II. Minutes of Prior Meetings

Motion: Ms. Klohs, supported by Mr. Frey, moved to approve the Minutes of the September 25 and October 23, 2002, meetings of the Authority. Motion carried unanimously.

III. Public Comment

None.

IV. Presentation - Robert Garsh, General Manager, Ticketmaster

Mr. Garsh announced the arrival of TicketFast, a new, high-tech method of purchasing tickets for events at the Van Andel Arena. Since September 2002, patrons have been able to buy their tickets online at the Ticketmaster website and print out bar-coded copies. Each ticket contains a unique bar code that is imprinted twice in case of damage to one of the bar codes. Tickets can be purchased on-line and then e-mailed or faxed to another person. TicketFast reduces the need for will-call and speeds entry into the building. TicketFast reduces waiting in line because patrons present their ticket to Arena employees, who quickly read the tickets with hand-held scanners. The system includes an exit scan feature that allows patrons in and out of the building.

Mr. Schmitt outlined benefits for the Arena. Tickets are easy to track, which helps cut down on fraud. The scanner identifies tickets that are invalid at the point of entry. TicketFast lets Arena officials know which gates are seeing the highest traffic and add staff if necessary. Arena officials can check for VIPs in the building, what time they entered, and what gate they passed through. The system can print real time attendance, group failure, and section summary reports. Individual seats can be selected for built-in or typed messages.

The TicketFast system has not been advertised but has gotten a lot of use. For tonight's performance of A Royal Christmas, 41.8% of ticket buyers who purchased through Ticketmaster online used TicketFast. Likewise, for other Arena events, TicketFast accounted for a significant percentage of sales: Aerosmith 20%, Creed 26.6%, Trans-Siberian Orchestra 31%, John Mellencamp 24%, and Dragon Tales 21%. Although TicketFast has been available for 18 months, the Arena is the first west Michigan venue to use it. The Palace at Auburn Hills has used the system since it was rolled-out, and the Detroit Lions started using TicketFast this season.

In answer to a question from Mayor Logie about phony tickets, Mr. Garsh replied that they have not had one yet. Personal information is printed on the ticket and only one ticket per bar code can pass through the turnstile. Mr. Chamberlin stated that the marketing and tracking features are real benefits. The system can identify frequent users for whom loyalty programs and other promotional opportunities can be put together. Mr. Frey inquired about economic incentives for the purchaser. Mr. MacKeigan responded that TicketFast saves time, postage, and the \$1.75 ticketing fee is charged for the whole order and not individual tickets. Mayor Logie thanked the Ticketmaster representatives for their presentation.

V. Reappointment of Board Members

The terms of Clif Charles-CVB appointee, Steve Heacock-County appointee, and Birgit Klohs-City appointee expire on December 31, 2002. The CVB has designated Clif Charles to serve another four-year term. Likewise, the City has selected Birgit Klohs to serve another four-year term. The County will appoint its member in January 2003.

Motion: Mr. Frey, supported by Mr. Tomaselli, moved to reappoint Clif Charles and Birgit Klohs to serve four-year terms on the Authority Board, expiring December 31, 2006. Abstain: Chamberlin. Motion carried.

Mary Hollinrake, Kent County Clerk, performed the oaths of office for Mr. Charles and Ms. Klohs.

VI. <u>DeVos Place Construction Update - Matt Barnes, Joe Erhardt, Bill Sewall</u>

Mr. Erhardt reported that a total of 95 Phase 3 bids were received and opened on October 30. A schedule has been prepared to interview select bidders over the next eight weeks, determine the lowest responsive bidder, and recommend award when appropriate. The Phase 3 compaction grouting contractors have completed 42 of 67 grout point locations. Grand Gallery activities have centered on expediting enclosure work. The skylight framing for the sloped unit is nearly dried in, as is the east and west glazing systems. Interior metal studs, electrical rough-ins and drywall hanging continue throughout the Grand Gallery. Face brick and CMU walls are progressing well along the skywalk. The GM will be meeting with SMG next week to coordinate Phase 3 construction around SMG's clients. Mr. Sewall stated that the compaction grouting below the Grand Center has bee completed. Work on the roof has been suspended temporarily due to the cold weather.

VII. Committee Reports

Building Committee

Mr. Frey reported that the Committee reviewed and recommends approval of Amendment No. 5 to the Construction Manager Agreement for an acceleration bonus of \$175,000, to be funded by the CVB, for substantial completion of areas north of DeVos Performance Hall, by November 25, 2003. The accelerated construction schedule will allow the Midwest Woodworkers Tradeshow to open the new facility, with two other shows in December to follow.

Operations Committee

Mr. Chamberlin reported that the Committee met on November 20. Jim Watt, Assistant General Manager, presented a capital projects update: the skywalk icemelt system is 90% complete, the protective hockey netting has been installed, and the security gate system is 80% complete.

