This year, 4-Hers had two choices. They could choose 10 chicks of one specific breed, 3 geese, 3 turkeys, or Pullet Surprise. In Pullet Surprise the students receive a total of 10 birds that included 2 each of 5 different breeds, unknown to them.

**\*Avian Influenza (AI) prevented poultry chain participants from selecting chicks. Pending the lifting of AI restrictions, poultry chain participants will coordinate show animals with Bryan Massengale.
