

2024 Queen Bio

Sheridan McBee, Boulder County Fair's 2024 Queen, is 19 years old, from Firestone Colorado, and graduated from Mead High School. Sheridan is currently a student at Aims working towards a degree in welding. She has been part of the Boulder County Fair since she was 6 years old in the Cloverbud program. Sheridan's projects in 4-H were horses, dogs, archery, and market lambs. She graduated from 4-H after 12 years in the program. She also shows market lambs through FFA and did the ag mechanics team for FFA.

Outside of 4-H and FFA Sheridan loves to ride her horses, spend time with friends, and work on her truck. She currently has a four-year-old colt named Chief that she has been training by herself. Sheridan works with Chief in several different disciplines and hopes to compete with him in ranch horse versatility, barrels, and roping in the future.

Throughout her senior year of high school, Sheridan studied agriculture and animal science through the Career Elevation Technology Center in Longmont and loves advocating for agriculture, 4-H, and FFA.
