

Greetings!

The Gonzales Main Street would like to take an opportunity to express our organization's support of our local businesses! The majority of the businesses in this town are small, locally owned and operated, businesses that are the backbone of our community. It is the Gonzales Main Street's goal to support, inform, and advocate for each of you.

As you know, Gonzales is an outstanding place to live, work, and grow a business! We are a quaint little town with a big heart and plenty of opportunities. Our current board is looking to create new networking and promotional opportunities to help you grow and succeed with your business adventure(s). We are hopeful that a collaborative effort will be of benefit to all involved.

Please take a moment to complete the attached questionnaire. We plan to utilize information gathered to tailor our focus to the needs of our business owners. The Main Street board is committed to listening, learning, and improving ourselves and ask you to join us in the work to pursue improvements in our downtown district!

Thank you kindly,

The Gonzales Main Street Board
