COMPETITION EXHIBITS

15. Animal/Exhibitor Disqualification: In order to foster fair competition, provide a level playing field and protect the safety of the food chain, the showing of unethically fitted livestock, livestock of ineligible age for exhibition in the class entered, and/or animals being administered unapproved drugs is strictly prohibited. Additionally, any animal that has been administered a drug, even though that drug is FDA approved for its species, is subject to disqualification if that animal tests positive for that drug once it has arrived at the Brazos Valley Fair & Rodeo and/or participated in Brazos Valley Fair & Rodeo shows. All animals must remain free and clear of all drug and chemical residues while on the Brazos Valley Fair & Rodeo grounds.

- **a. Unethical Fitting:** Unethical fitting means any attempt to alter the natural appearance, conformation, musculature or weight of an animal by any unnatural means. Animals showing any signs of being unethically fitted will be disqualified.

  Examples of unethical fitting include, but are not limited to the following:

  - **i.** Application of any substance other than water to any part of the animal's body, unless specifically allowed in the department rules of that entry.
  - **ii.** Animals that are in milk due to an unnaturally induced lactation.
  - **iii.** Balancing the udder by any means other than leaving naturally produced milk in any or all quarters.
  - **iv.** Draining of fluids.
  - **v.** Treating or massaging any part of the animal's body, internally or externally, with an irritant, counterirritant, or other substance to temporarily improve conformation.
  - **vi.** Feeding of material not conducive to the health of the animal, safety of food or marketability of its carcass.
  - **vii.** Blocking the nerves to prevent limping or switching of the tail.
  - **viii.** Striking the animal to cause swelling in a depressed area.
  - **ix.** Surgery or other practices performed to change the natural contour or appearance of the animal's body, hide, hoof or hair, except the removal of warts or horns and the permitted clipping and dressing of hair and trimming of hooves.
  - **x.** Changing the color of hair at any point, spot or area on the animal's body. Any grooming material that allows color to come off from any animal will not be allowed at the show.
  - **xi.** Artificially filling animals by stomach pumping or airing injections.
- **b. Over Age Animals:** Over age animals will be disqualified.
- **c. Unapproved Drug Use:** The showing of any animal that during its life has been administered any quantity of any unapproved drug, chemical or medication is strictly prohibited. Such drugs include, but are not limited to, any diuretic, unapproved growth stimulant or other unapproved medication. Unapproved means not approved by the FDA and/or the USDA for slaughter animals, including animals that may be destined for human consumption.
- **d. Approved Drug Use:** If an animal has been administered a drug that is FDA approved for its species, sufficient time must have passed so that the animal does not test positive for that drug upon arrival at the Fairgrounds. Animals must remain free and clear of all

drug and chemical residues while on the Fairgrounds and/or participating in the Brazos Valley Fair & Rodeo shows. Please note that elimination time (the time it takes for no drug residue to be found in the system) is generally longer than the labeled withdrawal time for most approved drugs.

