## GENERAL RULES

**1. EXHIBITOR COMPLIANCE.** The rules and regulations contained in the Official Big E Premium Book (including IAFE Code of Show Ring Ethics and ESE Code of Ethics) are the conditions under which all entries are accepted. Exhibitors are urged to study these rules carefully before making application for entries. A signed entry serves as an agreement to comply with all rules and regulations contained within this book and all other official Big E publications (including changes posted within our website). Incomplete (unsigned) entries will be returned with any accompanying payment.

**2. LOSS OR DAMAGE.** All exhibits will be under the direction of Eastern States Exposition Management, who will exercise every reasonable care in the protection of exhibits. In no case will Eastern States Exposition or Management be responsible for any loss or damage that may occur. Each exhibitor will be solely responsible for any loss, injury or damage to any animal; or loss, injury or damage done by or arising from any animal exhibited by him/her, and shall indemnify Eastern States Exposition against legal or other proceedings in regard thereto. All consumption of food/beverages in the Mallary Complex by exhibitors and their guests is done at the exhibitor's risk.

**3. ENTRIES.** A separate entry form is required for each exhibitor and/or herd unit for each breed. Online Entries: Access to the Eastern States Exposition online entry system is at [www.TheBigE.com/agriculture](http://www.TheBigE.com/agriculture). Forms are available online from the Agriculture page of [www.TheBigE.com](http://www.TheBigE.com) and may be reproduced for your convenience. Faxed entries will be accepted and will be processed when a credit card number has been charged. *Metered mail postmark will not be accepted as proof of deadline compliance.* In the event the number of entries exceeds the allowed barn space capacity, entries will be accepted in the chronological order they were received. Refunds on cancelled entries are granted in extreme circumstances by the Director of Agriculture.

**4. INITIAL PASSES.** Upon receipt and acceptance of entry, **initial entry passes** will be issued to the exhibitor. Passes are intended to provide initial entry and parking for people working directly with the animals and owners. Additional passes will be available from your superintendent upon arrival.

**5. REDUCED RATE TICKETS** are available from the Agriculture Office after July 1 at \$10 per ticket. We invite and encourage you to take advantage of this ticket savings. Please call 413-205-5011, requesting the Agriculture Office, or email a ticket request to [aginfo@TheBigE.com](mailto:aginfo@TheBigE.com).

**6. RULE VIOLATIONS.** Within the show ring competition the decision of the judge is final in all cases—except where an error or deliberate misrepresentation is discovered. In the case of unintentional error brought to light after placing has been announced but before the end of the breed show, a correction of placing and corresponding premiums will be made by Management. If the error is not discovered until after the completion of the breed show, Management will make an effort to rectify the error but will not be held responsible for exhibitor unintentional error. If, in the opinion of Management, an exhibitor willfully violates any rules governing The Big E, all premiums/prizes won by him/her will be forfeited and he/she may be subject to such other penalties as Management deems appropriate. Other penalties will potentially involve inclusion in the National Show Ring Ethics infraction database.

**7. RULE AND DEADLINE INTERPRETATION.** The Management of Eastern States Exposition reserves the right to interpret all rules and regulations governing the show and to make such decisions as may be necessary for the successful conduct of the show. Such interpretations and decisions will be final. Questions regarding rule interpretations should be directed to Director of Agriculture & Education, Eastern States Exposition, 1305 Memorial Ave., West Springfield MA 01089, telephone (413)205-5011 or [aginfo@TheBigE.com](mailto:aginfo@TheBigE.com). Requests will receive prompt attention. Request for exception to any rule must be made in written form and must accompany the entry form. This request is not grounds for a late entry. All entries must be made in accordance to the listed dates to be accepted.

**8. GRIEVANCE PROCEDURE.** An exhibitor wishing to protest or appeal any action, condition or circumstance occurring during the show which he considers detrimental to his interests, the interests of his fellow exhibitors or those of the Exposition, may protest, complain or appeal to the Management at any time prior to the release hour for his exhibits, by plainly stating his appeal or protest in writing and attaching thereto a fee of \$100, such fee to be refunded upon settlement of the claim in his/her favor but forfeited if the protest is not sustained. Protests questioning the competency or fairness of judges will not be entertained or condoned. In all cases of complaint, protest or appeal, the decision of the appropriate committee will be binding and final.

**9. VALID REGISTRATION CERTIFICATES.** The original registration certificate or association's duplicate or computer printouts (NO PHOTOCOPIES) will be considered as proof of ownership, identity, age and breeder of an entry. Electronic registration certificates are accepted and may be used by management as ownership verification. The ownership of an entry must appear on the certificate as it will be exhibited, or if owned in partnership, exhibited by one or more of the owners. In the case of an animal under one year of age, a photocopy or electronic image of the registration application with a registration number assigned by the breed association may be presented if the actual registration paper is not processed

by show date. We will not accept registration transfers after the show has started. It is the exhibitor's responsibility to be sure animals are registered properly according to their respective breed association rules. Junior exhibitors should check rules under their specific breed for ownership deadlines. Please make sure papers are with animals.

**10. TATTOOS.** For all breeds requiring tattoos as a means of permanent identification, it is the exhibitor's responsibility to be sure tattoos are clear and easily readable. Animals with questionable tattoos will not be allowed to show. Exception: Llamas and Alpacas must have microchips.

**11. EXHIBITOR AND BREEDER.** An exhibitor must be the owner or member of a partnership or syndicate owning an animal. Animals owned in partnership or syndicate must be entered in an individual class of the show under the partnership or syndicate's name. In the group classes, partnership or syndicate animals may be entered and exhibited under the name of one of the co-owners, but must be entered in all classes in the same manner. For the purpose of meeting the requirements in all group classes, for premier breeder and exhibitor, and defining numbers of an entry, an exhibitor is further defined as those members of an immediate family residing on one farm and where the herd is one unit. *Exhibitors are required to list persons qualifying as family members of one unit or all members of a syndicate on the entry form.*

**12. SUBSTITUTIONS.** An entry may be substituted within or between classes after the entry deadline, providing the owner and/or part owner making the original entry is owner and/or part owner of the entry being substituted. (See Special Rules in Dairy Goat & Sheep section for exception.) As described in the definition of exhibitor and breeder, substitutions may be made among different members of the same family on the same farm. There will be no substitutions between breeds. **Use the substitution form located on the website.**

**13. INSPECTION PROCEDURE.** All gates are closed to livestock entrance or exit between 11pm and 6am. Please plan to arrive only during the times listed in each show section, unless otherwise stated.

a. All inspections will be done by official Animal Health Inspectors or Massachusetts State Veterinarians (referred to as AHI). They have the final word of determination and Management will support their decisions.

b. Multiple AHI personnel will be on hand during the pre-determined arrival hours and will remain until all animals have been checked. Specific inspectors will be in charge of specific areas, but all inspectors are qualified to inspect all species of animals and may be called to additional areas as needed.

c. Health papers and official interstate health papers issued from their state of origin, and meeting MDAR Fair Animal Health Requirements must accompany animals! This means the driver or exhibitor must be in possession of the papers and remain with the animals during the entire inspection process.

d. Arrive at Gate 1

1. Show health papers, if requested to do so.

2. If the gate person requests, please wait patiently until directed to proceed to the next point.

e. Proceed to Gate 10

1. Show health papers, if requested to do so.

2. Be prepared for staff to compare the number of animals being transported with the number of animals listed on the papers. **All animals being transported must be accounted for on the health papers or driver will be asked to leave without unloading.**

f. Please make contact with your Superintendent before attempting to unload ANY animals. No animals may unload before Superintendent approval. **Each animal MUST pass inspection before entering the Mallary Complex or tie-out stalls.**

g. (Bovine, Goat, Camelid) Unload as directed by Superintendent.

1. AHI will inspect each animal as they unload. AHI initials on the health papers prove the animal has passed inspection and may be stalled/penned.

2. If there is a waiting line, animal safety and welfare is of utmost concern. Weather (heat and humidity) may dictate the animals' need to unload before the inspection process can happen. In this case, the animals will proceed to the nearest wash rack on the perimeter of the Mallary Complex and remain there until inspected. **No animal may enter the Mallary Complex or tie-out stalls before they have passed inspection.**

h. (Sheep, Swine) Unload as directed by Superintendent.

1. AHI will inspect each animal as they unload. AHI initials on the health papers prove the animal has passed inspection and may be penned.

2. If there is a waiting line, animal safety and welfare is of utmost concern. Weather (heat and humidity) may dictate the animals' need to unload before the inspection process can happen. In this case the animals will proceed to the holding pens on the east side or east alcove of the Mallary Complex. There, animals may unload and wait in relative safety and comfort until their turn to be inspected. **No animal may enter the Mallary Complex before they have passed**

**inspection.**

- i. Any animal not passing inspection will be asked to leave the grounds. If leaving would induce unfair hardship on the driver or exhibitor, the animals would proceed directly to the quarantine area directly outside Gate 10 and remain in the quarantine area for the duration of their stay. A reasonable amount of bedding will be provided in the quarantine area; water and electricity are available. Animal care is the responsibility of the exhibitor. Said animal may not be exhibited.
  - j. Failure to comply with the Arrival and Inspection Procedure will constitute an infraction of the General Rules and Regulations in which case the exhibitor and/or driver and all animals listed within that entry will be asked to leave Eastern States Exposition premises.
- 14. ARRIVAL/DEPARTURE WAIVER.** On rare occasions, exemptions to our published Arrival/Departure times are allowed. (Example: in case of family emergency or to accommodate attendance at other live-stock expositions.) To request exemption to the published Arrival/Departure times, a request must be made to the Director of Agriculture and Education. The Director of Agriculture and Education will be contacted by gate security and will handle all nighttime emergency arrivals.
- 15. RELEASES.** All release documents will be issued from the Superintendent's Office. Exhibitors who remove one or more animals without a release will forfeit all premiums won. For times and dates, please see each specific show. **Premiums will be forfeited by the owner if exhibitor of a show string chooses to leave early.**
- 16. STABLING.** Stabling process begins with your accepted entry form; special stabling requests will be entertained if made at the time of entry and space allows. ## EASTERN STATES EXPOSITION SHOW RING POLICY AND CODE OF ETHICS

Eastern States Exposition is one of the premier livestock shows in the Northeast. As an elite venue, Eastern States Exposition has a responsibility for maintaining a first-class image of fairness and ethics in its livestock shows. The purpose of regulations concerning ethical practices is to maintain a positive international reputation and to ensure good animal husbandry is on display for all spectators. Eastern States Exposition seeks to promote good animal husbandry, attractive barn exhibits and a high-quality show for exhibitors and spectators.

