RE: TAX FORFEIT PROPERTIES

Dear Ashley,

Enclosed is a classification listing of non-conservation land located in the city of Ada. The first parcel forfeited in 2021 for nonpayment of taxes, but was the only parcel that forfeited to the State of Minnesota, held in trust for the taxing authority. The county board elected not to have a sale at that time due to the timing and the fact that it was the only property that forfeited. The second parcel was voluntarily conveyed to the State of Minnesota, held in trust for the taxing authority, by Doug and Carole Munson due to the fact that they were not interested in redeeming the property, and had no intention of paying the delinquent taxes.

As required under Minn. Stat §282.01, we request that you approve the classification and sale of the parcels at public auction. Alternatively, you may request a conveyance to the city for public use or request purchase prior to public sale for blight removal.

If you request conveyance to the City, please notify us and we will complete a State Deed Application form and mail it to the Minnesota Department of Revenue for consideration.

The county will require a certified copy of the resolution authorizing any action taken by the City Council in connection with this matter within 60 days of the receipt of this letter. Please be advised that if the City Council does not respond within 60 days of the date of this letter, the classification and sale will be deemed to be approved.

The county does request that you address this matter at your earliest convenience, as we would like to have this sale as early as possible.

If you have any questions, please feel free to contact this office at (218) 784-5471.

Best regards,

donna Hanson

Also present: Brian Rasmusson

Members Absent: Bob Ramstad, Pete Fetting

Call meeting to order. 5:31 pm

Approve minutes: Motion: Visser, Roux second All in favor, motion passed.

Items added to agenda: Mower update, Budget update, new underground electrical project.

Approve agenda: Motion: Thompson, Second Roux. All in favor, motion passed

Old business:

Water: None

Sewer: None

Electric: None

Street: Brian up dated the board that the new mower was in Fargo and it will be delivered sometime this week. Brian also explained the reason we kept the old mower was because when a mower breaks down nobody carries parts for them so the mower is down for a minimum of 2 days and last year we waited over a week for parts and we had to barrow a mower from someone just to get the City stuff mowed and Brian said that we shouldn't have to barrow a mower to keep up with mowing. The board agreed. **No action taken, Info. Only**

Other: None

New business:

Water: None

Sewer: None

Electric: Summer Projects: Brian told the board he had one more project for this summer he wanted to do, it is the line south of Anda Apartments in the N.E. section of town. It is a project that the Council approved 2 years ago but didn't get done do to equipment failure for the contractor. The contractor is selling his equipment in July and once he is done the cost of installing underground wire is going to cost considerably more as this contractor is local and always gives a good discount. Brian said the contractor would get us an estimate before council meeting but thought it should be around \$10,000.00 and the board was good with

bringing to forward to council for approval if the cost is around that price. Brian said that we do have money in the budget for the project. Action Item for Council.

NO. CO. HWY Dept underground project update: Brian told the board that the project had started and the west side of the frontage road had mostly been completed and Chris would start on the East side of the highway next week. **No action taken, Info. Only**

Street: Fuel tank lease purchase: Brian told the board that we need to pay off the diesel fuel tank that we are leasing from a local fuel distributer because when we entered into the agreement the representative said even thou it was a lease tank, if his competitor was cheaper on fuel occasionally it was ok to let them fill it. This is the first time that the competitor beat their fuel price and the representative was upset because they got beat by .16 per gallon. Brian asked what the amount was to pay off the lease because we aren't going to play those games when it comes to buying fuel. The price to pay off the lease is \$5,878.13 the board agreed that we should pay this off so we can buy fuel from whoever has the lowest price. Action Item for Council.

Other: Budget numbers: Brian told the board that most things are costing almost twice as much as they did when we set the budget for this year and it is almost impossible to keep from going over budget on necessary items, besides price increases most companies are tacking on fuel surcharges which are very costly do to fuel prices. **No action taken, Info. Only**
