

# Bob Ervin Memorial

## Locator Guide

User: There are four existing areas to find the paver for which you are looking. They are:

- 1) The main area
- 2) The bench area
- 3) Addition 1A
- 4) Addition 2A

The alphabetized listing for each of these areas is attached. Look in each one until you find the name you are seeking.

In each area, the pavers are located from top to bottom, and left to right. (E.G. if you are looking for a paver located in 32 D, count down 32 rows and then to the right 4 pavers.)

A special thanks to our friends at OREGON BLOCK. Their generosity has made this memorial possible.