Eastern States Exposition endorses the PDCA and the IAFE Code of Ethics in all livestock shows and gives full cooperative support to the judges and the respective National Breed Associations. It recognizes that certain practices are necessary in the proper care and management of livestock in the course of moving livestock to and between shows in order to keep them in a sound, healthy condition so they might be presented in the show ring in a natural, normal condition.

To detect any unethical practices, show management, at the discretion of the Ethics Committee, may use technologies for testing body fluids like milk or blood or other new examination techniques like ultrasound at anytime while the animals are on Eastern States Exposition grounds. By making entry in any exhibition, an exhibitor consents to the collection of specimens, e.g. milk, blood, etc., and photographic or direct examination of the animal. Furthermore, by making an entry in any exhibition, the owner and/or exhibitor, as well as any individual handling or fitting their animal, agrees to supply proper animal and personal identification when asked by ethics personnel or show management.

The following are examples of practices or procedures that are violations of the Eastern States Exposition Show Ring Policy and Code of Ethics, which include, but are not limited to, the following:

1. Misrepresenting the age, lineage/breed and/or milking status of the animal for the class in which it is entered.
2. Treating an animal without a verifiable veterinary need for that treatment, internally or externally, for the purpose of improving the appearance. Extra label use of all drugs must be used under the direction of a licensed veterinarian. Evidence of same shall be provided in writing if requested.
3. In dairy cattle, using a device to artificially create or enhance the udder crease.
4. Icing of animal for non-medical purposes.
5. Administering an injected or applied anesthetic to alter the carriage of the tail or other body parts.
6. Surgically or unethically inserting any matter under the skin or into any body cavity to change the natural contour or appearance of the animal's body.
7. Criticizing or interfering with the judge, show management or other exhibitors while in the Show Ring, on show grounds or other conduct detrimental to the breed or the show.
8. Challenging, threatening, criticizing or interfering with an Ethics Committee member or volunteer appointed by show management to monitor the animals on exhibit on the show grounds.
9. Failing to provide proper/accurate animal and/or personal identification when asked by ethics personnel or show management.
10. Adding real or artificial hair or hair-like substances to any part of the animal, except for false switches.
11. Excessively manipulating topline and/or tailhead hair in dairy cattle, beyond 1 1/2 inches from the skin.
12. \*Should a topline violation occur (i.e. adding real or artificial hair or hair-like substances or if topline hair is in excess of 1 1/2 inches): the Director of Agriculture and Education or their appointed agent shall inform the exhibitor that if they choose to enter the Show Ring, after being informed of such a topline violation, an ethics violation will have occurred.
13. Mistreatment of an animal.
14. Unsportsmanlike conduct on the part of owner or their representative(s).
15. Improper fitting practices, such as over filling and over bagging.
16. Any alleged unethical practices or procedures not listed above are subject to review by the Ethics Committee.
17. An observer, will be appointed by Eastern States Exposition Management to be on duty at Eastern States Exposition events.
18. The observer will be responsible for monitoring violations of the Eastern States Exposition Show Ring Policy and Code of Ethics by exhibitors and their representatives.
19. Complaints of alleged violations may be presented to Eastern States Exposition Director of

- Agriculture and Education.
20. All complaints of alleged violations received by Director of Agriculture will be referred to the Ethics Committee to determine investigative requirements and discipline. To the extent reasonably possible, the identity of the animal, the owner and/or other involved parties will be kept confidential.
  21. All findings of the Ethics Committee will be presented to the Director of Agriculture and Education.
  22. The Eastern States Exposition staff has the authority to inspect all animals to determine if violations of the Eastern States Exposition Show Ring Policy and Code of Ethics have occurred. In that regard, the Eastern States Exposition has authority to perform the following:
    - pull hair samples;
    - draw blood samples;
    - perform an ultrasound examination of the udder, prior to milk-out;
    - perform a milk-out of any individual cow or cows;
    - collect and test any of the animal's body fluids;
    - use any technology that may be useful in determining if a violation has occurred in any animal based on placement, random selection or suspect characteristics;
  23. Require delivery to the Eastern States Exposition Director of Agriculture and Education of hypodermic syringe, needle or other devices, swabs, cloths, or other material, or samples or any medicine, preparation, or substance, whether in liquid or other form, in the possession or control of the exhibitor, the fitter, agents or persons acting on behalf of the exhibitor for the purpose of laboratory analysis.
  24. Following the judging of the milking cow classes, the Eastern States Exposition will ultrasound the udders, prior to milk-out, of at least 3 cows in a class.
  25. Following the judging of all milking cow classes, milk samples may be taken from a minimum of three cows in both the open and junior show – the Grand Champion, the Reserve Grand Champion and the Honorable Mention. Random ultrasound and milk samples will be taken in milking cow classes. Exhibitors who are selected to have milk samples taken from their animals will be presented a colored card with directions. Samples are not required to be drawn immediately following the class; however, teat seals may not be removed for milking until an ethics representative is present to take the samples. Animals may also be selected by the Director of Agriculture and Education to have a blood sample drawn.
  26. An individual who is not necessarily an owner or exhibitor but who commits a violation of the Eastern States Exposition Show Ring Policy and Code of Ethics, will be subject to the same ethics enforcement procedures and sanctions as the owner or exhibitor. If an ethics violation occurs at the show, the Ethics Coordinator may take the following courses of action, depending on the severity of the violation.
  27. Report to the Director of Agriculture and Education who may inform the judge of the violation. The judge may consider the violation in the placing of the class.
  28. Following the completion of the Eastern States Exposition events and the evaluation of the hair samples/measurements, ultrasound readings and upon the receipt of the milk sample and blood sample analysis or other lab reports, and reports of eye witnesses or Eastern States Exposition personnel, the Ethics Committee will submit a report to Show Management if any violations have occurred. This reporting will happen as soon as reasonably possible after the end of the show.
  29. If evidence suggests that a violation has occurred, the Director of Agriculture and Education will promptly notify the accused individual(s) and/or owner(s) as listed on the entry form of the suspected violation and will provide the accused individual(s) with copies of the supporting evidence to the extent reasonably possible. As soon as possible thereafter, an ethics hearing will be scheduled. Eastern States Exposition shall take reasonable steps to maintain the anonymity of the accused individual(s) and/or animal throughout the enforcement process.
  30. An Eastern States Exposition representative will present the evidence, while maintaining individual confidentiality, at a hearing of the Ethics Committee. Generally, the Ethics Committee will consist of eight people; seven livestock committee members, including representation of at least three different species, and moderated by the Eastern States Exposition Director of Agriculture and Education. Ethics Committee members will serve as a jury to determine whether the accused individual(s) is/are guilty of a violation and, if so, what penalty is appropriate for the violation. A guilty verdict must be by a 2/3 majority of the Ethics Committee. The hearing will be presided over by the Eastern States Exposition Director of Agriculture and Education. In each case, the accused individual will be invited to defend or explain the allegations, submit

- evidence, and/or have representation at the hearing.
31. Promptly after the Ethics Committee renders its decision, the Director of Agriculture and Education will inform the accused individual(s) of the determinations of the Ethics Committee. It is the accused individual(s) responsibility to notify any other owners of the determination by the Ethics Committee.
  32. If found guilty of a violation of the Show Ring Code of Ethics, the penalty for the individual, the exhibitor, the representative and/or the animal may range from a letter of reprimand to being barred for three years from participating at Eastern States Exposition. The identity of the animal(s), exhibitors and/or representatives that are barred will be kept confidential to the extent reasonably possible.
  33. An animal found in violation of the Show Ring Code of Ethics will forfeit any premiums, their placing will be removed and the animal and/or owner/representative must observe any penalty placed upon them.
  34. If the individual, the exhibitor and/or their representatives are guilty of repeated violations at Eastern States Exposition events, they and/or the animal could be barred from participating at Eastern States Exposition for life.
  35. Barring an exhibitor or representative and/or an individual will result in animals owned fully or in partnership by that individual, farm and/or affiliated entity not being allowed to enter, exhibit or sell in Eastern States Exposition shows and/or sales. The barred individual will also be ineligible to be present in the Show Ring, and/or serve any other official capacity for the length of the bar. Any individual barred for an ethics violation at any point of time (regardless of timing or length of bar) must be approved by Eastern States Exposition's Ethics Committee prior to being nominated to serve on any official committee or as an official judge.

## ANIMAL HEALTH RULES AND REGULATIONS

**Attached are the 2024 Massachusetts Animal Health Rules for Fairs and Shows. These rules are current as of August 10, 2024 but are subject to change due to the continuing outbreak of Highly Pathogenic Avian Influenza (HPAI) in birds in the United States. Please visit Massachusetts Agricultural Fairs Program | Mass.gov for the most updated version.**

**Special Notes:** Massachusetts COVID-19 response orders supersede all other exhibition guidance

Due to the continuing outbreak of Highly Pathogenic Avian Influenza (HPAI) in birds in the United States, Animal Health Officials from all six New England States may recommend postponing competitions, exhibitions, shows, swaps, or other in-person events encouraging the gathering or comingling of domestic fowl or poultry. If events are held, best practices for biosecurity should be implemented.

The virus that causes HPAI in birds, H5N1 influenza, has also been detected in lactating dairy cattle in 12 states as of May 24, 2024, all outside of New England. As a precaution, all lactating dairy cattle moving interstate are subject to additional pre-movement testing and documentation requirements, and some fairs and shows may prohibit their entry onto show grounds. Please see the "Cattle" section below for more information.

In addition to complying with all laws and regulations governing animal health issues all fairs must adopt and enforce the following rules for governance for the fair.

