

This is a ban on rodeo.

The Los Angeles City Council is pushing an ordinance forward to ban rodeos in Los Angeles. The language is broad and will reach into other areas that impact the western way of life and other events that include livestock. We need our voices to be heard; we cannot stand back and hope for the best. Please act below. **It is time to act to preserve rodeos and many other events that are part of our western heritage.**

It matters to all of us. The ban was initiated by animal rights extremists and even though you may not live in, nor is there a rodeo in LA, you should care and show your concern by taking action because if this ban passes it will become precedence that will be taken to Sacramento, across the state of California, to Oregon, Washington, rural areas like Dallas, Austin, San Antonio and eventually lead to a federal ban on rodeos and other equestrian events. Contestants, Charros, Committees, fans/supporters, personnel, farmers, ranchers, and anyone invested in (or who loves) the western way of life needs to comment and share.
