City of Ada
Attn: Ashley Larson

RE: Voting Operations, Technology, & Election Resources (VOTER) Allocation Funds

Norman County received state funding for county and municipal election administration. The funds received were allocated based on a percentage of voters in each city/township. Based on the percentage of voters in the county, the City of Ada is entitled to receive \$252.69. In order for each city/township to receive their allocated amount of funds, an agreement must be made on the distribution plan, along with specific use of the funds and reporting requirements. Should the City of Ada wish to accept these funds and enter in to an agreement, please notify us before November 17, 2023. Please notify us if you are not interested in receiving these funds. They would then just be used by the county for election administration.

The funds can only be used for any purpose that is directly related to election administration including the following: equipment, hardware or software, cybersecurity, security-related infrastructure, capital improvements to improve access to polling places for individuals with disabilities, staff costs for election administrators, election judges, and other election officials, printing and publication, postage, programming, local match for state or federal funds, and any other purpose directly related to election administration.

Starting December 2024, there will be reporting requirements which will cover the previous fiscal year of July 1, 2023 thru June 30, 2024. The City of Ada must maintain an itemized description of how their funds were spent according to the general expenditure categories outlined above and be reported to the county no later than December 15th of each year. Receipts and invoices should also be maintained.

If you have any questions, please feel free to contact our office at 218-784-5471 or via email at Auditor@co.norman.mn.us.

Thank you!
