## Affirmatively Furthering Fair Housing

Any locality receiving CDBG-MIT funds must certify that it will affirmatively further fair housing. Identify the activities already achieved to affirmatively further fair housing, and those new activities to be undertaken if a CDBG-MIT award is made. Please also provide an estimate of when that activity will be complete. Localities should be aware that, in the event of funding, these fair housing efforts will be monitored. Other activities may be eligible, and the applicant may contact the GLO to determine eligibility.

All proposed projects will undergo AFFH review by the GLO before approval. Such review will include assessments of

- (1) a proposed project's area demography,
- (2) socioeconomic characteristics,
- (3) housing configuration and needs,
- (4) educational, transportation, and health care opportunities,
- (5) environmental hazards or concerns, and
- (6) all other factors material to the AFFH determination.

On the Documentation tab, please upload any pertinent documentation in the support of Affirmatively Furthering Fair Housing.

### 1. What methods and criteria were used to prioritize the project(s) in the application, including affirmatively furthering fair housing?

The update of the Comprehensive Plan, integrating flood mitigation strategies, will benefit low mod populations and affirmatively further fair housing by ensuring that the City of Gonzales Flood Prevention Ordinance contains the most updated standards. As in most communities, lower income residents settled primarily areas where land was less expensive and more prone to flooding. This project furthers fair housing and economic justice. The City of Gonzales has had a Fair Housing Ordinance in place since 2002.

For each Fair Housing Activity, provide a name and status. If the activity is completed, enter the Date Initiated.

If your activity is planned but not completed, enter the target completion date.

- Accessibility programs focus on improving access to housing, public buildings and facilities, sidewalks, pedestrian crossings, and businesses
- City-wide affordable housing registries
- Modify land use policies or development standards to facilitate housing choices and affordability in highest or high resource opportunity areas such as minimum lot sizes, reduced parking requirements, parking maximums, multifamily height requirements, housing overlay zones
- In-home or community-based support services in in highest or high resource opportunity areas
- Prioritize capital improvement programs in moderate and low resource opportunity areas, areas of high segregation and poverty or disadvantaged communities

	Name	Status	Date Initiated	Completion Date
2. Fair Housing Activity 1	National Fair Housing Month	Completed	04-13-2023	04-13-2023
3. Fair Housing Activity 2	Fair Housing Ordinance	Completed	11-04-2002	11-04-2022
4. Fair Housing Activity 3			mm-dd-yyyy	mm-dd-yyyy
5. Fair Housing Activity 4			mm-dd-yyyy	mm-dd-yyyy
