- Kenworth is simply our "go to" and highest customer satisfaction proven bull we have to offer. He is a bull that consistently adds muscle, depth of body, and overall shape. His calves come light and are always the heaviest in the weaning pen and yearling pen. Kenworth improves docility and foot shape as well. We have just calved out his first daughters and are extremely pleased with their udder quality and teat shape.
- Co-owned with Salinas Farms and J/C Simmentals.