Mr. Wilson reported that the CVB sales team is working to increase it marketing awareness and presence by traveling monthly to Washington, D.C. and making regular calls in Chicago, Detroit, and Lansing. A budget of \$134,000 has been approved for an aggressive media schedule, more than double from last year. Advertising will be placed in major publications with increased frequency. Ads will be featured on the back cover of six issues of Association News MSAE.

Mr. Helmstead reported that the CVB convention sales team is at 117% of its annual goal. The CVB has booked more than 82,000 room nights and 56 conventions. The most recent bookings include the Michigan Society of Association Executives, the Michigan Works Association, and US Airborne Gymnastics. The CVB will be launching a 4-county branding initiative at the January 20 Economic Club luncheon. "Michigan's West Coast" will redefine and elevate the destination appeal of the region.

Mr. Wilson introduced Keith Eidson, President of Tradeshows, Inc., producer of the Midwest Woodworkers Expo since 1987. Mr. Eidson expressed his appreciation to the Authority for considering the accelerated construction schedule.

Mr. Chamberlin stated that the Operations Committee received a report from Mr. MacKeigan regarding Calvin College's request to grant the Oratorio Society first priority booking rights for DeVos Performance Hall for successive Thursday and Friday dates in December. The dates would conflict with the Grand Rapids Ballet Nutcracker performances. The Committee asked Mr. MacKeigan to provide a recommendation at the December Operations Committee meeting.

Mr. Chamberlin stated the Commi6tte also discussed the need to provide orientation and training for the local taxi cab fleet. Ms. Klohs has talked with Milt Rohwer and Mr. Kimball about putting together a program. Mr. Frey added that the planning should begin now.

The matter will be reviewed in the fall of 2003 to determine if any adjustments are appropriate. IX. Approval of Invoices from Warner, Norcross & Judd Related to Trademark Applications

Attorney Norbert Kugele of Warner, Norcross & Judd has been providing legal services for eight applications pending before the trademark office to register the marks DeVos Place and Van Andel. Arena. The CAA has not engaged the law firm formally to perform these services. Mr. Heacock recommended approval of the payment of current invoices and establishing a budget of \$15,000 through June 30, 2003, for current and future invoices.

Motion: Mr. Heacock, supported by Mr. Frey, moved to approve (a) the engagement of Warner, Norcross & Judd relating to services rendered for trademark applications, (b) the payment of current invoices, and (c) the establishment of a budget not to exceed \$15,000 through June 30, 2003. In July 2000, the CAA entered into a long-term lease agreement with the DDA for the purpose of transferring ownership and operation of the Van Andel Arena to the CAA. Included in the lease agreement as part of the Arena properties leased and to ultimately be conveyed to the CAA is a 49-space surface parking lot immediately to the south of the Arena. Prior to entering into the lease agreement, the DDA had an agreement with the City of Grand Rapids for the City's Parking Services Department to operate and maintain the Arena Parking Lot. XI. Resolution Authorizing Memorandum of Understanding with CVB and Approving Amendment #5 to Construction Manager Agreement

Steve Heacock stated that the Building, Operations, and Finance Committees have reviewed and approved the CVB financial proposal and an amendment to the construction manager agreement related to early completion of a portion of DeVos Place to host the 2003 Midwest Woodworking Expo.

Motion: Mr. Frey, supported by Ms. Klohs, moved to approve the Resolution Authorizing a Memorandum of Understanding with the Grand Rapids/Kent County Convention & Visitors Bureau and Approving an Amendment to the Construction Manager Construction Agreement with Erhardt/Hunt Related to the Early Completion of a Portion of DeVos Place to Host the 2003 Midwest Woodworking Expo.

Discussion followed. Mr. Wilson stated that the Midwest Woodworkers is the largest tradeshow user of the building and has used the Grand Center for more than 10 years. The expo will bring 7,800 people to Grand Rapids, using 2,500 hotel rooms and having an economic impact of nearly \$1 million. The construction manager has estimated an acceleration fee of \$275,000, of which \$100,000 represents variable overtime costs.

Motion carried unanimously.

SUBJECT:

Wayfinding Sign Program

One of the top priorities of the Downtown Development Authority for 2003 is to install a wayfinding sign system in downtown Grand Rapids. This program would install an attractive system of signs with a unified approach to helping visitors to downtown Grand Rapids find their way to public facilities in downtown. Similar signs are now in place in many cities across the country.

The system would use easily recognizable icons to identify four distinct districts. We are curently working with downtown groups to identify needed changes to update the program since it was first proposed. It is anticipated that about 135 street-level signs will be necessary for the system to be effective.

The enclosed brochure contains examples of the typical signs. I will be attending the Authority's next regular meeting to answer any questions that you might have regarding the wayfinding sign program.

BUILDING COMMITTEE REPORT

To

Grand Rapids-Kent County Convention Arena Authority January 22, 2003

GRAND GALLERY

December saw the completion of the dry-in of the enclosure work, which is now substantially complete. The skylight framing is complete and the East & West end curtainwall systems have been installed and glazed. Stair tower stone cladding is complete and is being caulked.

