CLEBURNE THIS IS *Texas*

Welcome to the City of Cleburne

If you are new to the area, let me assure you that you have made a good choice. Cleburne stands at the crossroads of an extraordinary opportunity. Today is where our rich history and heritage meets our future. The Chisholm Trail Parkway that connects Cleburne and Fort Worth with a thirty-minute drive affords small town living with big city access.

CLEBURNE WAS A CITY OF RAILS AND TRAILS.

Once a stop along the historic Chisholm Trail, Cleburne was home to one of the largest railroad shops in the world. Today, you can visit our history in one of our many museums, but Cleburne is more than just a historic stop. Today, Cleburne boasts a wide array of culture. You can take in a play through the Plaza Theater or witness a production through the local Carnegie Players, hear a variety of jazz at Songbird Live, enjoy outdoor concerts at Market Square, take in the vistas along one of North Texas' best municipal golf courses (don't forget to try North Texas' best golf course burger), or just relax in one of our many parks. And there is more to come.

CLEBURNE IS A GREAT PLACE TO RAISE A FAMILY.

Like many others, I chose Cleburne because of the quality of life and the great schools. The CISD was nationally recognized and rated one of the top Texas schools for its academic advanced placement program. Our neighborhoods are quiet and friendly. A simple trip to the grocery store requires additional time to catch up with neighbors and friends. Some say American cities aren't what they used to be. They haven't been to Cleburne.

CLEBURNE HAS A LOT OF ENTERTAINMENT TO OFFER.

New retail, dining and entertainment will soon arrive at Cleburne Station. And you can catch a professional baseball game at the Depot at Cleburne Station. 2017 marked the return of professional baseball and defense of the 1906 Texas League Championship won by the legendary Tris Speaker and his Cleburne Railroaders. The Depot is one of the most unique professional baseball stadiums in America with its railroad theme and intimate setting. The Depot will also host concerts, tournaments and events throughout the year.

Thank you so much for listening to what Cleburne has to say. I believe our city has something to communicate to people of all walks and stages of life whether you are raising a family, visiting, or looking for a nice place to retire. Please consider Cleburne when making that decision.

Allow me to extend a sincere invitation to share my hometown with you and your family. There is room at the table whether you are visiting or choose to become a part of the family. Feel free to pull up a chair and make yourself at home. It is always a great day in Cleburne, Texas. Or as we like to say,

CLEBURNE, THIS IS TEXAS.

Very truly yours,

Scott Cain, Mayor

History of Cleburne

Open land and the flowing waters of Buffalo Creek lured Native Americans and buffalo herds to what would become Cleburne decades later. The first dwelling was built in 1854 near the creek.

CALLED CAMP HENDERSON, THIS AREA WAS HOME TO A CIVIL WAR TRAINING CAMP.

In 1867 she was officially made the seat of Johnson County and the name was changed on July 4 to honor General Patrick Cleburne. Many local men had served with this respected General during the Civil War.

Lots surrounding the square began selling for five hundred dollars and businesses sprang up to attract the cowboys from the Chisholm Trail just west of town and to provide for the early settlers. Josephine Wren, the first female business owner, opened the Cleburne House on the northwest corner of the square. By 1880 businesses included saloons, stores selling drugs, dry goods, groceries, and hardware, plus banks, boarding houses, a distiller, a shooting gallery, and wagon yards.

Livestock and Indian corn had been the main money-maker until the demand for cotton boomed. By 1890 the Santa Fe Railroad was employing five hundred.

DOWNTOWN WAS PACKED WITH THRIVING BUSINESSES BY THE TIME 1900 ARRIVED.

Market Square was filled with farmers and ranchers selling everything from cattle to vegetables. Soon the city drilled water wells, schools and churches were scattered around town and the Carnegie Library was built.

New ways of transportation made their debut. Street-cars, the Interurban, the first airplane built in Texas (made in Keene and Cleburne). One of the first cars in Texas was built and on the road here in 1910.

During the next 3 decades the way of life still included cotton and railroading, but the town was changing. More manufacturing and less agricultural, more people and roads. Yellow Jacket Stadium was completed in 1941. New schools were built and Hill College expanded to Cleburne.

Industries moved here and home-owned businesses grew, providing jobs and money. In recent years gas drilling has done the same.

THE OPENING OF THE CHISHOLM TRAIL (PARKWAY) IS LEADING A PROSPEROUS GENERATION OF GROWTH OUR WAY.
