

## Grand Champion Supporters of the Fair

Senator Joan Ballweg and Representative Tony Kurtz were recognized as the Grand Champion Supporters of the Wisconsin Association of Fairs. We want to express our deepest gratitude to two incredible legislators who have truly gone above and beyond in supporting our industry during the 2023-2024 Legislative Session.

Senator Joan Ballweg and Representative Tony Kurtz answered the call when our fair members reached out, recognizing the need for additional funding for state-aided premiums. Both have been steadfast advocates, not just in their actions, but in the way they listened, understood, and worked tirelessly to support our mission.

Senator Ballweg and Representative Kurtz took the time to ask thoughtful questions, seeking to truly understand the role that fairs play in our communities and the impact they have on the local economy, culture, and families. Their commitment and collaboration led to securing much-needed funding.

We are so grateful for your dedication to our fairs and your unwavering support.
