- (21) **DEFINITIONS** (Categorizing classification of entrants in these classes is an effort to make it fair for everyone entering. We rely on you to determine your classification based on the following definitions.)
 - (a) **PROFESSIONAL** (*Division 1*) – means and refers to the group of Entrants (“Professionals”) who—during each of the five calendar years prior to 2022 —derived 10 percent or more of their gross income from selling goods or services (including

teaching) which were closely related to the subject matter of any Class in a Department. [An Entrant who would be a Professional in one Department almost certainly would not be a Professional in most other Departments.]

- (b) **ADULT** (*Division 2*) - refers to those who have not previously won prizes and do not derive income directly from visual art. The Open Class generally does this for pleasure and has had little or no training. “One who engages in a pursuit, study, science or sport as a pastime rather than as a profession...suggest[ing] not so much lack of skill but avoidance of direct remuneration.”
- (c) **SENIOR CITIZENS** (*Division 3*) – means and refers to the group of Entrants (Senior’s) who are 62 years of age or older at the time their Entries are submitted to the Fair. A Senior who also is a Professional may enter the Professional Division in the Department(s) for which he or she is a Professional. A Senior may enter the Open Division in any Department. A Senior who also is a Person with a Disability may enter the Handicapped Division. A Senior, for the purpose of exhibits, shall be any person 62 years of age or older, who does not now and has not in the past owned, operated, conducted, taught in or been employed by any shop, studio, or business and who is not and has not been at any time financially involved in any phase or form of business commercially for profit. **MAY NOT ENTER ANY OTHER CLASSES.**

YOUTH

- | | |
|-------------------|-------------|
| 1. Preschool/Kdgn | Ages 3,4,5, |
| 2. Grade School | Grades 1-5 |
| 3. Juniors | Grades 6-8 |
| 4. Seniors | Grades 9-12 |

Youth Classes are listed separately in all Departments. If not listed separately, YOUTH and prizes will correspond as listed in specific Departments. Entry Tags must be marked “YOUTH.”

- (d) **HANDICAPPED** – means and refers to the group of entrants (“Persons with a Disability”) who have an impaired physical and/or mental ability to perform all of the work required in order to submit an article to the Fair for judging in one or more of the Open Class Departments. (“Impairment”). For the purpose of this Fair, shall be a person who is legally handicapped with such physical or

mental disability as to hinder or would be at a disadvantage in the completion of an item. Each article submitted to the Fair for judging must be the work of the Entrant. However, Persons with a Disability who enter Handicapped may receive reasonable assistance from others to help compensate for their Impairment. MAY NOT ENTER ANY OTHER CLASSES.

(21) ENTRY TAG means and refers to the tag (furnished by the Fair) that is to be completed by the Entrant (or by his or her representative) and securely attached to each Entry. Entry Tags may be obtained from the Natrona County Fairgrounds office before the opening of the Fair or from a Fair employee when and where the Entry is submitted to the Fair. [Entrants are encouraged to obtain their Entry Tags early, and to complete them at home: The yellow copy is retained by the Entrant, and the white and buff copies are kept by the Fair.

(22) Entrants may submit their Entries via the U.S. Postal Service, United Parcel Service, Federal Express or by other carriers provided that these Entries are received 24 hours before judging begins for the Department in which the Entries are made and ALL transportation charges must be PRE-PAID; otherwise the exhibit will be refused. These Entries must include correctly completed Entry Tags. If articles are to be returned by parcel post or UPS, they will be sent C.O.D. No checks, stamps, or cash will be accepted for the purpose of returned articles.

(23) If there is a TIE in SWEEPSTAKES or JUDGE'S CHOICE RIBBONS, both will receive a ribbon and, if money is awarded, the money will be divided among the winners.

(24) Entrants may enter any Division for which they are qualified. However, in any one Department, all Entries must be in the same one Division. For example, if qualified, an Entrant may enter the Handicapped Division in the Floriculture Department and the Adult Division in the Needlecraft Department, but he or she may not enter both the Handicapped and the Adult Divisions in the Floriculture Department.

10. WYOMING ASSOCIATION OF FAIRS ANIMAL CARE & WELFARE POLICY STATEMENT

The Wyoming Association of Fairs recognizes that an integral part of good animal husbandry practices includes comfort and sanitation, which will benefit both producers and consumers. These practices will improve efficiency and profitability for the producer and provide a healthy, wholesome product to the consumer at a reasonable price.

The Wyoming Association of Fairs firmly believes animals are a vital part of human existence and deserve our protection and compassion. Humans have an inseparable relationship with all parts of the natural world. Furthermore, humanity is answerable to another set of laws and concepts that is uniquely a product of human society. Animals cannot be subject to those laws and concepts and therefore do not have the rights of humans.

Man is responsible for providing adequate food, water, and shelter for animals. Management practices must be a nature to promote health, reduce stress, and protect the animal from unnecessary injury and pain. The Wyoming Association of Fairs endorses animal control procedures including neutering and responsible ownership to prevent uncontrolled population expansion. Practices utilized to prevent injury to other animals and humans or to promote good health or improve production efficiency are necessary to prevent pain and suffering and are a vital part of proven animal management.

The Wyoming Association of Fairs represents a coalition of individuals who support prudent and humane use of animals for food, clothing, enjoyment, and biomedical research. Carefully controlled use of such animals contributes greatly to improving the health and welfare of both humans and animals.

