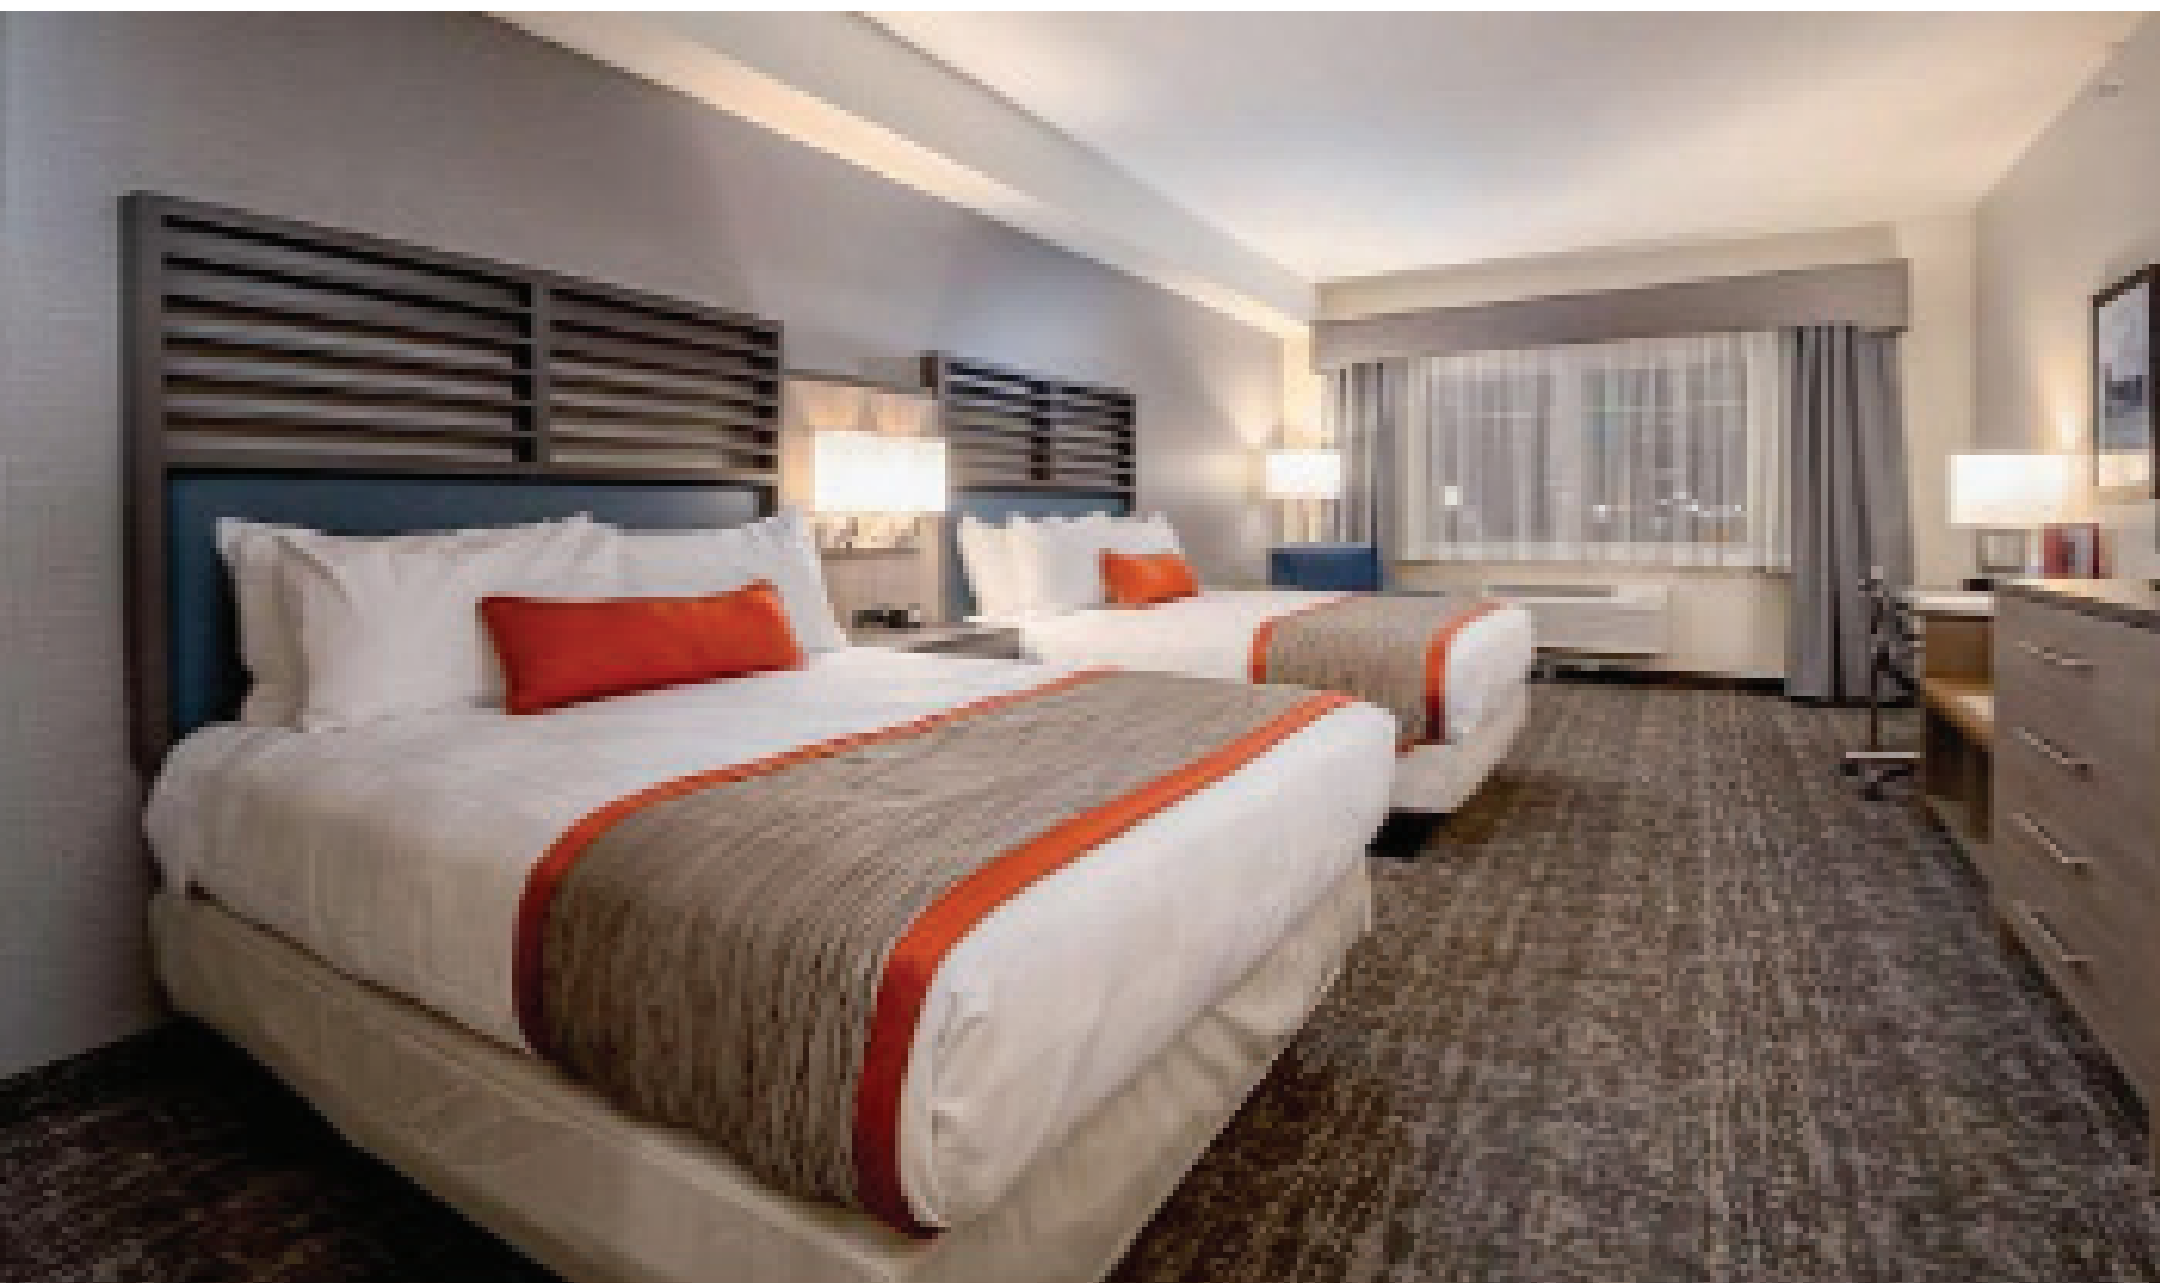

Stetson Wright Ky Hamilton

Bull riding is perhaps the easiest event in rodeo to understand. A cowboy tries to ride a bull for eight seconds while holding a simple rope looped around the bull's midsection. The rules aren't complicated: Don't use your free hand, don't fall off.

Scoring is based on possible perfect score of 100 points, with half deriving from the contestant's skill and half coming from the bull's performance.

It sounds simple enough but bull riding is also one of rodeo's most dangerous and unpredictable events. The angry bull weighs up to a ton and many are equipped with horns.
