

The East Coast RepRap Festival

June 22 -24 2018

APGFCU Arena

at Harford Community College, Bel Air, Maryland

www.ERRF2018.Eventbrite.com

The East Coast RepRap Festival (ERRF) invites all community members connected to 3D printing to join us and celebrate the diversity throughout our community and industry. We are inviting companies and individuals to bring out their 3D printers and projects big & small. Bring your passion & curiosity for 3D printing and share your creations with our community!

Be an exhibitor or just attend!

Talks on 3D printing topics including a keynote talk from a Marlin Firmware Developer!

3D printers galore – From small and simple to big and exotic!

3D printed prints – Violins, spaceships, rockets, artwork, furniture and much more!

3D printed cosplays – Helmets, suits, weapons and more!

A 3D Printed Derby Race – First of its kind, 3D print your car & come race!
