2023 Pig Challenge Rules - (Updated September 2022)

The Aksarben Pig Challenge rules have been updated and more clearly defined for the 2023 program. Youth, ages 9-19 years old will have the opportunity to get a more in-depth opportunity to learn about nutrition, health care, management, and showcasing their knowledge of beef production. The purpose of the Program is to provide an educational, interesting, and competitive event for youth at the Aksarben Stock Show.

Interested youth need to fill out an application to be eligible for the contest. All applications must be emailed on or before February 28th, 2023. A committee will review all applications with a maximum of 15 being selected to participate in the program. Once selected the individuals will need to attend the “draw” for the pig that will be their responsibility until exhibition at the 2023 Aksarben Stock Show. To successfully complete the project, participants have several requirements including record keeping, interview, showmanship, correspondence with an assigned sponsor/partner, average daily gain, and live placing.

Eligibility:

- Open to youth ages 9-19 years of age as of January 1, 2023. Eligible youth, with an established residence from the following 14 states may apply: Arkansas, Colorado, Illinois, Indiana, Iowa, Kansas, Minnesota, Missouri, Montana, Nebraska, North Dakota, South Dakota, Wisconsin, and Wyoming.
- Contestants must be eligible to compete at the 2022 Aksarben Stock Show and not have passed their 19th birthday as of January 1, 2023.