*NO animal will be admitted to the fairgrounds unless it meets the requirements below. NO animal is to be unloaded or enter a barn or tie-out stall until the animal and its paperwork have been inspected and approved for entry.*

General Rules for All Animals: See M.G.L. c. 128 §2C. 129 §2

### **A. General Rules for All Animals: M.G.L. c. 128 2C. 129 2**

1. All animals must be in proper physical condition, be properly identified and free of visual evidence of infectious, contagious or parasitic disease at time of arrival. Specific diseases and conditions which will disqualify an animal for entry are identified for each species in the following sections of the rules. Animals of any species with open or draining wounds will not be approved for entry.
2. Evidence of infectious, contagious or parasitic disease or failure to produce the necessary documents for health certification, vaccination or testing will result in the animal's rejection for entry. **THE INSPECTOR'S DECISION IS FINAL.**
3. Any surgical procedure or injection of any foreign substance or drug or the external application of any substance (irritant, counterirritant, or similar substance) which could affect the animal's performance or alter its natural contour, conformation or appearance, except external applications of substances to the hoofs or horns of animals which affect appearance only, and except for surgical procedures performed by a duly-licensed veterinarian for the sole purpose of protecting the health of the animal, is prohibited.
4. Official ID: See Final Rule: Summary of Traceability for Livestock Moved Interstate (Summary of general requirements by species)

All livestock must have proper official, individual ID as required and approved for the species, e.g., official metal ear tag, tattoo, scrapie tag, or microchip. Registration forms must accompany health certificates when used as part of official identification.

#### 5. Health Certificates: --

**One Official Certificate of Veterinary Inspection (OCVI) may be allowed for animals of the same species to be exhibited at fairs or shows in any of the New England states (CT, \*ME, MA, \*\*NH, RI, and \*\*\*VT) when submitted with an itinerary of the dates and locations of the events at which the listed animals are expected to be shown. Only animals that are healthy at the time of shipment may be moved.** Note that \*ME, \*\*NH, and \*\*\*VT have additional requirements. Certificates of veterinary inspection in these states are valid for a shorter period of time and may have additional language, movement and permit requirements.

For the 2022 Show and Fair Season, livestock animals being exhibited in New England states must have official certificates of veterinary inspection (OCVIs) that meet the following requirements:

- a. **MA, and RI:** OCVIs issued on or after **January 1, 2024** may be used for those animals being shown at multiple fairs and shows in **MA**, and **RI** through the 2024 show/fair season ending October 31, 2024. **MA -Notes: The Big E Fairgrounds** in West Springfield requires an Infectious Disease Waiver (provided by The Big E) for all equines entering the premises for any show, fair, or exhibition. All bovines must have official RFID tags.
- b. **CT and ME:** An importation permit for exhibition animals is also required. Contact CT Dept. of Agriculture

(860-713-2504) or ME State Veterinarian's Office (207-287-3701) for permits or questions.

- c. **NH:** \*\* NH: To qualify for the extended CVI, animals exhibited in NH must originate in a New England state and move on OCVIs issued on or after April 1, 2022 to participating NH fairs and shows from **July 1 to October 31. The extended CVI is not available for animals that do not reside in New England. Contact NH State Veterinarian's Office (603) 271-2404 for details and permits.**
- d. **\*\*VT:** Contact the VT Animal Health Office (802-828-2421) for specific import requirements that deviate from the general information in this letter and must be met for legal import of livestock.
- e. A single OCVI from the animals' home state may be completed for travel to and from the New England states in which the animals will be exhibited. MA animals being shown **ONLY** in MA may substitute a signed, dated letter on the letterhead of an accredited veterinarian for an OCVI if all required information is included and all additional requirements are met.
- f. Multiple animals of the same species may be listed on one health certificate with appropriate individual IDs and descriptions. Animals of different species may not be listed on the same official health certificate.
- g. **An itinerary of the names and locations for each New England fair or show at which owner expects to show the listed animals and the dates when each animal is expected to be on each site, must be prepared by the owner and presented to the veterinarian at the time the OCVI is written.**
  - i. **A copy of this planned itinerary must be attached to the official health certificate (import and export) for it to be used for more than one fair or show.**
  - ii. That proposed list should be signed by the veterinarian and the owner/ exhibitor and reference the relevant OCVI number(s).
- h. The name and address of the first show or fair where the listed animals will be exhibited is to be used as the "destination" on the OCVI form. In addition, "See attached list" or a similar statement directing Animal Health Officials or Fair Inspectors to the attached proposed itinerary must be included.
- i. Exhibitors must keep an accurate list of the show locations and dates when their animals were actually on the show/fairgrounds. This record must be available to fair inspectors at each inspection and check-in.
- j. Any animal listed on an OCVI that becomes sick must remain home. If the animal is refused entry to any exhibition during 2024 for health reasons it must have a new health certificate issued by an accredited veterinarian within 30 days of the next interstate movement.
- k. Any New England state may end their participation in this agreement and revert to the standard published requirements for livestock imports in the state at any time, in the event of foreign animal disease outbreak or changes to state legislation.

**All petting zoos are required to have a USDA APHIS Exhibitor's License (as needed) and valid 2024 health certificates.**

**ADDITIONAL REQUIREMENTS FOR EACH SPECIES ARE LISTED BELOW**

**B. Cattle: See M.G.L. c. 129 §62, 39 and 330 CMR 4.04(2).**

**Updated May 24, 2024:**

**Please be advised that the above guidance does not apply to Lactating Dairy Cattle moving interstate for purpose of showing or exhibition. Lactating Dairy Cattle are subject to the Federal Order requiring a negative test for Avian Influenza and an Official Certificate of Veterinary Inspection (OCVI) written by an accredited veterinarian in the state of origin within 7 days of movement.**

**This is an evolving situation. Changes to these requirements will be published as they become available. Fairs and shows may elect to prohibit lactating dairy cattle from entering the show premises.**

**IAFE**  
**(INTERNATIONAL ASSOCIATION OF FAIRS AND EXPOSITIONS)**  
**NATIONAL CODE OF SHOW RING ETHICS**

Exhibitors of animals at livestock shows shall at all times deport themselves with honesty and good sportsmanship. Their conduct in this competitive environment shall always reflect the highest standards of honor and dignity to promote the advancement of agricultural education. This code applies to junior as well as open class exhibitors who compete in structured classes of competition. This code applies to all livestock offered in any event at a livestock show. In addition to the "IAFE National Code of Show Ring Ethics," fairs and livestock shows may have rules and regulations which they impose on the local, county, state, provincial and national levels.

All youth leaders working with junior exhibitors are under an affirmative responsibility to do more than avoid improper conduct or questionable acts. Their moral values must be so certain and positive that those younger and more pliable will be influenced by their fine example. Owners, exhibitors, fitters, trainers and absolutely responsible persons who violate the code of ethics will forfeit premiums, awards and auction proceeds and shall be prohibited from future exhibition in accordance with the rules adopted by the respective fairs and livestock shows. Exhibitors who violate this code of ethics demean the integrity of all livestock exhibitors and should be prohibited from competition at all livestock shows in the United States and Canada.

The following is a list of guidelines for all exhibitors and all livestock in competitive events:

1. All exhibitors must present, upon request of fair and livestock show officials, proof of ownership, length of ownership and age of all animals entered. Misrepresentation of ownership, age, or any facts relating thereto is prohibited.
2. Owners, exhibitors, fitters, trainers, or absolutely responsible persons shall provide animal health certificates from licensed veterinarians upon request by fair or livestock show officials.
3. Junior exhibitors are expected to care for and groom their animals while at fairs or livestock shows.
4. Animals shall be presented to show events where they will enter the food chain free of violative drug residues. The act of entering an animal in a livestock show is the giving of consent by the owner, exhibitor, fitter, trainer and/or absolutely responsible person for show management to obtain any specimens of urine, saliva, blood, or other substances from the animal to be used in testing. Animals not entered in an event which culminates with the animal entering the food chain shall not be administered drugs other than in accordance with applicable federal, state and provincial statutes, regulations and rules. Livestock shall not be exhibited if the drugs administered in accordance with federal, state and provincial statutes, regulations and rules affect the animal's performance or appearance at the event. If the laboratory report on the analysis of saliva, urine, blood, or other sample taken from livestock indicates the presence of forbidden drugs or medication, this shall be prima facie evidence such substance has been administered to the animal either internally or externally. It is presumed that the sample of urine, saliva, blood, or other substance tested by the laboratory to which it is sent is the one taken from the animal in question, its integrity is preserved and all procedures of said collection and preservation, transfer to the laboratory and analysis of the sample are correct and accurate and the report received from the laboratory pertains to the sample taken from the animal in question and correctly reflects the condition of the animal at the time the sample was taken, with the burden on the owner, exhibitor, fitter, trainer, or absolutely responsible person to prove otherwise. At any time after an animal arrives on the fair or livestock show premises, all treatments involving the use of drugs and/or medications for the sole purpose of protecting the health of the animal shall be administered by a licensed veterinarian.
5. Any surgical procedure or injection of any foreign substance or drug or the external application of any substance (irritant, counterirritant, or similar substance) which could affect the animal's performance or alter its natural contour, conformation or appearance, except external applications of substances to the hoofs or horns of

animals which affect appearance only and except for surgical procedures performed by a duly licensed veterinarian for the sole purpose of protecting the health of the animal, is prohibited.

