

Hello Poultry Project Members,

It is that time of the year where the county fairs are around the corner. In order to show poultry, the state requires that all birds be tested for pullorum. This requires all birds mature birds (ducks and chickens) over 4 months be tested or turkeys would meet the requirement over 6 months of age. Market birds would be exempt from testing based on their age. However, market birds need their NPIP form (from purchase) for entry day. The Dane County Small Animal Committee has generously donated the serum and has established testers available so youth can participate showing birds at the county fairs. Below is a list of things you need to do prior to bringing your birds to show.

Oregon, WI Testing Site:

June 15, 2023, 6-8pm

5253 Locust Grove Road Oregon, WI 53575

1. Please print and complete "Flock Information" portion of the form attached. Bring this form with you during testing.
2. If you don't have a premise ID number, please register for an ID number, which is required on the form. Here is the [LINK](#) if you need to sign up for an ID number.
3. Please ensure your birds have a leg band or form of ID prior to arrival. I have used "ZBands" in the past, which fit many sizes of legs.
4. Please remain in your vehicle.

DeForest High School Testing Site:

1. The testing date is Monday, June 19, 2023 from 5:00 to 6:30 near the Northwest corner of the DeForest High School (near the auto shop). There are 15 minute time slots to minimize overlap and create a better flow with less stress. Sign up for a 15 minute time slot for your bird(s) to be tested. No more than 10 birds per time slot. So if you have more than 10 birds please sign up for multiple slots. Here is the [Signup Genius Link](#) to sign up for a slot.
2. Please print and complete "Flock Information" portion of the form attached below. Bring this form with you during testing.
3. If you don't have a premise ID number, please register for an ID number, which is required on the form. Here is the [LINK](#) if you need to sign up for an ID number.
4. Finally, please ensure your birds have a leg band or form of ID prior to arrival. I have used "ZBands" in the past, which fit many sizes of legs.
5. Please remain in your vehicle
