

In-House Providers: Working hand-in-hand with our top-notch group of in-house providers, the Knoxville Convention Center is equipped to handle every detail of your event from start to finish.

SAVOR... Catering – Here in the South, we care deeply about our food. It typically is the focal point of our social gatherings, and an event’s success can hinge on the quality of the food. That’s why we work exclusively with Savor ... Knoxville Catering, our in-house food and beverage provider. Savor prepares all food onsite and uses homegrown food products whenever possible. Our in-house executive chef, Daryl O’Donnell, has an extensive culinary background that includes working in resorts, restaurants, and live entertainment venues.

Décor – ALL Convention and Expo Services (ACES) is dedicated to making every event a standout. ACES is a subsidiary of All Occasions Party Rentals. From tables and specialty linens to carpets, drapes, and backdrops, ACES has you covered for all your trade show or event needs. The professionals at ACES are able to help you identify the elements needed to make your event a standout or simply turn your existing vision into reality.

Audiovisual Production – Once the table is set, we help put the spotlight on your event through the services of a first-class production team. M&M Productions USA produces major concerts and events worldwide, and stands ready to meet all your audio, video, digital, stage, sound, and lighting needs. From video conferencing to web streaming to screens and microphones, M&M delivers.

Convention and Visitor’s Bureau = Visit Knoxville – Knoxville is the perfect destination for your next meeting. Visit Knoxville, the official Convention and Visitor’s Bureau for the city of Knoxville and Knox County, is an excellent resource to help plan your entire visit.