e. **Animal Inspection:** As a condition for participation in the Brazos Valley Fair & Rodeo, an exhibitor agrees to submit any animal entered by the exhibitor for inspection by any veterinarian appointed by the Brazos Valley Fair & Rodeo Management. Exhibitors also agree to have such animal submitted to any tests requested by the Brazos Valley Fair & Rodeo. Exhibitor's also agree that the opinion reached by the Brazos Valley Fair & Rodeo or its officials as to whether such animal is unethically fitted or over age shall be final and binding without recourse against the Brazos Valley Fair & Rodeo, its officials or any of its appointed veterinarians. Further, the Brazos Valley Fair & Rodeo specifically reserves the right to have an ultrasound, D.N.A., tissue, blood or urine laboratory analysis made on any animal entered for the Brazos Valley Fair & Rodeo competition. The conclusions reached by the veterinarian or laboratory shall be final and binding without recourse against the Brazos Valley Fair & Rodeo, its officials or any of its appointed veterinarians. An exhibitor of an animal that is found to be unethically fitted, over age, and/or testing positive for any drug or medication or unapproved chemical may forfeit all titles, awards, auction proceeds (if any), premiums, scholarships, as well as rights and privileges to exhibit livestock in the future at the Fair. Exhibitor's waive any cause of action which he/she might have for any action taken under these Livestock Exhibitor Rules, and releases the Brazos Valley Fair & Rodeo and any appointed veterinarian from any and all claims or demands whatsoever in connection with the inspection or testing of any such animal or any ruling or action taken by reason of the conclusion of such veterinarian.
f. **Unmanageable Animals:** The Brazos Valley Fair & Rodeo may disqualify any animal deemed unmanageable.
g. **Non-adherence to the Rules:** Any person found guilty of misrepresentation or not abiding by the Rules in this Livestock Exhibitor Book will be disqualified and denied the privilege of showing at the Fair.
h. **Emergency Treatment:** If an animal requires emergency treatment while on the Fairgrounds, only a licensed veterinarian will be allowed to administer any drug, chemical or feed additive. An exhibitor may choose a licensed veterinarian other than the Official Brazos Valley Fair & Rodeo Veterinarian, but the Official Brazos Valley Fair & Rodeo Veterinarian MUST be notified in advance and he/she MUST be present. Animals which are administered treatments with a withdrawal or extended elimination time period will be disqualified from competition. Furthermore, the Official Brazos Valley Fair & Rodeo Veterinarian, in agreement with the Brazos Valley Fair & Rodeo Management, reserves the right to treat any animal if, in the opinion of the Official Brazos Valley Fair & Rodeo Veterinarian; it is in the best interest of the animal's health and well-being to be treated. If the Official Brazos Valley Fair & Rodeo Veterinarian administers treatment to an animal and therefore uses any medication that does not meet the appropriate withdrawal and/or elimination time, such animal will be determined ineligible for competition.
i. **Treatment Costs:** All treatment costs are the responsibility of the exhibitor.
j. **Disqualification/Condemnation of Animal:** The Brazos Valley Fair & Rodeo practices a "zero tolerance" policy on all residue violations. The Brazos Valley Fair & Rodeo reserves the right to condemn and/or disqualify any animal found in violation of the Rules,

and the exhibitor will forfeit all premium money and scholarships if the animal is disqualified. If an animal(s) is disqualified, the class placing will not change. A disqualified exhibitor may forfeit all rights and privileges to exhibit livestock in the future at the Fair, as well as any Brazos Valley Fair & Rodeo scholarship opportunities. Disqualifications due to violations of the Brazos Valley Fair & Rodeo Rules as stated in this Livestock Exhibitor Book or the Entry Certification, Release and Indemnity agreement and any consequences will be decided by the Brazos Valley Fair & Rodeo Management. These decisions may be appealed to the Brazos Valley Fair & Rodeo's Executive Committee from whose decision there can be no further appeal.

16. **Postmortem Examinations:** The Brazos Valley Fair & Rodeo has the right to a postmortem examination of any animal which dies during the Fair. This examination must be performed by the Official Brazos Valley Fair & Rodeo Veterinarian at the expense of the exhibitor.

17. **Conduct:** Any exhibitors or their representatives not cooperating with the Brazos Valley Fair & Rodeo officials in all matters, while on the Fairgrounds, will have their entries disqualified and will be ordered to remove their exhibit from the grounds immediately and may lose the opportunity to participate in future competitions.

18. **Grooming:** This is a **"Blow and Go"** Show. Animals are to be shown in natural conformation and color, except where stated otherwise in this Livestock Exhibitor Book. Any product used to alter the conformation and/or appearance of an animal for exhibition is prohibited. This includes, but is not limited to, false hair, artificial color, adhesives, or other similar substances.

19. **Release:** Entries must be on exhibit at the official opening of the Fair or any other time specified in the Livestock Exhibitor Book and shall not be removed from the Fairgrounds prior to the release date printed in the Livestock Exhibitor Book, except at the discretion of the Brazos Valley Fair & Rodeo Management. All trailers must have the correct trailer release paperwork to be removed from West Lot.

INTERNATIONAL ASSOCIATION OF FAIRS & EXPOS (IAFE) CODE OF SHOW RING ETHICS

20. Exhibitors of animals at livestock shows shall at all times deport themselves with honesty and good sportsmanship. Their conduct in this competitive environment shall always reflect the highest standards of honor and dignity to promote the advancement of agricultural education. This code applies to junior as well as open class exhibitors who compete in structured classes of competition. This code applies to all livestock offered in any event at a livestock show. In addition to the "IAFE Code of Show Ring Ethics," fairs and livestock shows may have rules and regulations which they impose on the local, county, state, provincial and national levels.