6. The use of showing and/or handling practices or devices such as striking animals to cause swelling, using electrical contrivance, or other similar practices are not acceptable and are prohibited.
7. Direct criticism or interference with the judge, fair or livestock show management, other exhibitors, breed representatives, or show officials before, during, or after the competitive event is prohibited. In the furtherance of their official duty, all judges, fair and livestock show management, or other show officials shall be treated with courtesy, cooperation and respect and no person shall direct abusive or threatening conduct toward them.
8. No owner, exhibitor, fitter, trainer, or absolutely responsible person shall conspire with another person or persons to intentionally violate this code of ethics or knowingly contribute or cooperate with another person or persons either by affirmative action or inaction to violate this code of ethics. Violation of this rule shall subject such individual to disciplinary action.
9. The application of this code of ethics provides for absolute responsibility for an animal's condition by an owner, exhibitor, fitter, trainer, or participant whether or not he or she was actually instrumental in or had actual knowledge of the treatment of the animal in contravention of this code of ethics.
10. The act of entering an animal is the giving of consent by the owner, exhibitor, fitter, trainer, or absolutely responsible person to have disciplinary action taken by the fair or livestock show for violation of this Code of Show Ring Ethics and any other rules of competition of the fair or livestock show without recourse against the fair or livestock show. The act of entering an animal is the giving of consent that any proceedings or disciplinary action taken by the fair or livestock show may be published with the name of the violator or violators in any publication of the International Association of Fairs and Expositions, including *Fairs and Expositions* and any special notices to members.
11. The act of entering of an animal in a fair or livestock show is the giving of verification by the owner, exhibitor, fitter, trainer, or absolutely responsible person that he or she has read the IAFE National Code of Show Ring Ethics and understands the consequences of and penalties provided for actions prohibited by the code. It is further a consent that any action which contravenes these rules and is also in violation of federal, state, or provincial statutes, regulations, or rules may be released to appropriate law enforcement authorities with jurisdiction over such infractions.

### SPECIAL RULES

- 1. READ GENERAL RULES.** All entries and awards within this show will be subject to the General Rules and Regulations published in this Premium Book and the following Special Rules.
- 2. ELIGIBILITY.** All goats participating in the Boer Goat Show must be registered purebred, fullblood or percentage in the herd book of the American Boer Goat Association before the opening date of the Fair. Original registration certificates are required to be presented at show check-in, except that a copy of a registration application, stamped with the date received by the association, can be accepted for kids less than three (3) months of age. Animals over the age of three (3) months must have the original registration certificate in hand at the time of show. Temporary registration certificates generated at the time of online registration with ABGA will be accepted in lieu of the original registration certificate until the expiration date indicated. Animals must be registered in the name of the exhibitor. Exhibitor is defined as the owner of the animal on its registry certificate. Exhibitors that are entering an animal in which the registration certificate names another family, farm or partnership member please contact the Boer Goat Superintendent to obtain instructions on providing supporting documentation. All goats must be registered in the JABGA member's name only. No ranch or family name can be listed in the owner section of the certificate. Any goat that

is transferred to a Junior exhibitors name for showing at a JABGA Sanction show cannot be transferred back to the seller and/or seller's agent for a period of 1 year. Proof of birth date will be the date on the registration certificate. Please use the exact information from the registry certificate to complete your entry form.

**3. TACK PENS.** The number of tack pens assigned will be based on the number of animals brought to the Fair, not the number of animals entered. Two exhibitors may share a tack pen with permission from the Superintendent. Tack pen availability will be calculated on a family or farm basis, not per entry form submitted. Show management reserves the right to limit tack pens based on pen availability.

**4. BEDDING AND FEED:** Shavings are preferred to be used in pens. Carpeting nor rubber mats are not permitted. You may bring your own bedding or there will be bedding available for purchase on the Fairgrounds. Bring your own feed and water buckets.

**5. SCRAPIE:** All goats must be appropriately identified and comply with USDA Scrapie Eradication Program Guidelines. Call 1-888-USDA TAG (873-2824) or visit the following website for more information: [https://www.aphis.usda.gov/animal\\_health/animal\\_diseases/scrapie/](https://www.aphis.usda.gov/animal_health/animal_diseases/scrapie/). Mass Department of Animal Health Rules and Regulations will be enforced.

**6. TATTOOS:** All goats must have legible tattoos consistent with the registration certificate and Certificate of Veterinary Inspection or the animal will be disqualified. If an animal is disqualified due to illegible or inconsistent tattoos, all lower placing animals will be moved up in placement. Point winners from each class must have their tattoos read and recorded. The judge will be responsible for ensuring that tattoos are read and properly recorded. The Superintendent will be responsible for recording the tattoos and informing the judge as to which point-eligible goats will need to be checked. The permanent identification must match the registration paper. No tattooing allowed after unloading. If the animal has a microchip as its permanent identification, the exhibitor is responsible for providing a microchip reader.

**7. ANIMAL CARE:** Feed, bedding and care of the animals is the sole responsibility of the owner or exhibitor.

**8. ENTRY FEE:** \$5 per animal, per show entered until 8/15.

**9. BASE DATE:** Birth dates, as listed on the registration certificate, will be used in determining class divisions. In order to calculate the class breaks, take the show date and count back to the birth date to determine the age and the class for the animal. For example, for a December 1 show, an animal with a January 1 birth date would be eleven (11) months old and would show in a kid class.

**10. SUBSTITUTIONS:** Substitutions allowed until 9am on Tuesday, September 3, 2024. Substitution must have same ownership as the original entry.

**11. STALLING:** Only goats entered in the show or nursing offspring where the dam and/or offspring is entered in the show will be permitted on the grounds.

**12. DIVISION ELIGIBILITY:** Percentage doe classes are for goats 50% to 88%, Purebred/Fullblood classes are for does that are 93.75% and higher; 96.87% and higher for bucks. Bucks 96.86% and lower are not eligible to be shown. Progeny of fresh does will not be allowed in the ring with their dam. The Champion and the Reserve Champion classes will be chosen from the first and second place animals in that division. The Division Champions will be selected from the first place winners of the individual classes. The Reserve Division Champions will be selected from the remaining first place class winners of the individual classes plus the second place winner of the class from which the Division Champion was chosen. The Grand Champion will be selected from the Division Champions. The Reserve Grand Champion will be selected from the remaining Division Champions plus the Reserve Division Champion from which the Grand Champion was chosen.

**13. SHOWMANSHIP:** Showmanship entries will be divided into classes based on age as of January 1, 2024 and will be followed by JABGA guidelines. Exhibitors can sign up for these classes during check in.

**14.** Injection, drenching or application via any orifice (e.g. mouth, nose, anus/rectum) of any substance is prohibited. Further, the application of any substance to transform the true

confirmation, configuration or natural color of the goat is prohibited. Animals showing signs of being unethically fitted will be disqualified and exhibitors may face further repercussion. Grooming products that are not restricted from use in Boer goats include: brushes, combs, clippers, hoof trimmers, shampoos, conditioners, oils, mousse, alcohol/liniment, sprays, powder, and artificial coloring that enhances the goat's natural color.

**15. SHOW LIMIT:** There is no limit on the number of animals an exhibitor may enter in each class. If entries must be limited based on pen availability, priority will be given to entries in the order they are received.

**16.** Animals will not be allowed to run free in the aisles.

**17.** Any goat showing any pronounced defect or abnormality, such as a weak constitution, unthrifty condition, overshot jaw or undershot jaw, abnormal abscesses, will be barred from showing in any of the classes. Illegible tattoos or tattoos inconsistent with registration will result in disqualification.

**18.** Any doe over 24 months of age that has not kidded and cannot prove a current pregnancy will not be allowed to show. All bucks must be kept as odor free as possible. If a buck is deemed to be an odor problem and/or hazard by the Superintendent, the buck must be removed from the Fairgrounds.

**19. BRACING:** Excessive animal bracing is not allowed. Front feet must remain on the arena floor during Judge's evaluation. Exhibitors may lift feet off the ground for a period not to exceed 10 seconds when posing the goat (per ABGA Rules). The Superintendent, judge or designated ring staff reserve the right to disqualify any exhibitor for bracing.

**20.** Muzzling of animals is prohibited.

**21. NONCOMPLIANCE:** Noncompliance to show rules will result in dismissal from the show

**22.** The use of any substance to enhance the performance or appearance of any goat is strictly prohibited. Any exhibitor determined to be using such substances will be banned from the show and will forfeit all awards.

**23. PREMIER BREEDER AND EXHIBITOR AWARDS:** Points will be based on the following scale:

ALL BREEDS:

PLACING:	1st	2nd	3rd	4th	5th
SENIOR DOES	12	10	8	6	4
JUNIOR DOES	5	4	3	2	1

1) **PREMIER EXHIBITOR:** A banner will be presented to the exhibitor of animals in the Percentage and Fullblood classes having won the most points in Open individual classes. The exhibitor credited the most points on animals including those in multiple ownership which they own and exhibit in the open individual class. **SHOWMANSHIP CLASSES.** The showmanship class demonstrates the handler's ability. The alpaca is not judged. The handler is evaluated on their preparation and presentation.

**COSTUME.** Both handler and alpaca are in costume. Judging criteria should include originality, consistency with theme, training, time and energy involved. A short story to describe the characters the exhibitor and alpaca are representing is to be prepared by the exhibitor and handed in to the clerk's table prior to the class and will be read by the announcer while the exhibitor and their alpaca parade around the ring.

**LEAD LINE.** The Lead Line Class demonstrates the elegance, versatility and beauty of alpaca fiber to the public as well as the ease with which alpacas can be handled. It consists of three areas of judging: garment(s), exhibitor display of pre-judged garment in the ring, alpaca in the ring. Rules for this competition are as follows:

1. Garments must be handmade. The exhibitor can make the garment(s) or they can be made by someone else.
2. Garments must be made of least 50% alpaca and can contain other natural fibers.
3. Garments must be checked in at the alpaca show ring by 9:30am on Saturday, September 28, 2024

for pre-judging. They must be labeled with the contestant name and age division. Garments should be on a hanger or in a bag. Garments will be released when pre-judging is completed.

4. For the ring portion, exhibitors will lead an alpaca over 6 months of age. The alpaca should be in a properly fitted halter, be clean (fleece should not contain excessive mud, dung or vegetable matter), be well controlled, and presented in the most attractive manner possible. Exhibitors will wear the garment or garments (made of at least 50% alpaca as noted in #2 above) that were pre-judged earlier in the day. The alpaca shown may be a Huacaya or Suri and may be owned, leased or borrowed by the exhibitor.

5. The exhibitor must supply a typed, double spaced commentary with their name, city, state, name of the alpaca, and whether the animal was trained by the exhibitor. State if the exhibitor made the garment(s) and provide a description of the garment and any facts about the exhibitor they would like to share (e.g., how long they have been knitting, weaving, etc.). Commentary should be limited to 100 words, approximately 50 words about the exhibitor and 50 about the garment.

