Entry Procedures & Department Rules

1. Please read all Open Class Static Exhibitor Rules.
2. Only one entry per exhibitor per lot is allowed.
3. Dried products: 1/2 cup, 1 roll, or 3"x3" square as appropriate for the type of product. Sample should be on a paper plate and in a plastic bag.
4. Baskets and containers: your choice of size and kinds of products.
5. If entering special contests and fair divisions, enter baked goods in both, rather than one entry that must be moved from one area to another.
6. The Benton County Master Food Preservers recommend that all food displayed during Fair be discarded after the Fair. All entries will be discarded at the end of the Fair, except unopened jars, due to health and safety concerns. All containers will be available for pickup during entry release.
7. Flat ribbons will be available for 1st, 2nd, and 3rd places at release.

CANNING

Canning Rules:

1. Entries must be in brand name jars with rings and matching lids.
2. Jars must be clean, have rust-free rings, and be easy to open.
3. All products must be processed according to the most recent recognized canning methods in the Ball Blue Book and the Benton County Extension Service Bulletins. If these sources are not used, then note the source and include a recipe.
4. All products must meet USDA recommendations. Contact the Superintendent if you have questions.
5. Exhibits must be accurately labeled as to the content, processing method, time processed and date of processing.
6. Judges may open any jar, except vegetables and meat, for inspection; however, if other visible characteristics of the

product eliminate it from consideration of an award, the judge is not obligated to open for further evaluation. The judge will determine if a jar needs to be opened.

7. If possible, please bring products in pint jars rather than quart jars in order to waste less product.
