

Savannah Mauk  
2023-2024 National Cherry Queen Candidate

Savannah is the 20-year-old daughter of Trenton and Betsy Mauk of Grand Ledge. She is a 2021 graduate of Grand Ledge High School and is entering her sophomore year at Lansing Community College, where she is majoring in Transfer Studies. Savannah intends to transfer to a four-year university for a degree in Sustainable Agriculture and Food Systems or Agricultural Communications in the Fall of 2024. When not studying, she spends her time enjoying everything Michigan offers, whether rock climbing, biking, or finding new restaurants to try. Savannah is an active alumni member of her local FFA chapter and enjoys working with high school students through coaching leadership and career development events or mentoring members as they prepare for showing livestock at the county fair.

Savannah was incredibly honored to have served the Michigan FFA Association as the 2021-2022 Region IV State Vice President. She is grateful to have had the opportunity to advocate for agricultural education across Michigan and to have been able to give back to the organization which helped shape her into the leader she is today. Savannah loved connecting with alumni members and stakeholders during various events and helping develop students' leadership skills during chapter visits. Driven by her passion for agriculture and advocacy, Savannah aspires to improve the future of the food system through a career in sustainable agriculture policy.

Studio M Portraits, Furstenu-Burkett Farm Bureau Insurance Agency, and Laura Guild Realtor with Keller Williams graciously sponsor Savannah.