6. **Lead Line Scoring will be as follows:**

Please identify any exhibitor with whom you are sharing pens so Show Management can arrange stalling efficiently and not charge you for a non-animal pen.

### **CLASS DESCRIPTION AND GUIDELINES**

**FLEECE SHOW.** The Big E Fleece Show is open to all and is an ILR sanctioned show. Entry fee is \$20 per fleece. Llama fleeces must be received before September 26 either personally delivered or shipped. They will be released back to you on September 29. Each exhibitor will receive written evaluation of fleece. Please see [www.lamaregistry.com](http://www.lamaregistry.com) for guidelines and scorecard for fleeces.

All fleece entries must include the completed entry form from the ILR website, and a photo of the animal. Please write animal's name and phone number on the back of the photo and include in the bag containing the fleece.

Shipped fleeces should be sent to: Agriculture Department, Eastern States Exposition, 1305 Memorial Avenue, W. Springfield MA 01089 including a prepaid shipping label for return. Shipped items will be sent by the end of the week following the Exposition.

Winning fleeces will be displayed in secure boxes and may be offered for sale if you wish to note that on your fleece. A handling fee of 10% for selling fleeces will be charged. The income from this will support the llama youth program at Eastern States Exposition.

This fleece show is separate from the Creative Arts classes (please see [www.thebieae.com](http://www.thebieae.com)). You are encouraged to enter the Creative Arts classes with your articles, which will be displayed for the duration of the Fair to show fairgoers the varied fibers produced by our animals or enter your products in our new

Fleece Product Show (see next).

## FLEECE PRODUCT SHOW

Two classes will be judged and awarded first through sixth place. First, second, and third place winner will receive an award. (no premiums)

Class 88: Fleece Product Knit, Crochet, or Machine Knit

Class 89: Fleece Product Felted

Fleece products must be delivered on September 26 personally by you or a representative. They will be released back on September 29. at the show.

Refer to the ILR Guidelines, [lamaregistry.com](http://lamaregistry.com) for all the details about exhibitor age or experience, fiber product guidelines, how to enter, and entry form, etc. The product must be picked up at the conclusion of the show. Fleece Products will be evaluated according to the criteria as listed on the Fleece Product Scoring cards. Fleece Products cannot be the same ones submitted for Lead Line.

**HALTER CLASSES.** All animals can only be shown in one halter division (male, female or Fleece or Working non-breeder). All animals should be presented for judging with a halter and lead rope and no additional decorations. No business advertising, ranch names or animal names should be displayed on the exhibitor during the class. Llamas may not be moved from one class to another after halter judging has begun, except at the judge's discretion.

**FLEECE DIVISIONS FOR HALTER.** There are divisions for halter: Suri, Classic, Light, Medium, and Heavy. Shorn Llamas MUST be shown in the fleece division in which they would have been shown before shearing. The ILR website has the complete description and photos in the complete Show Division Guidelines.

Please see [www.lamaregistry.com](http://www.lamaregistry.com): ILR Show Division: ILR-SD, then Guidelines for descriptions and photos of the various fleece divisions.

**NON-BREEDER HALTER CLASSES.** These classes are for gelded or vasectomized males, and spayed or non-reproductive females that are suitable for other purposes besides breeding. These llamas must be registered. The registration or veterinary certificate must verify the non-reproductive condition. All nonbreeding animals can only show in one non-breeder class.

"Working Non-breeders" shall be llamas that meet the requirements of the published fleece criteria for Classic, Light or Medium fleece on animals plus they shall have a phenotype suitable for athletic activities. "Fleece Non-breeders" shall be llamas that meet the requirements of the published fleece criteria for Suri, Silky, or Heavy fleece.

Animals not in appropriate class will be moved to the other class.

**SHOWMANSHIP** These classes will demonstrate the exhibitor's ability to prepare and present the llama to the judge in a halter class. Adult Advanced Showmanship is open to exhibitors who have shown for 4 or more years. Novice Showmanship is for adults with 1-3 years of llama showing experience.

**LLAMAS OF DISTINCTION** These classes are for llamas who are 13 years of age as of show day. All fiber types are combined. The llama may show in the regular halter age division as well.

**GROUP ENTRIES** An entry fee is not required for group classes (e.g. Get of Sire) but entry in the class is required. Each offspring shown in group classes must be entered and shown in their individual halter class.

**GET-OF-SIRE** The entry is made in the name of the sire but is not shown in this class. Each entry must include three offspring of either sex by the same sire out of at least two different dams. All Get must be shown in their appropriate halter class age division. The Get must be decided at check-in or at the latest before halter classes begin. There is no entry fee for this class as the offspring have already been entered in their individual classes. If the exhibitor is not the sire's owner, the exhibitor must have written permission from the sire's owner and the entry is made in the owner's name.

**PRODUCE OF DAM** Entry is made in the name of the dam but is not shown in this class. Each entry

must include two offspring of either sex, out of the same dam and may be the same or different sires. All Produce must be shown in their appropriate halter class age division. The Produce must be decided at check-in or at the latest before halter classes begin. There is no entry fee for this class as the offspring have already been entered in their individual classes. If the exhibitor is not the dam's owner, the exhibitor must have written permission from the dam's owner and the entry is made in the owner's name.

**BEST BRED AND OWNED** Enter your choice of animals that are already being shown in one of the halter classes. This class is for breeding-quality llamas whose dam was owned by the exhibitor when the dam was bred and the llama was born and is still owned by the exhibitor. Each farm may enter a maximum of one (1) llama per class (male and female). (no premiums)

**BEST IN SHOW** Grand Champion in each age and sex division will compete for the title of Best-In-Show in Male, Female, and Non-Breeder champions. (no premiums)

**CHAMPIONS** Champion will be selected from the first-place animals in each age division. Reserve Champion will be selected from the remaining first place animals, and the second-place animal from the Grand Champion's age division. All animals will be placed and will receive points according to ILR guidelines. (no premiums)

**PERFORMANCE CLASSES** A Novice Animal is defined as an animal who has not earned 4 or more Grand or Reserve Championships in any Performance division (Novice, Open, or Youth) in any Show Association or Open Show with a minimum of 5 in the division. If a Novice animal has moved to the Advanced division in any other Show Association, they must show in the Advanced division in the ILR-SD. Once an animal is entered in Advanced it cannot move back to Novice.

A llama may NOT show in Youth performance and other divisions (Novice or Advanced Performance).

If the size of the performance classes is determined to be too large to handle in the timeframe allotted, preliminaries may be implemented. Course obstacles will be posted before the classes start. There will be a "walk through" of the course before each performance class.

**PR/COMPANION CLASSES** This class is for the llama that participates in community activities, goes to schools, hospitals, service clubs and parades.

**FREESTYLE-OBSTACLE CLASSES** The purpose of the obstacle class is to demonstrate the well-trained llama's obedience and willingness to go where its handler asks it to go.

**TRAIL/PACK CLASSES** All tasks/obstacles will simulate what handler and llama might encounter or need to negotiate while hiking and/or packing on trails. The llama's maneuverability and manageability are being measured, not endurance, thus there are no weight requirements. Panniers must be filled out. All packs must have two cinches.

**OBSTACLE DRIVING - GROUND** This is for the llama that is in the beginning of cart training. A single llama, equipped with a halter, driving reins and surcingle or harness demonstrates its willingness to respond to commands from the handler.

**JACKPOT OBSTACLE COMPETITION** Entry fee: \$15 for Young Jackpot (18yrs and younger only), \$25 for Apprentice Jackpot; \$50 for Master Jackpot. Awards will be paid out according to number of entries.

Llamas can only be entered in one jackpot group based upon your animal's expertise. If a Youth does not enter the Young Jackpot group, they can compete in the Advanced or Apprentice competition depending on the level of their animal. Once you and/or your animal has won jackpot funds for 3 times, your animal must move from Apprentice to Master.

The primary goals of the Jackpot Obstacle Competition are to promote llamas in a positive manner to the general public and help create a venue for well-trained animals to earn income.

The primary goal of the Youth Jackpot is to provide youth the ability to compete against peers.

This course will strive to simulate natural, challenging conditions and obstacles that may be found on trails. The handler and llama should work as a team throughout the course (no premiums).

**LLAMA LEAD LINE** This class promotes the practicality, versatility and elegance of llama fiber to the public. Items shown previously at Eastern States Exposition are not eligible to be judged again. Youth (18 years and under) Adult (19 and older).

**THE OUTFIT:** Each contestant must be fashionably dressed in a garment that is made of at least 50% llama fiber (blends with other natural fiber may be used). The garment must be made by the exhibitor, with assistance given to youth as needed.

**THE LLAMA:** The llama will be in halter, well-groomed and trained. It must be owned/leased by the exhibitor, and the majority of preparation for the show ring (grooming and training) should have been done by the exhibitor. The llama and exhibitor should complement each other. Lead Line items cannot be the same ones submitted for Fleece Product class.

**EXHIBITOR:** The exhibitors should display the outfit and show their llama in a positive, poised manner.

**SCORING:**

Exhibitor: Poise and appearance	30 pts.
Garment: Fit and construction	40 pts.
Llama: Appearance, groom, management	30 pts.
Narrative on entry form is legible (BONUS)	5 pts.

**COSTUME** Llamas are judged on willingness to accept costume and must be able to move in it freely. The judge will also be looking for originality, training, time and energy involved. Costume must not have been used at a previous Big E Llama Show.

**YOUTH DIVISIONS** All ages are as of January 1, 2024. All points go to the youth and not the llama. Animal must be named on entry form.

Divisions are as follows: Junior 7-11 years; Intermediate 12-14 years; Senior 15-19 years.

Exception: 7-year-old Juniors must have turned 7 AS OF THE FIRST DATE OF THE SHOW. 7-year-old youth may choose to show as Sub-Juniors or as Juniors.

Youth participants may show no more than two (2) animals in the Youth division and only one animal in any one class. Youth may share an animal in Youth classes, however, the number of youth sharing one animal in Youth classes will be limited to two (2) in order to prevent undue stress to the animal. A llama may NOT show in Youth and other Performance divisions (Novice or Advanced Performance). Animals shown by youth can show in their respective halter division and novice or advanced showmanship.