    All youth leaders working with junior exhibitors are under an affirmative responsibility to do more than avoid improper conduct or questionable acts. Their moral values must be so certain and positive that those younger and more pliable will be influenced by their fine example. Owners, exhibitors, fitters, trainers and absolutely responsible persons who violate the code of ethics will forfeit premiums, awards and auction proceeds and shall be prohibited from future exhibition in accordance with the rules adopted by the respective fairs and livestock shows. Exhibitors who

violate this code of ethics demean the integrity of all livestock exhibitors and should be prohibited from competition at all livestock shows in the United States and Canada.
The following is a list of guidelines for all exhibitors and all livestock in competitive events:

a. All exhibitors must present, upon request of fair and livestock show officials, proof of ownership, length of ownership and age of all animals entered. Misrepresentation of ownership, age, or any facts relating thereto is prohibited.

b. Junior exhibitors are expected to care for and groom their animals while at fairs or livestock shows.

d. Animals shall be presented to show events where they will enter the food chain free of volatile drug residues. The act of entering an animal in a livestock show is the giving of consent by the owner, exhibitor, fitter, trainer and/or absolutely responsible person for show management to obtain any specimens of urine, saliva, blood or other substances from the animal to be used in testing. Animals not entered in an event which cumulates with the animal entering the food chain shall not be administered drugs other than in accordance with applicable federal, state and provincial statutes, regulations and rules. Livestock shall not be exhibited if the drugs administered in accordance with federal, state and provincial statutes, regulations and rules affect the animal's performance or appearance at the event.

If the laboratory report on the analysis of saliva, urine, blood or other sample taken from livestock indicates the presence of forbidden drugs or medication, this shall be prima facie evidence such substance has been administered to the animal either internal or externally. It is presumed that the sample of urine, saliva, blood or other substance tested by the laboratory, to which it is sent, is the one taken from the animal in question, its integrity is preserved and all procedures of said collection and preservation, transfer to the laboratory and analysis of the sample are correct and accurate and the report received from the laboratory pertains to the sample taken from the animal in question and correctly reflects the condition of the animal at the time the sample was taken, with the burden on the owner, exhibitor, fitter, trainer or absolutely responsible person to prove otherwise.

At any time after an animal arrives on the fair or livestock show premises, all treatments involving the use of drugs and/or medications for the sole purpose of protecting the health of the animal shall be administered by a licensed veterinarian.

e. Any surgical procedure or injection of any foreign substance or drug or the external application of any substance (irritant, counterirritant, or similar substance) which could affect the animal's performance or alter its natural contour, confirmation or appearance, except external applications of substances to the hoofs or horns of animals which affect appearance only and except for surgical procedures performed by a duly licensed veterinarian for the sole purpose of protecting the health of the animal is prohibited.

f. The use of showing and/or handling practices or devices such as striking animals to cause swelling, using electrical contrivance or other similar practices are not acceptable and are prohibited.

g. Direct criticism or interference with the judge, fair or livestock show management, other exhibitors, breed representatives or show officials before, during or after the competitive event is prohibited. In the furtherance of their official duty, all judges, fair and livestock

show management or other show officials shall be treated with courtesy, cooperation and respect and no person shall direct abusive or threatening conduct toward them.

h. No owner, exhibitor, fitter, trainer or absolutely responsible person shall conspire with another person or persons to intentionally violate this code of ethics or knowingly contribute or cooperate with another person or persons either by affirmative action or inaction to violate this code of ethics. Violation of this rule shall subject such individual to disciplinary action.

i. The application of this code of ethics provides for absolute responsibility for an animal's condition by an owner, exhibitor, fitter, trainer or participant whether or not he or she was actually instrumental in or had actual knowledge of the treatment of the animal in contravention of this code of ethics.

j. The act of entering an animal is the giving of consent by the owner, exhibitor, fitter, trainer or absolutely responsible person to have disciplinary action taken by the fair or livestock show for violation of this Code of Show Ring Ethics and any other rules of competition of the fair or livestock show without recourse against the fair or livestock show. The act of entering an animal is the giving of consent that any proceedings or disciplinary action taken by the fair or livestock show may be published with the name of the violator or violators in any publication of the International Association of Fairs and Expositions, including Fairs and Expos and any special notices to members.

k. The act of entering of an animal in a fair or livestock show is the giving of verification by the owner, exhibitor, fitter, trainer or absolutely responsible person that he or she has read the IAFE Code of Show Ring Ethics and understands the consequences of and penalties provided for actions prohibited by the code. It is further a consent that any action which contravenes these rules and is also in violation of federal, state or provincial statutes, regulations or rules may be released to appropriate law enforcement authorities with jurisdiction over such infractions.
