

## Quilts - Dept. Qa & Qy

### See General Rules for Exhibits

**The following are taken into consideration when judging quilts entered into the Kiwanis Coweta County Fair**

**Appearance:** Clean, free of markings, and no loose threads.

**Design:** The choice of pattern and materials used are considered.

**Color and color combination:** Are the colors used suited to the quilt? Whether muted or vibrant colors are used, the colors need to play well together, enhance each other, support each other.

**Piecing:** Seams and corners are checked to see if they meet up where they are supposed to, and that points are not cut off.

**Binding:** Bindings are checked to see if they are loose. A binding that covers the edge of the quilt properly is full of batting, and preferred. Also considered is if the binding is hand stitched or sewed down by machine.

**Overall Quilting:** Whether the quilt is loosely or heavily quilted, machine quilted or hand quilted, and if hand quilted, stitches are viewed closely.

**Applique:** Hand stitches are viewed closely.

## Quilts Cont. - Dept. Qa & Qy

See General Rules for Exhibits
