

*Lily Wazny is an Assistant Teacher at Kingsley area schools in the aftercare field with three years of helping children between kindergarten all the way to fifth graders with anything from homework, reading, crafts, or simply needing a playtime partner.*

*Specializing in childcare, Lily uses that experience to further her experience and understanding to achieve her goal of becoming a teacher herself.*

*By focusing on her education and building hands-on experience, Lily has been able to put the (ASA) Associate in Liberal Arts and Sciences they earned at Northwestern Michigan College to good use. Over the years, Lily's strengths at Extended Day/Summer Camp have garnered some recognition for being beyond reliable earning substituting jobs at her local schools. Lily may spend her days at Extended Day/Summer Camp, but it's the first-hand experiences, memories made, and the children that get her up in the morning.*

*When she's not at Extended Day/Summer Camp, Lily is an avid artist and loves spending time doing all things music and creative, whether it be drawing, painting, crafting, and listening to music.*
