2022 Animal Health Rules for Fairs and Shows

Special Notes: Massachusetts COVID-19 response orders supersede all other exhibition guidance

Due to the recent US outbreak of High Path Avian Influenza (HPAI), Animal Health Officials from all six New England States are recommending all competitions, exhibitions, shows, swaps, or other in-person events encouraging the gathering or comingling of domestic fowl or poultry be postponed until at least July 1, 2022.

In addition to complying with all laws and regulations governing animal health issues all fairs must adopt and enforce the following rules for governance for the fair.

NO animal will be admitted to the fairgrounds unless it meets the requirements below. NO animal is to be unloaded or enter a barn or tie-out stall until the animal and its paperwork have been inspected and approved for entry.

A. General Rules for All Animals: See M.G.L. c. 128 §2C, 129 §2

1. All animals must be in proper physical condition, be properly identified and free of visual evidence of infectious, contagious or parasitic disease at time of arrival. Specific diseases and conditions which will disqualify an animal for entry are identified for each species in the following sections of the rules. Animals of any species with open or draining wounds will not be approved for entry.
2. Evidence of infectious, contagious or parasitic disease or failure to produce the necessary documents for health certification, vaccination or testing will result in the animal's rejection for entry. **THE INSPECTOR'S DECISION IS FINAL.**
3. Any surgical procedure or injection of any foreign substance or drug or the external application of any substance (irritant, counterirritant, or similar substance) which could affect the animal's performance or alter its natural contour, conformation or appearance, except external applications of substances to the hoofs or horns of animals which affect appearance only, and except for surgical procedures performed by a duly-licensed veterinarian for the sole purpose of protecting the health of the animal, is prohibited.
4. Official ID: See Final Rule: Summary of Traceability for Livestock Moved Interstate (Summary of general requirements by species)

All livestock must have proper official, individual ID as required and approved for the species, e.g., official metal ear tag, tattoo, scrapie tag, or microchip. Registration forms must accompany health certificates when used as part of official identification.

Health Certificates: --

5. **One Official Certificate of Veterinary Inspection (OCVI) may be allowed for animals of the same species to be exhibited at fairs or shows in any of the New England states (CT, *ME, MA, **NH, RI, and ***VT) when submitted with an itinerary of the dates and locations of the events at which the listed animals are expected to be shown. Only animals that are healthy at the time of shipment may be moved.** Note that *ME, **NH, and ***VT have additional requirements. Certificates of veterinary inspection in these states are valid for a shorter period of time and may have additional language, movement and permit requirements.

For the 2022 Show and Fair Season, livestock animals being exhibited in New England states must have official certificates of veterinary inspection (OCVIs) that meet the following requirements:

- a. **MA, and RI:** OCVIs issued on or after **January 1, 2022** may be used for those animals being shown at multiple fairs and shows in CT, **MA**, and RI through the 2022 show/fair season ending October 31, 2022.
 - i. **CT and ME:** *An importation permit for exhibition animals is also required. Contact CT Dept. of Agriculture (860-713-2504) or ME State Veterinarian's Office (207-287-3701) for permits or questions.*
 - ii. **MA -Note:** **The Big E Fairgrounds** in West Springfield requires a CVI issued within the prior 30 days for all **horses** entering the premises for any show, fair, or exhibition.
 - iii. **NH:** * * NH: To qualify for the extended CVI, animals exhibited in NH must originate in a New England state and move on OCVIs issued on or after April 1, 2022 to participating NH fairs and shows from **July 1 to October 31. The extended CVI is not available for animals that do not reside in New England.** *Contact NH State Veterinarian's Office (603) 271-2404 for details and permits.*
 - iv. *****VT:** *Contact the VT Animal Health Office (802-828-2421) for specific import requirements that deviate from the general information in this letter and must be met for legal import of livestock.*
- b. A single OCVI from the animals' home state may be completed for travel to and from the New England states in which the animals will be exhibited. *MA animals being shown ONLY in MA may substitute a signed, dated letter on the letterhead of an accredited veterinarian for an OCVI if all required information is included and all additional requirements are met.*
- c. Multiple animals of the same species may be listed on one health certificate with appropriate individual IDs and descriptions. Animals of different species may not be listed on the same official health certificate.
- d. **An itinerary of the names and locations for each New England fair or show at which owner expects to show the listed animals and the dates when each animal is expected to be on each site, must be prepared by the owner and presented to the veterinarian at the time the OCVI is written.**
 - i. **A copy of this planned itinerary must be attached to the official health certificate (import and export) for it to be used for more than one fair or show.**
 - ii. That proposed list should be signed by the veterinarian and the owner/ exhibitor and reference the relevant OCVI number(s).
- e. The name and address of the first show or fair where the listed animals will be exhibited is to be used as the "destination" on the OCVI form. In addition, "See attached list" or a similar statement directing Animal Health Officials or Fair Inspectors to the attached proposed itinerary must be included.
- f. Exhibitors must keep an accurate list of the show locations and dates when their animals were actually on the show/fairgrounds. This record must be available to fair inspectors at each inspection and check-in.
- g. Any animal listed on an OCVI that becomes sick must remain home. If the animal is refused entry to any exhibition during 2022 for health reasons it must have a new health certificate issued by an accredited veterinarian within 30 days of the next interstate movement.
- h. Any New England state may end their participation in this agreement and revert to the standard published requirements for livestock imports in the state at any time, in the event of foreign animal disease outbreak or changes to state legislation.

