# BRACKENRIDGE RECREATION COMPLEX

# 2023

# ADVENTURE DAYS

## June 14th: Buzz on Pollination

Buzz through the world of pollinators on this adventure while learning the important role butterflies, bees, and hummingbirds play in making the foods we eat and the plants we use. Each child will be able to create their own butterfly feeder!

## June 21st: Fishing Frenzy

Kids will be able to enter a fishing derby challenging all who participate to see who will catch the biggest, smallest, or the most fish. Medals will be awarded to the winners!

## June 28th: Grilling 101

AgriLife Extension Agent, Courtney Mercer will lead us on this adventure where kids will learn the basics of Grilling! Kids will be taught grill safety, how to start a charcoal grill, and how to grill steak, fruit, and vegetables. Each child will be able to grill snacks to take home with them!

## July 5th: Be a Nature Detective

Join Outreach Coordinator Michael Price to learn how to identify wildlife based on what they leave behind. Kids will know if a deer, raccoon, rabbit, or any other wildlife has been in the area just by looking at their tracks & scat. They will also see several native animal skins & skulls. Before leaving, each child will create their own track to take home!

## July 12th: Party in the Park

Don't Miss out on some summer fun at the last adventure day! What better way to celebrate the last Adventure of the summer than with a water day party, nerf gun wars, and MORE! Students will need to bring their own nerf gun equipment and don't forget some clothes you can get wet in. Lunch will be provided before we say goodbye to the kids for another summer!

**Registration  
opens April  
25th @ 9 AM**
