2013 Clover Kids Exhibit at Bremer County Fair

Bremer County 4-H has a growing Clover Kids program. Clover Kids are youth who have completed Kindergarten through third grade. They may have been involved in a Clovers Kids program in Bremer County, or they may be enrolled in a 4-H Club. Clovers are learning about the 4-H program and its opportunities.

Clovers may exhibit one or two projects at the county fair, which is conference judged. It is an informal process through which they learn the skills needed in conference judging.

Clover entries at the Bremer County Fair this year included:
