J179 is a real long bodied, big footed bull that is well balanced phenotypically as well as on paper. His extra length and frame will equate to added pounds to a calf crop. This bull is above average across the board for all EPDs. Top 5% FPI, Top 15% WW, YW, & MB; Top 25% CW; and Top 30% CED. Homo Black Test Pending

GELBVIEH & BALANCER® GIVE PEACE OF MIND

MATERNAL SUPERIORITY

Gelbvieh maternal influence in a crossbreeding system offers added fertility, increased longevity, and more pounds of calf weaned per cow exposed. Highly productive cows with adaptability, versatility, and ability to own and raise a calf can have a positive impact on your bottom line.

An aged bull that has added volume, length and thickness. He is extremely easy fleshing and combines outstanding genetics on both the top and bottom side of his pedigree. We calved our first set of Unforgiven daughters and they are beautifully constructed.

This guy checks a lot of boxes. He has a calving ease look with a curve bender EPD profile. He's good footed, sound moving and easy fleshing. He was reserve in his division at last summer's Jr. Classic. His dam is one of our can't miss cows.
