DESIGN RULES

- 1) Only one entry per Division Number.
**Container must be watertight! Test container before using. It will be removed from display if it is not.
- 2) No artificial: flowers, foliage, fruit or vegetables permitted in any entry in Class A, B and C.
- 3) Accessories may be used in all entries.
- 4) No live animals in any displays in this department.
- 5) Some fresh plant material must be used (even in designer's choice) unless otherwise specified.
- 6) Treatment of DRIED plant material ONLY is permitted, unless otherwise specified.
- 7) No painting or tinting of fresh plant material (even by a florist).
- 8) Class titles have reference to the design and will be considered in judging.

NOTE: A vase of flowers is a Bouquet – not an arrangement.

Please have a container with some "weight" to it so the wind does not blow it over.

Make sure your frog or oasis is securely fastened to your container

Small 8": Small design, should measure 8" in height, width or depth, not to exceed 8"

Creative:

1. Line direction is dominant, characterized by open silhouette, a minimum of plant material and other components.
2. Dominant feature is the thrusting movement in a single direction, either vertically, horizontally or diagonally.
3. May have more than one focal area and more than one point of emergence.

HORTICULTURE RULES

- 1) All competitive entries must have been grown by the exhibitor.
- 2) All horticulture must be shown with foliage attached unless otherwise specified.
 - Cut stem long so it will stay watered while on display
- 3) May enter more than one specimen in a Division Number provided each is of a different cultivar, type or color.
- 4) Container grown plants must have been in the exhibitor's possession at least 90 days.
- 5) Staking for growing plants is acceptable if inconspicuously done.
- 6) Pots should be clean and a maximum of 12" in size (Class L) and 14" in size (Class N).
 - **Max 48" tall (including pot) and Max 24" wide
 - **unusual containers still must comply with accepted size as specified.
- 7) When there are two or more entries of any one genus or variety in one Division Number they may be regrouped, at the discretion of the Committee, for judging purposes.

TIPS

1. **Use of return address labels** (cut to size) speeds both the registration and entry process (use on entry cards).
2. Specimens should be clean, free from dust, soil and insecticides.
3. Specimen should be at a mature stage in growth and true to type.
4. Gladiolus: one third of spike should be open bloom, one third should be one-half open and the last third should be closed buds.
5. Use wooden wedge to pose your specimen in horticulture bottle.
6. Choose a bottle appropriate to the size of the specimen. Bottles are supplied at time of entering.
7. Remove all foliage below water line in bottles. Remember to leave some foliage above bottle.
8. All fallen leaves and blossoms should be removed from pots.
9. Please bring a towel to wipe your bottles so the tickets remain dry!
10. Dahlia: number of leaves to remain on specimen should be proportional to size of flowerhead.
 - ex: an 8"-10" flowerhead should have a long stem with 2 or more sets of leaves, but only one set is required.
 - a 2"-4" specimen should have 1 set of leaves