All petting zoos are required to have a USDA APHIS Exhibitor's License (as needed) and valid 2022 health certificates.

SUBJECT: **Livestock Health Certificates for the 2022 Show Season**

DATE: May 12, 2022

Special Notices:

Due to the recent US outbreak of High Path Avian Influenza (HPAI), Animal Health Officials from all six New England States are recommending all competitions, exhibitions, shows, swaps or other in-person events encouraging the gathering or commingling of domestic fowl or poultry be postponed until at least July 1, 2022.

State COVID-19 response orders supersede all other exhibition guidance.

Contact the state where animals will be exhibited for the latest updated information.

Currently an Official Certificate of Veterinary Inspection (OCVI) is required for each state for every animal movement across state lines. Animals crossing state lines must be properly (officially) identified per federal and state Animal Disease Traceability (ADT) requirements. Each state to which an animal travels needs to be contacted to verify that all traceability and movement permit requirements are met before shipping.

Recognizing that during the agriculture and fair and show season exhibition animals may be moving to multiple states and locations within a state, the New England state veterinarians, working through the New England States Animal Agricultural Security Alliance (NESAASA), have developed a new protocol to facilitate animal movement. The New England State Veterinarians have agreed to allow a show/fair certificate to be valid for the show season provided that they are in compliance with all federal and state ADT rules.

One Official Certificate of Veterinary Inspection (OCVI) may be allowed for animals of the same species to be exhibited at fairs or shows in any of the New England states (CT, *ME, MA, **NH, RI, and *VT) when submitted with an itinerary of the dates and locations of the events at which the listed animals are expected to be shown. Only animals that are healthy at the time of shipment may be moved.** Note that *ME, **NH, and ***VT have additional requirements. Certificates of veterinary inspection in these states are valid for a shorter period of time and may have additional language, movement and permit requirements. See details below.

For the 2022 Show and Fair Season, livestock animals being exhibited in New England states must have official certificates of veterinary inspection (OCVIs) that meet the following requirements:

Requirements, Continued:

- CT, MA, ME and RI: OCVIs issued on or after **January 1, 2022** may be used for animals being shown at fairs and shows in CT, MA, ME and RI through the 2022 show/fair season ending October 31, 2022.
 - Special Note on **The Big E**, West Springfield, MA: All **horses** shown at The Big E Fairgrounds premises must have a CVI dated within the prior 30 days in 2022.

- **An itinerary of the names and locations for each New England fair or show at which owner expects to show the listed animals and the dates when each animal is expected to be on each site, must be prepared by the owner and presented to the veterinarian at the time the OCVI is written.**
 - **A copy of this planned itinerary must be attached to the official health certificate (import and export) for it to be used for more than one fair or show.**
 - That proposed list should be signed by the veterinarian and the owner/ exhibitor and reference the relevant OCVI number(s).

In addition, "See attached list" or a similar statement directing Animal Health Officials or Fair Inspectors to the attached proposed itinerary must be included.
- Exhibitors must keep an accurate list of the show locations and dates when their animals were actually on the show/fairgrounds. This record must be available to fair inspectors at each inspection and check-in.
