GENERAL INFORMATION

The Anoka County Fair Board Directors express their sincere appreciation to each of you for your time, talent, and interests. We hope to make the fair the best week of your summer, so come and see for yourself what a good time you can have.

The Fair Board Directors reserve the right to order the removal of any exhibit which is not in the best interest of the fair, which endangers the public, contains any profanity, nudity, defamation of any kind or nature towards any groups, or is entered in violation of the rules listed. In this case, any premiums or awards will not be awarded.

The Fair Board Directors are not responsible for any damages to exhibits or livestock caused by fire, water, windstorms, theft, or act of God. The Fair Board Directors do not assume any liability for accidents to persons or property involved with the fair.

Gate admission tickets are required for all exhibitors for entrance onto the fairgrounds. Gate admission is charged Tuesday through Sunday. Discount admission tickets are available at the Fair office for adults prior to opening day. See the Anoka County Fair website for ticket prices at <https://www.anokacountyfair.com/p/tickets--deals>.

Premium checks will be available Monday after the fair when you pick up your entries. Exhibits will remain on display during the entire fair. Exhibits will be released on Monday after the fair, between the hours of 1:00 P.M. - 7:00 P.M.

Premiums will be awarded for each Division and Class with sweepstakes awarded at the discretion of the judge. Judges will not award premiums unless articles are worthy of merit. If entry is not worthy of a premium, the judge has the right to withhold any awards with their decision as final (except where mistakes, fraud or misrepresentation exist and are not discovered at the time). In such cases, the Fair Board Director's decision will be final.

Exhibit Preparation

To assist in selecting and preparing vegetables for exhibit the following suggestions are made. Uniform size, shape, color, free of insects, disease, and mechanical damage.

Carrots, Parsnips, Beets, Turnips, Rutabagas:

Root crops should be mature but not overgrown, pithy or course in texture. Tops trimmed of 1 1/4" above the crown. Side roots trimmed off but not the tap root. Clean by brushing.

Broccoli: Heads should be dark or purplish green and compact. Avoid yellow flowers in head. Stems cut about 5" from top of head.

Cabbage: Stems cut about 1/2" below the head. Remove blemished or broken leaves. Leave few wrapper leaves.

Cauliflower: Heads should be white, compact, free of small leaves and ricy texture. Stems cut to leave 4-6 leaves. Outer trimmed to 1/2" above the white head. Use soft bristled brush to remove dirt from head.

Celery: Remove roots of stalk and trim butt to form a triangle for pyramid. Trim diseased and broken leaves on outside till uniform color.

Collection of Herbs: Cut herbs, label and put varieties in individual bottles of water.

Cucumbers: Pickling-select fruits 3-5" long. Specimens should be same stage of maturity and uniform in size, shape, and color. Select fruits that are straight, dark green, 6-10" long and uniform in shape, size, and color. Leave stems attached. Soft brush clean.

Egg Plant: Uniform in color, free from bronzing and greening. Stem left on.

Kohlrabi: Roots removed just below the ball. Remove all but the center 4-6 leaves. Specimen's best if uniform, medium size and not hard or woody. Skin clean, but not washed.

Muskmelon: Select mature but not overripe fruits that separate easily from vines.

Onions: Have specimens mature and thoroughly cured. Neck should be small. Do not peel to give a slick appearance. Outer scales that are discolored or broken should be removed. Small basal roots should be left intact but trimmed to a uniform length of 1/2" long.

Peas: A select bright green well filled pods with seeds in the best eating stage. Do not wash, as bloom should be preserved.

Peppers: Stem should be left 1/2" to 1" long.

Pumpkins: Select mature specimens where the rind resists pressure of the thumbnail. Fruits uniform in size, shape, color and free of defects. Leave stems attached to fruits.

Radishes: Tap root cut 1/2", tops cut to 1/2"

Rhubarb: Select stalks that are uniform, straight, and unblemished. Stalks should be pulled from the plant, not cut. Cut off blade leaf 2" above the stalk.

Snap Beans: Harvest before constrictions appear between seeds, when seeds are about half grown. Pods should be wiped clean but not washed. Leave stems attached.

Summer Squash: Select small size fruit with soft rind, easily punctured with thumbnail. Leave about 1/2" stem and wipe fruits clean.

