

2022 Pig Challenge Rules

(Updated 2022)

The Aksarben Pig Challenge rules have been updated and more clearly defined for the 2022 program. Youth, ages 9-19 years old will have the opportunity to get a more in-depth experience to learn about nutrition, health care, management, and showcasing their knowledge of swine production. The purpose of the Program is to provide an educational, interesting, and competitive event for youth at the Aksarben Stock Show.

Interested youth need to fill out an application to be eligible for the contest. All applications must be postmarked on or before January 1, 2022. A committee will review all applications with a maximum of 15 being selected to participate in the program. Once selected the individuals will need to attend the “draw” for the pig that will be their responsibility until exhibition at the 2022 Aksarben Stock Show. To successfully complete the project, participants have several requirements including record keeping, interview, showmanship, correspondence with an assigned sponsor/partner, average daily gain, and live placing.