**SUB-JUNIOR YOUTH** Showmanship, PR and Obstacle classes will be offered for our youngest exhibitors, ages 3-7. These classes will not be placed and each contestant will receive a ribbon. For safety, an adult will be present with the child in the ring and offer whatever assistance is appropriate to the child (no premiums).

**YOUTH SHOWCASE** Entries will include a poster with drawings, samples or photographs and an educational message. For 2024, please develop your unique educational message in any direction you wish about PACKING. The posters will be displayed for the public to enjoy and learn from. There is no entry fee and hand deliver all posters to Eastern States Exposition by the beginning of the show. The youth's name should be on the back of the poster. Posters will remain on display during the llama show (no premiums).

**YOUTH SKILL-A-THON** Come join us for a llama skill-a-thon! Come test your llama knowledge and earn a prize just for entering! There will also be a prize for the winner of Senior, Intermediate and Junior, for the one who has the highest score (no premiums).

**YOUTH THURSDAY** evening game night. TBD (no sign up needed)

**YOUTH CHAMPION AND RESERVE YOUTH CHAMPION – CHAMPION AND RESERVE IN EACH AGE DIVISION WILL BE DETERMINED BY THE BEST COMBINED SCORE FROM THREE CLASSES IN EACH YOUTH DIVISION.** Obstacle and PR/Companion will be required classes. The 3rd class may be Trail/Pack or Showmanship. If a youth completes all 4 classes, the higher score will count. Scores will be tabulated using the ILR point chart in the ILR-SD Guidelines. The youth with the greatest number of points in each division becomes the Senior, Intermediate or Junior Youth Champion. The second highest score will be Youth Reserve Champion. ## DAIRY SHOW RULES AND REGULATIONS

- 1. READ GENERAL RULES.** All entries and awards within this show will be subject to the General Rules and Regulations published in this Premium Book and the following Special Rules. Any attempt to circumvent rules will result in disqualification of exhibitor(s).
- 2. ARRIVAL TIMES.** Every effort must be made to arrive in the hours designated on each breed page. Inspectors shall inspect each animal as they are offloaded and are scheduled for specific arrival times. If you are unable to arrive at the designated time you must call the livestock office so inspector schedules may be adjusted.
- 3. PREMIER AWARDS.** These rules apply unless specific rules for a breed are given. Awards are based on the exhibitor of six or less animals in each breed who accumulates the highest total points under the following system. If a tie occurs the points will be calculated based on the next animal.

### ALL BREEDS PLACING:

	1st	2nd	3rd	4th	5th	6th	7th	8th	9th	10th
Milking Females	20	18	16	14	12	10	8	6	4	2
Junior Females	10	9	8	7	6	5	4	3	2	1

Dry Cow points will be the same as Junior Females.

- 4. PREMIER EXHIBITOR.** The exhibitor (See General Rules and Regulations #11) credited with the most points on animals including those in multiple ownership, which he owns and exhibits in the open single class. If an exhibitor for Premier Exhibitor uses partnership or syndicate animals, these animals used in the groups must also be entered under his/her name. Breed rules take precedence, unless indicated differently in specific breed show rules on unique ownership. It is the exhibitor's responsibility to notify the Agriculture office which person of a multiple ownership will receive exhibitor points. This must be done before the day of the show.
- 5. PREMIER BREEDER.** Awarded to the breeder of animals credited with the most points, regardless of ownership. Rules defining exhibitor and breeder also apply. Breed rules take precedence, unless indicated differently in specific breed show rules on unique ownership. It is the exhibitor's responsibility to notify the Agriculture office which person of a multiple ownership will receive exhibitor points. This must be done before the day of the show.
- 6. JUNIOR DAIRY SHOWS.** These shows are open to exhibitors who are qualified as Juniors and who have owned or leased cattle by specified dates as established under the rules of their respective breed associations. For Juniors to be eligible for Junior Awards all ring assistance must come from another Junior.
- 7. BEST BRED AND OWNED.** For Best Bred and Owned in the Open Show, the animal can be bred by the farm and shown by a family member. For JUNIOR Best Bred and Owned, the JUNIOR must have owned the dam. See respective breed rules concerning specific rules for Bred and Owned. Judge may designate Best Bred and Owned rather than call for a walk-in class.
- 8. JUNIOR EXHIBITORS.** Junior exhibitors will be treated as adults, but may have their cattle stabled together if requested. Junior owned and leased animals will be judged with open cattle and will be asked to step forward just prior to the time of ribbon presentation (exception: Milking Shorthorn). Classes will follow those of the Open Show. Separate championship classes will be run. Youth Leases will be verified with breed associations. Please make sure they are up to date.
- 9. FITTING AND SHOWMANSHIP.** Individual breeds may have Junior Fitting and Showmanship contests which will be held open to all youth who exhibit or who are assisting with a farm exhibiting cattle. The exhibitor need not own the animal they show. Exhibitors must comply with the age limitations for their breed as printed in the catalog. Exhibitors will be divided into classes (usually Junior, Intermediate and Senior) by birth date with exhibitors from those breeds present, combined. Register with your breed representative upon arrival.
- 10. AGE.** Junior exhibitors MUST provide birth date on the entry form. This will allow us to designate the Junior exhibitors in the catalog.
- 11. MILK MARKETING.** Exhibitors may avail themselves of the pipeline milking facilities or transfer system and filter facility. Due to increased concerns about the quality, exhibitors electing to milk by other means may do so, furnishing their own equipment, sanitizing in the parlor before each use, and conveying milk from their cows to the bulk holding vessel as directed by the Milking Parlor Supervisor. A tag indicating sanitizing is complete will be issued for the container. Milk must be transferred immediately after milking for cooling purposes. Non-saleable milk must be disposed of via the sanitary drain in the Milk Room. Any other means of milk disposal, for example pouring down wash rack or aisle drains, is prohibited and grounds for show ejection, forfeit of premiums.

**12. COFFEE SERVICE.** Eastern States Exposition invites dairy cattle herdsman in the Dairy Barn to share coffee.

**13. STABLING REQUESTS.** Stabling requests must be received in the Agriculture office NO later than August 31. Tie ins should be noted on stabling requests.

**14. QUALITY ASSURANCE.** Eastern States Exposition has a commitment to provide opportunities for the development and promotion of the dairy industry. It is our responsibility to provide an environment for a fair and competitive competition and to make sure the dairy industry is providing a good display of animal husbandry for our fair going public.

**15. LARGE BALES.** Large square or round bales delivered by the Feed Store must be untied. An additional delivery fee may be charged.

**16. HORNS.** Animals with horns over 2" may not be exhibited.

**17. TENTS.** One 12'x12' tent will be allowed per exhibit - NOT exhibitor.

**18. NEW FOR 2024 - EXHIBITOR ATTIRE:** White pants are mandatory to enter the ring for any class in the open or junior shows, with the exception of group classes. Junior show youth must wear the designated junior show shirt in both showmanship and the breed show. If a breed/show designated shirt is not supplied, white shirts shall be worn in showmanship. Shirts with farm names or agricultural logos shall not be worn in the ring, with the exception of a junior show designated shirt. If you need accommodation with regard to the dress code, please contact the dairy office.

Eastern States Exposition endorses the PDCA Code of Ethics in all their breed shows. Though the Exposition realizes that there are certain management practices that are required to ensure the health of a dairy animal while on exhibition, the Exposition will not tolerate any unethical practices to enhance the appearance of the animal. Show Management reserves the right to use technology to test body fluids, such as milk, and to use the examination technology of ultrasound to detect unethical practices.

Exhibitor, by making an entry, is consenting to the collection of materials, e.g. milk, and photographic examination of the animal. By making an entry, the owner or exhibitor, as well as any individual handling or fitting the animal, is agreeing to supply proper animal and personal identification when asked by ethics personnel or Show Management.

Practices constituting a major violation will be subject to review by the Ethics Committee.

Major violations are defined as being fraudulent and/or unethical in the showing of dairy cattle. These include:

1. Misrepresenting the age and/or milking status of the animal for the class in which it is shown.
2. Treating the animal, particularly the udder, internally or externally, with an irritant or counter-irritant, or using a device to artificially create or enhance the udder crease or other substances as detected by testing that cause changes in the udder to artificially improve the conformation.
3. Administration of an injected or applied anesthetic to alter the carriage of the tail or other body parts.
4. Surgical or unethical insertion of any matter under the skin or into body cavities, performed to change the natural contour or appearance of the animal's body (e.g. administration of fluid via a stomach tube or other similar apparatus to fill the rumen) though not to preclude practices required or involved in normal management.
5. Criticizing or interfering with the judge, Show Management or other exhibitors while in the show ring, or other conduct detrimental to the breed or the show.
6. Challenging, threatening, criticizing or interfering with an Ethics Committee member or volunteer appointed by Show Management to monitor the animals on exhibit on the show grounds.
7. Not providing proper animal and/or personal identification will result in a major ethics violation and the suspect animal could be disqualified from showing.
8. These major violations will be reported to Show Management and can result in animals or exhibitor, owners or representatives being barred. Serious and minor violations as defined in the PDCA Code of Ethics may also be reported to Show Management.

### **ENFORCEMENT PROCEDURE**

Complaints of alleged violations may be presented to the Director of Agriculture. The complaints of alleged violations received by the above individuals will be presented to the Ethics Coordinator for review by the Ethics Committee.

Following the judging of the milking cow classes, the first place cow, the third place cow and one random select will be ultrasounded and a milk sample may be taken. Any second place cows will be tested if awarded a Reserve ribbon.

Following the evaluation of the ultrasound readings and upon the receipt of the milk sample analysis or other lab reports, the Ethics Coordinator will submit a report to the Director of Agriculture and Education if any violations have occurred. This reporting will happen approximately 2 weeks after the end of the show.

The Director of Agriculture and Education will then immediately notify the accused individuals that a major violation of the Show Ring Code of Ethics has occurred and all of the supporting evidence will be shared confidentially with the exhibitor. Approximately two weeks later an ethics hearing will be scheduled.