The Wyoming Association of Fairs recognizes that, in our modern industrial society, animals must be transported for marketing, slaughter, pasture, breeding, show, and enjoyment purposes. The Wyoming Association of Fairs supports humane transportation and handling of animals. This includes contact with hazing devices and appropriate

facilities for processing and loading animals to avoid stress.

The Association supports permanent animal identification to establish rightful ownership, avoid theft and to track and recognize diseased and/or contaminated animals.

All animals use other animals for their existence. The responsible human use of animals is natural and appropriate.

The Wyoming Association of Fairs adopted this policy statement on January 27, 1994. We believe this to be a true, honest statement of our feeling on Animal Care.

RULES

NOTE: Entries for Floriculture Products will be accepted
from 7:30 AM until the 12:00 (noon) deadline on Monday,
July 11, 2022

1. Replacement of flowers will be allowed after all flowers
have been judged and they must be at the fairgrounds
between 7 AM and 10:30 AM

The Superintendent shall have the right to refuse entry of
plants or cut flowers which have been grown in a professional
or commercial greenhouse, or when determined it has not
been cared for by the exhibitor for a length of time. Potted
plants must be in the possession of the exhibitor for at least
90 days prior to changing, and need continuous care;
therefore, potted plants are not barred from re-entry if they
have been previously exhibited at the Central Wyoming Fair.

Entries in this Department are open to anyone except for a
commercial grower or a member of their immediate family.

There are no entry fees, and reasonable care will be given
containers, but in no case will the Fair be responsible for loss
or damage. Containers need not be expensive. Fair officials
will not be responsible for breakage or loss of any containers
or accessories.

All flowers must be grown by exhibitor, and as nearly as
possible be ready to exhibit when brought in; however, there
will be a work table provided to finish arrangements. The

exhibitor must arrange flowers. Cut flowers must be shown
with foliage, or naturally attached to specimen. Remove
leaves that would be under water. No leaf dressing of any
kind is acceptable.

All flowers will be judged for freshness, cleanliness, and
arrangement. Containers will be furnished by the Fair in
Class 1 **OR** containers supplied by the exhibitor must be
clean, undecorated, clear glass of appropriate size for the
specimen.

The Superintendent reserves the right to remove the exhibits
or parts of exhibits, which have become unsightly.
Superintendent shall have full authority in arrangement.

Only the designated number of stems is permitted or entry will
be disqualified.

Exhibitors may enter more than one item per Class.

Articles will be awarded first, second, third or no prize,
according to individual merit.

THE JUDGE'S DECISION IS FINAL.

Prize payment schedule is on page 8.

Exhibitors may pick up their exhibits from the Department
Superintendent on Monday, July 18 between 3 PM - 8 PM
Exhibitor or authorized person should present the claim ticket
portion of the entry tag to obtain release of exhibits and prize
checks. Lacking such claim ticket, person picking up items
will be asked to sign the slips retained by the Superintendent
of the Department. Exhibits left in the building with no
instructions for return will be held at Central Wyoming Fair
Office until picked up by the exhibitor, but no longer than **July
29.**

NO OPEN JUDGING IN ANY DEPARTMENT.

IMPORTANT INSTRUCTION TO EXHIBITORS: Select
flowers that are coming into full bloom - Not flowers that are
already in full bloom.

If a flower is to remain fresh throughout the exhibit period, it
must be cut no later than the day before it is to be exhibited.
It is generally recognized that afternoon - especially cutting in
late afternoon, when the greatest amount of sugar has
ascended into the leaves and blooms - as well as a
"hardening off" process will help insure a winning entry.

Flower stems should be cut cleanly at an angle with a sharp
knife or pruning shears and plunged into deep, hot water: 110
degrees Fahrenheit is ideal. It is a good practice to carry a
bucket of water to the garden and to place each cut specimen
in the water at once.

Following cutting and hot water treatment, specimens should
be placed in a cool, darkened room. After several hours,
when the water has come to room temperature, add ice to the
water and leave the flower material undisturbed overnight.
Flowers prepared in this way improve their substance and will
hold their freshness longer.

NOTE: For special awards in artistic arrangements, be
sure to relate your materials and designs to the overall
theme.

DEPARTMENT H- NEEDLECRAFT DIVISION 1-QUILTS Division 1-6 Class 1-64

****When entering Quilt Exhibits please indicate the DIVISION & CLASS you intend to enter into at the time of entry**

To determine the correct class to enter your quilt, you will need to know the quilt size, how many people worked on the quilt & whether or not it was crafted by a professional. Please see the below descriptions and instructions for measuring and classifying quilts.

Quilt A quilt must be constructed from fabric with a top piece and a back piece with batting in between the fabrics and MUST be quilted and bound.

Quilt Size: measure the length and width of your quilt and add these two numbers together. This is the figure you will use to determine which Class to enter your quilt. Mixed Media is the combination of two or more techniques. All/any embellishments must be permanently secured to the entry.

PROFESSIONAL is one who teaches quilting for fees, makes a practice of selling labor/or completed works, or has been a previous Best of Show winner twice in the non-professional classes.

The criteria for determining Professional or Non-professional categories when work by more than one person will be based on who constructed the top. If a non-professional constructs

the top but has it professionally quilted it will then be entered in the non-professional categories
