This female's mother continues to impress year after year. It's hard to find one with this much belly shape yet be so attractive in her head and neck. A maternal sib sold for \$9,750 at the NWSS in 2017 and is doing well for the Lodoen family.

9020 is a thick made, deep bull. He was raised by a first calf heifer that bred back right away and did a super job raising him. He is well made and has a great disposition.

Dominant bull from birth. Heres one you have to love for his attractiveness, flexibility, and muscle shape. His dam is not only a first calf heifer but a full sib to our Kitty cow who was supreme cow/calf at the MN State Fair.

Ultra attractive bull that combines power and performance and will sire calves that will come easy and weigh up in the fall. But best of all I believe he will produce high quality replacement heifers built for longevity.

A grandson of a sire who has built a legacy for siring real world, rugged, beef bulls who add pounds and shape! 090 has a heavy structured, thick stifled and wide backed, however he still has longevity in his build with adding muscle shape and performance.
