Feeding Directions

Feed as the sole ration to breeding swine.

CAUTION

Do not feed to sheep due to copper levels in this feed.

Always provide a source of fresh clean water, and free choice minerals. When making changes in an animal's diet, allow a 7 to 10 day transition period. Provide ample feeder space for livestock. Do not feed wet, moldy, or insect infested feed

MEDICATED

This feed can be fed to any breeding swine but should be primarily used for lactating sows.