If found guilty of a major violation of the Show Ring Code of Ethics, the individual, the exhibitor and/or owner, the representative and/or the animal, will be barred from participating at Eastern States Exposition for a minimum of one year and up to three years. The identity of the animal(s), exhibitors and/or representatives that are barred will be kept confidential.

Barring an exhibitor or representative and/or an individual will result in animals owned fully or in partnership by that individual, farm and/or affiliated entity not being allowed to enter or exhibit in any Eastern States Exposition show. That individual will also be ineligible to serve on an official committee, be present in the show ring and/or serve in any other ESE official capacity for the length of the barred term.

An animal found in violation of the Show Ring Code of Ethics will forfeit all class and/or futurity monies.

- 5. PRODUCTION AWARDS.** Donated by Fightbac, Inc., awarded to the animal in the top half of its class with the highest total consisting of the sum of the highest actual 305 day or less milk, amount of fat and amount of protein. The top producer will be based on 305 day or less ACTUAL production record of total pounds produced, three times a day milking records will be adjusted to twice a day. Substitute entries are eligible. Records should be listed on the entry blank at time when entries are made. These records will appear in the catalog. Points will be calculated as follows: Production - 10 points for each 1,000 pounds of milk based on the average of the top two records; one point for each 10 pounds of combined butterfat and protein (CFP) based on the average of the top two records. Yield Deviation - 10 points for each 100 pounds of milk; one point for each pound of CFP. Appraisal Score - The cow's current official appraisal score will be doubled. **HOLSTEIN ASSOCIATION USA SHOW RING POLICY**  
**THE PUREBRED DAIRY CATTLE ASSOCIATION SHOW RING CODE OF ETHICS**

Adopted May 5, 2015.

The showing of registered dairy cattle stimulates and sustains interest in the breeding of registered dairy cattle. It is also an important part of the promotion, merchandising and breeding program of many breeders. For these reasons, the Purebred Dairy Cattle Association (PDCA) believes that it is in the best interest of all breeders of registered dairy cattle to maintain a reputation of integrity in dairy cattle shows and to present a wholesome and progressive image of dairy cattle in the show ring.

PDCA endorses this Show Ring Code of Ethics for all dairy breed shows and pledges its full cooperative support for its enforcement to show management, show judges, and the national breed associations.

The application of this Code of Ethics provides for absolute responsibility for an animal's condition by an owner, exhibitor, fitter or participant whether or not he or she was actually instrumental in or had actual knowledge of the treatment of the animal in contravention of this Code of Ethics. Dairy cattle exhibitors shall, at all times, deport themselves with honesty and good sportsmanship.

It is recognized that there are certain practices in the proper care and management of dairy cattle that are necessary in the course of moving dairy cattle to and between shows that are advisable to keep them in a sound, healthy state so they might be presented in the show ring in a natural, normal condition. At all times, exhibition livestock shall be treated in a humane manner and in accordance with dairy quality assurance practices so as to protect the health, safety and welfare of the livestock and the consuming public. No person shall present for exhibition or exhibit an animal which he or she knows, or has reason to suspect, is affected with or has been exposed to a dangerously contagious or infectious disease, or illegal or nonapproved use of drugs, medication and/or prohibited substance, or residue.

The position of the Purebred Dairy Cattle Association is that all animals presented for exhibition shall be in their natural conformation and structure, free of any alteration or modification by injection or internal or external administration of any substance or by any involvement in unethical fitting.

#### Grooming and Preparation

Dairy cattle exhibitions are conducted under standards for evaluating conformation established by the PDCA Unified Score Card (2009), with specific breed characteristics taken into consideration by the show judge. In this connection, animals will be groomed and prepared for the judge's evaluation in order to display the animal's natural contour, conformation, performance and mobility. Specifically: Changing the natural color of the animal is prohibited (effective 6/1/2015). However, external applications of cosmetics that affect only appearance may be used, including by way of example hoof polishes and false switches.

The maximum allowable length of naturally growing hair anywhere on the topline is not to exceed 1" (Holstein guidelines will allow up to 1½"). Exhibitors will be required to comply with this rule before the animal is allowed to enter the ring.

Addition of foreign objects, including but not limited to hair or hair substitutes, cloth or fiber, to change the natural contour or appearance of the animal's body is prohibited.

Externally sealing the teat end with a preparation that does not harm the animal's skin is permissible.

Natural teat placement will be given preference over artificially positioned teats.

#### Violations: False, Deceptive or Unacceptable Practices

These practices are violations of the Code of Ethics and will be reported to show management and may be reported to the respective national breed associations:

Misrepresenting the age and/or milking status of the animal for the class in which it is shown.

Treating the animal, particularly the udder, internally or externally:

with an irritant or counter-irritant,

using a device to artificially create or enhance the udder crease,

using other substances as detected by testing that causes changes in the udder to artificially improve the conformation.

plugging of teat canal with foreign substances.

Surgical or unethical insertion of any matter under the skin or into body cavities, performed to change the natural contour or appearance of the animal's body (e.g., administration of fluid via a stomach tube or other similar apparatus to fill the rumen), though not to preclude practices required or involved in normal management.

Criticizing or interfering with the judge, show management or other exhibitors while in the show ring or other conduct detrimental to the breed or the show.

Challenging, threatening or interfering with an ethics committee appointed by show management to monitor the animals on exhibit on the show grounds.

#### Exhibitor Responsibility

The act of entering an animal in a livestock show is the giving of consent by the owner, exhibitor, fitter and/or absolutely responsible person (hereinafter referred to as "Exhibitor") for show management to obtain any specimens of urine, saliva, blood, milk, or other substances from the animal to be used in testing. Materials may also be collected by ultrasound and photographic methods and by direct examination of animal.

The act of entering an animal is the giving of consent by the owner, exhibitor, fitter and/or absolutely responsible person (the "Exhibitor") to have disciplinary action for violation of this Show Ring Code of Ethics taken by show management, the state in which the show occurs, and/or the national dairy breed association without recourse.

#### Show Ethics Committee

Each show should have an Ethics Committee. The make-up of this committee should include official breed representatives, representative(s) of show management (e.g., dairy cattle show superintendent, General Manager), the official show veterinarian, and Extension representative.

The Ethics Committee will be responsible for monitoring violations of the Show Ring Code of Ethics. The Ethics Committee will investigate the report of any violation and determine the accuracy of the allegation. The Ethics Committee will have the authority to inspect animals and related material to determine if violations have occurred.

#### Violations: Reporting and Investigation

Complaints of alleged violations can be reported to the breed superintendent, the show superintendent, show management, and/or the Ethics Committee.

#### BEFORE AN ANIMAL IS SHOWN

If the Ethics Committee suspects that a violation of the Show Ring Code of Ethics will occur if the animal is shown, and that violation is reasonably well established before the animal is shown, the Ethics Committee will submit a report to show management.

Show management will discuss the violation with the Exhibitor:

If, at the Exhibitor's discretion, the animal in question is not shown, no violation will have occurred.

If the Exhibitor wishes to challenge that a violation occurred, he/she/they will have opportunity to appeal to the Ethics Committee. If its decision is not changed, the Exhibitor will be denied opportunity to exhibit the animal in question.

#### DURING AND AFTER AN ANIMAL IS SHOWN

All animals are subject to examination during judging. The judge and Ethics Committee are instructed to examine the top five (5) animals in each class closely for violations of the Show Ring Code of Ethics. When a violation may have occurred, a milkout may be called for. This call may be by breed association rule, or by request of an authorized representative of the national breed association, the judge, the Ethics Committee, or show management.

If an animal is exhibited and a violation of the Show Ring Code of Ethics is subsequently suspected, investigated, and determined to have occurred, the violation will be reported to the Ethics Committee and show management for action. The Exhibitor will be notified of the violation and the supporting evidence and invited to defend or explain the allegations.

Violations are subject to the disciplinary provisions of show management, the state in which the show occurs, and the national dairy breed association. Sanctions may include any one, or combination of the following:

forfeiture or return of awards, prizes, premiums or proceeds;

written letter of reprimand to the owner, exhibitor, fitter and/or absolutely responsible person (the "Exhibitor");  
 disqualification of the exhibition livestock from an exhibition;  
 disqualification of the Exhibitor from the show;  
 publication of offense.  
 Disqualification may include any or all shows and classes and may be for any number of years.

History of Section 1 The Purebred Dairy Cattle Association Show Ring Code of Ethics: Adopted by PDCA in March 1969, revised March 1971, February 1977, February 1981, February 1986, February 1988, February 1989, February 1992, February 1993, November 1995, April 2002; April 2004, May 2015.

## II. CLASS RULES

The following class rules are to be followed at all National Holstein Shows:

- A. Only animals of 87% Registered Holstein Ancestry and higher will be eligible.
- B. Bred and Owned Recognition Rules

To be considered for Bred & Owned awards, one of the original owners must be listed as one of the current owners. Where a herd is registered in the names of different members of a family and where the herd is one unit, all entries may be considered as exhibits of one breeder.

Note: Please refer to the Junior Holstein Show Ring Policy, Rule F, for the definition of Bred and Owned for Junior shows. Rule F: To be eligible for Junior Bred & Owned, the name(s) listed as breeder and owner on the registration certificate must be the same. Adult-Junior partnerships are not acceptable. Family unit or farm partnerships will not qualify for Bred & Owned awards unless all partners are Junior members and listed on the certificate under breeder and owner.

### C. Premier Breeder and Premier Exhibitor Rules

#### 1. Premier Breeder

The owner of the dam at the time of service shall be considered the breeder of the animal. Where a herd is registered in the names of different members of a family, and where the herd is one unit, all entries may be considered as exhibits of one breeder. Otherwise, when animals are bred in partnership, each unique partnership is considered a unique breeder.

The exhibitor winning the most points (for a maximum of six animals exhibited in the open single classes by him/herself and/or other exhibitors) shall be designated the Premier Breeder. One bull permitted. In classes with ten or less animals, no more than two head per breeder will be counted toward premier points.

#### 2. Premier Exhibitor

The exhibitor must be the owner. In case a herd is registered or bred in the names of different members of a family, residing on one farm or breeding establishment, and where the herd is one unit, all entries may be considered as a single exhibitor for all group classes. However, members of one family, where cattle are not housed as one unit, will not be considered as a single exhibitor. When animals are owned in partnership, each unique partnership is considered a unique exhibitor.