Sweet Corn: Select well-filled ears with kernels that is milky and juicy with husks that are to remain, allow a short shank.

Table Onions: Roots trimmed to 1/2", bulbs un-peeled, trim tops (green) to 3". Total Length 6-8"

Tomatoes: Uniform size, shape and color. Fruits should be uniformly and free of cracks and blemishes with stems removed.

Watermelons: Select fruit that are mature but not overripe. Leave 1" of stems on.

Winter Squash: Select mature specimens where the rind resists pressure of the thumbnail. Fruits uniform in size, shape, color and free of defects. Leave stems attached to fruits.

DEPARTMENT M-FLOWERS, PLANTS AND ARRANGEMENTS

1. Entry must be grown during current year unless otherwise stated.
2. A pot or hanging basket may contain more than one plant of the same variety. Only 1 variety per pot.
3. LABEL FLOWERS WITH THEIR VARIETY and ENTERED IN CORRECT CLASS WHEN SPECIFIED.
4. **Bottles will no longer be provided for your flower entries. Water will still be available for your convenience.**
5. All potted plants exhibited in this class must have been in exhibitor's possession for at least 3 months.
6. **Flowers are not judged by the container. Please use appropriately sized containers, not of value, for the entry. Does not have to be a vase.**
7. Must have correct count of specimens listed in class.
8. American flag NOT allowed in show.

Guidelines for Flowers

1. When 3 stems are called for, they should all be the same color.
2. Petunias should be washed with soapy water and the old seed pods removed from the stem.

Guidelines for Lilies

1. Day lilies, Hemerocallis, grown from plants, have a leafless scape (stem) and a class of their own.
2. Calla Lilies are in a class of their own.
3. Lilies are grown from bulbs, oriental are fragrant with large leaves. Tiger are splashed with dots and have re-curved petals. Trumpets have elongated flowers that form a trumpet. Asiatic are hard to describe. Use a seed catalog and compare your lily to those in the catalog to identify yours.
4. Do not remove anthers.

Guidelines for Flower Arrangements

Flowers: Quality and condition of flowers is very important. Flowers and foliage must be firm and has good texture. There should be no signs of disease or insects, foliage, and flowers should be clean. Color must be clear and bright. Flowers and foliage should be properly hardened. Flowers that wilt too quickly should be avoided (cleome, coreopsis, etc.) Flowers with sap need to be heat treated (poppies, dahlias, hollyhocks, etc.).

Arrangement: Avoid crowding; airiness in design is very important. A well-planned arrangement enhances the beauty of the flowers in the design. Choice and creative use of color is important. Color harmony must be considered, and colors chosen carefully to fit one of the following color schemes:

1. One color (monochromatic)
2. Neighboring colors
3. Complementary (opposite) colors
4. Triad colors that form three points of a triangle on the color wheel, such as red, yellow, blue.

Flower shapes should be used in a harmonious and creative way. The arrangement should be in balance, either symmetrical or asymmetrical. The form of an arrangement must be appropriate for the intended use.

For Example: table arrangement must be low enough to allow conversation across the table.

Container: The container should be simple, neutral in color and not compete with the flowers and foliage. White containers should only be used if there are white flowers in the arrangement. The container should complement the flowers, foliage colors, and textures. Container size must be in proportion with the size and shape of the arrangement.

Principles of Design

Entire flower arrangement should show the knowledge of the 6 principles of design:

1. Balance-a feeling of stability of the design.
2. Rhythm-a flow through the design that allows the eye to move smoothly from 1 area to another.
3. Dominance-1 color, 1 flower shape or one fine direction is "dominant" over the others in the design.
4. Contrast-gives variety to the design, could be done with texture, line or color.
5. Proportion-size relationships of flowers to a container, arrangement to surroundings.
6. Scale-size relationships of various parts of the flower design to each other.

DIVISION 07-ARTISTIC ARRANGEMENTS

1. Arrangements of cut flowers or cut plants. Accessories are permitted. Commercially grown flowers are not permitted.
2. Be creative. Give your arrangement a title!

DIVISION 08-ARTISTIC DRIED WALL HANGING OR BASKET

Make with dried or preserved plant material with a hook to hang.