The exhibitor winning the most points (for a maximum of six animals which he/she owns and exhibits in the open single classes) shall be designated the Premier Exhibitor. One bull permitted. In classes with ten or less animals, no more than two head per exhibitor will be counted toward premier points.

#### 3. Premier Breeder & Exhibitor Point System. See Holstein USA Show Book for grid.

### D. Group Class Rules

#### 1. Junior Best Three & Best Three Females

Entries in the group classes must be entered and shown in their individual animal classes. All must be bred by the exhibitor and at least one animal must be owned by the exhibitor (solely or in partnership).

- 2. Breeder is identified as listed on the registration paper. Where animals are bred by different members of a family, and where the herd is one unit, they are considered as bred by one breeder. When animals are bred in partnership, each partnership is considered a unique breeder.

Six animals from one state consisting of at least three over two years and three under two years; owned by a minimum of three exhibitors, farming units or syndicates with maximum of two animals from one exhibitor, farming unit or syndicate. Half of all winning State Herd premiums are donated to the New England Milking Shorthorn Breeders Association with the exception of Massachusetts which gives 100%. The funds are given for Junior Show awards for the following year. Junior State herd will be shown during the Junior Show.
- 3. ELIGIBILITY.** Participation in this show is open to youth with registered Milking Shorthorns. Exhibitors must be a minimum of nine years old but not have reached their 21st birthday by January 1st in the year competing. Members who become 21 years of age during the current year will be allowed to compete in Junior activities until December 31st of the current year. Youth must be a member of the American Milking Shorthorn Junior Society by August 1st of the current year. If the youth is not a member by August 1st, they must join before the show by paying the \$25 junior membership fee and an additional \$5 penalty to become a junior member payable to the American Milking Shorthorn Junior Society and turned into the AMSS Executive Secretary. Juniors are expected to follow the PDCA showmanship scorecard for all National Junior Shows.
- 4. REGISTRATION.** All animals must be registered in the full herdbook of the American Milking Shorthorn Society and have registry certificates issued by the American Milking Shorthorn Society. The certificate should be white and does not have the word "Not eligible to show" near the Executive Secretary's signature or as a watermark across the page. Animals with a prefix of GI, GI2, GR and GE are not eligible to be shown. Females with a 36000 or 37000 registration number are not eligible to be shown. Tattoo numbers, Fair Tags and/or RFID tags must correspond with the registry certificates. Registration papers will be checked at the show by show management.
- 5. OWNERSHIP.** Ownership of the animal must be recorded in AMSS herdbook in the name of the junior exhibitor(s) by August 1st of the current year. Animals may be owned in partnerships, however all members of the partnership must be paid junior members of AMSJS and animal must be owned by August 1st. Additional animals must be leased by another Junior or if animal is owned in a partnership, the animals can be exhibited by another member of the partnership.

Requests must be submitted by this time or the animal is ineligible to show, unless there is an unforeseen circumstance. The owner of the animal is to show at least on national qualifying Junior show, to receive Junior All American recognition. The Request for Alternate Leadsperson form is available at [www.milkingshorthorn.com](http://www.milkingshorthorn.com) or from show management. The only exception to this rule is for an alternate leadsperson for showing/leading in the Champion Classes (Junior, Intermediate, Senior and/or Grand). ## THE DR. DONALD M. KINSMAN VIRTUAL LAMB CARCASS SHOW

SUNDAY, SEPTEMBER 15, 2024

JUDGING - 12:00 NOON

WEIGH-IN AND SCANNING, SATURDAY, SEPTEMBER 14 - 5PM-7PM

RELEASE SUNDAY, SEPTEMBER 15, 3 PM

JUDGE - ALEX WOLF, UPPER SANDUSKY, OHIO

SUPERINTENDENT - ASHLEY MCFARLAND, JORDANVILLE, NEW YORK

Lambs may arrive until 5pm Saturday night if arriving with only Market Lambs. Breed and registration number of sire MUST be on the entry form for breed awards. All entries must have ear tag numbers present when entering to make the weigh-in process smoother.

**Live Market Lambs.** Ewes and wethers will be divided into equal divisions by weight. All entries should be entered in Class 3900 by weight before being judged on the hoof and will remain in the same class division for the Virtual Carcass Show. **ENTRIES FOR THIS SHOW ARE LIMITED TO TWO ENTRIES PER EXHIBITOR.** Scanning will take place immediately after the live lamb placings on Sunday during the live show.

Lambs must be clean and weigh a minimum of 80 lbs. and a maximum of 180 lbs. Lambs under or over the prescribed weight will be disqualified. Lambs shall have no coverings of any kind and must be dry at weighing. The committee reserves the right to test the animals for drug residue if they feel it is necessary. To make a quality show, the committee reserves the right to disqualify lambs at weigh-in for lack of conditioning. Any intact males, including cryptorchids, will be disqualified from the contest.

ALL MARKET LAMBS MUST BE COMPLETELY SLICK SHORN WITHIN SEVEN DAYS OF THE SHOW.

There will be no unethical or inhumane treatment of lambs. Organic bedding is required, and no muzzles or icing of lambs will be allowed. All lambs must have clean, fresh water available to drink at all times. All lambs for this contest will be penned by the exhibitor in designated pens. Please see Sheep Show Superintendent, Debra Hopkins, for penning upon arrival.

In addition to the Champion, Reserve Champion, Highly Commended and Commended, there will be a Sweepstakes Winner in each class division (lightweight, middleweight, heavyweight) determined by the highest score of total points obtained in both hoof and virtual carcass classes.

**Each division will be limited to 30 lambs per class or where the judge feels the quality ends. All superintendents' decisions on class splits are final. This will be enforced.**

**The Eastern States Exposition** offers the three Live Market Lamb Classes and the three Virtual Carcass classes with the following premiums:

**SHEEP DOG TRIAL SPECIAL RULES**

1. **READ GENERAL RULES.** All entries and awards within this show will be subject to the General Rules and Regulations published in this Premium Book and the following Special Rules.
2. Ties for first place will be broken by a run-off at the conclusion of the trial.
3. Each competitor must be ready when called by the Course Director, and anyone failing to answer the call may be disqualified. Competitors are required to note that while the order of the program will be followed strictly (unless any change is authorized by the Trial Superintendent), the timing cannot be guaranteed.
4. Any competitor wishing to have the course explained or have any point clarified must question the Trial Superintendent before they start their run.

They cannot have questions answered once their run begins.

**5.** By commencing their run, competitors are presumed to know the course and follow it in all its details.

**6.** Once a competitor starts their run they are entirely in the hands of the judges. By deviating from the course, they are liable to disqualification or such penalty the judges consider suitable having regard to all the circumstances.

**7.** Any competitor who receives assistance in any form will be disqualified. If not previously stopped on the instructions of the judges, a handler will be called off on the expiry of the time limit, but in the latter case, the points to the stage at which they were called off will count.

**8.** After being dismissed, a handler will cease working his dog on the course and will collect the sheep and remove them from the trial field immediately.

**9.** Any competitor who retires or who leaves the field without the judges' permission will forfeit all points.

**10.** Any competitor who intentionally harasses the stock after his run will be disqualified.

**11.** Competitors shall always keep their dogs under proper control and any dog or owner interfering with another dog or competitor while working shall be disqualified.

**12.** All dogs will be restricted to the Coliseum or Agricultural buildings. Special arrangements will be made for a dog relief area. Please watch for this information upon check-in.

**13.** Competitors and/or others shall not take their dogs onto the course before the competition starts, nor shall any of them run their dogs on the trial sheep before the trials. Handlers without their dogs may inspect the course before the trial begins.

**14.** No contestant or other person shall engage in any form of misconduct or harassment toward trial management, judges or officials. Trial management has the right to disqualify or refuse entry to any contestant for violation of this rule.

**15.** A contestant may drop out of any contest due to injury to himself or his dog or due to sickness or death in his/her family. A contestant shall not at any time withdraw from any trial he is participating in due to dissatisfaction or grievance with the judges, trial management or other contestants without forfeiting all money he may have won in previous runs. Entry fees or any part thereof, will not be refunded after a contest starts.

**16.** A contestant shall not enter the trial field at any time with any kind of training device. The trial management, representative or judge must disqualify a contestant if he enters the trial field with any such equipment and all entry fees and/or premiums pertaining to said contestant will be forfeited. Such devices include, but are not limited to, electronic collars, dummy or weighted collars, a leash or rope that is not detached before the dog is sent or any device used to distract or cause pain to a dog while it is working. The judge has the right to inspect the dog for any violation to this rule.

**17.** Any competitor running two dogs will run his/her second dog after all other competitors with two dogs have run their first dog. A handler MAY NOT designate which dog is to run first.

**18.** To implement this, all handlers with one dog will be drawn randomly, one at a time, and divided alternately into two lots. Entries of handlers with two dogs will be added to the first lot. Entries of the first lot will then be drawn for running order. First dog drawn runs first, second dog drawn runs second etc. When a handler with two dogs is drawn a second time, that entry will

be placed in the second lot for re-draw. If a handler is running three dogs, one will be drawn randomly, placed with the group of single dogs, and drawn accordingly. Upon completion of drawing the first lot, the trial Secretary will randomly draw the second lot to continue the running order.

### **DISQUALIFICATION**

- 1.** A dog which grips or bites shall be disqualified if the gripping or biting is of such character and the circumstances are such as to justify disqualification. When gripping or biting occurs, the judge shall decide at once whether to disqualify the competitor. If the judge disqualifies the dog, he shall instruct the Trial Superintendent to stop the competitor.
- 2.** A competitor so disqualified shall not be entitled to a prize of any kind notwithstanding that, before the disqualification he has earned points entitling him to a prize. If the dog is not disqualified it shall be penalized by the loss of points as each judge in his discretion thinks fit, but not exceeding the number of points allowed for the phase of work in which the gripping or biting occurs.
- 3.** A competitor whose dog damages sheep shall be liable to pay the damage. The judge may stop a competitor at any point of the trial or withhold any prizes on the grounds of insufficient merit.