Interior metal studs, electrical rough-ins and drywall hanging continue thru out the Grand Gallery. Framing, hanging and finishing ceiling bulkheads is in process as prep for grid ceilings next month.

Interior face brick has been completed and cleaned. The terrazzo flooring subcontractor, Bay Area Interiors, have been performing the intricate layout task for the floor patterns.

The painting sub, H&H, has begun work and is painting the exposed structural steel. ElecTech has energized substations and panels and has released the signature "snake light" fixture for delivery in a couple of weeks.

EXHIBIT HALL

Kent/Tillman continues to place structural concrete at the Truck Dock, and in the Exhibit Hall area. Currently 5 major floor deck sections remain to be placed in the Exhibit Hall with completion projected for February 2003.

Modern Roofing is progressing over the Exhibit Hall, weather permitting. Inside the Exhibit Hall major sheet metal ductwork installations have been completed on the East side and continues along with sprinkler piping, lighting rough-in and mechanical piping thru-out for the heating systems. These activities will continue for the next several months. Interior and exterior walls on all levels are in process and have the East & West sides enclosed. The mechanical room box trusses have wall and ductwork well underway and electrical roughins have begun.

Electrical substations and mechanical cooling towers have arrived and been set in place.

The truck dock structural steel is approximately 90% set and will be complete in a couple more weeks. Provisions are underway to begin setting exterior precast panels next month also.

Phase 3 work includes the commencement of some minor exploratory demolition in the Grand Center. Bid analysis, interview and award process continues, and so far approximately \$15 million of the anticipated \$51 million in Phase 3 contracts has been committed.

Comments:

The Van Andel Arena performed very strong for the month of November as it played host to three very successful concerts. The success of the Arena thus far should help offset a slow December, and keep the Arena ahead of budget for the first half of the fiscal year.

Comments:

The Arena performed above budgeted expectations for the first half of the fiscal year. The first half was highlighted by sold out concerts by Aerosmith, Creed, Tran-Siberian Orchestra, & The Who. The final half of the fiscal year is forecasted to remain consistent with the original budget. The second half expectations, coupled with the success of the first half, should result in the Arena finishing the fiscal year \$200,000 ahead of the original budget.

ANCILLARY INCOME

Ancillary income came in ahead of budget for the month. Per caps for Aerosmith were very strong (\$4.97/Food & Beverage, \$6.47/Novelties). This helped offset lower than expected revenue generated by the Griffins games.

Comments:

The Grand Center overall performed at expected levels for the month of November. Many small meetings were hosted during the month that increased the overall event load with little revenue impact. Welsh hosted a comedy show that was not in the original budget, and the Campus Activities event was a higher revenue producing event than anticipated. Indirect expenses came in higher than budget offsetting the gains made in revenue.

Comments:

The Grand Center finished the first half of the fiscal year just under \$200,000 ahead of budget. This was mainly due to the Airport training event that was held during the summer. The success of the Grand Center during the first half of the fiscal year should offset the lower than budgeted revenue that is forecasted for the second half of the fiscal year. The Grand Center is expected to finish the fiscal year just under \$90,000 ahead of budget.

ACCOUNTANTS' REPORT

To the Board of Directors
Grand Rapids - Kent County Convention / Arena Authority
Grand Rapids, Michigan

We have compiled the accompanying statements of net assets and cash receipts and disbursements - budget to actual for the operating account and construction accounts of the Grand Rapids - Kent County Convention / Arena Authority for the five months ended November 30, 2002, in accordance with Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants. These statements do not include the cash receipts and disbursements of the Van Andel Arena and Grand Center which are operated by the Authority. The financial statements presented have been prepared on the cash basis of accounting, which is a comprehensive basis of accounting other than U.S. generally accepted accounting principles.

A compilation is limited to presenting in the form of financial statements information that is the representation of management. We have not audited or reviewed the accompanying financial statements and, accordingly, do not express an opinion or any other form of assurance on them.

Management has elected to omit substantially all of the disclosures ordinarily included in financial statements prepared on the cash basis of accounting. If the omitted disclosures were included in the financial statements, they might influence the user's conclusions about the Authority's cash receipts and disbursements. Accordingly, these financial statements are not designed for those who are not informed about such matters.

INTERIM FINANCIAL STATEMENTS

Six Months Ended December 31, 2002

ACCOUNTANTS' REPORT

To the Board of Directors
Grand Rapids - Kent County Convention / Arena Authority
Grand Rapids, Michigan

We have compiled the accompanying statements of net assets and cash receipts and disbursements - budget to actual for the operating account and construction accounts of the Grand Rapids - Kent County Convention / Arena Authority for the six months ended December 31, 2002, in accordance with Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants. These statements do not include the cash receipts and disbursements of the Van Andel Arena and Grand Center which are operated by the Authority. The financial statements presented have been prepared on the cash basis of accounting, which is a comprehensive basis of accounting other than U.S. generally accepted accounting principles.

A compilation is limited to presenting in the form of financial statements information that is the representation of management. We have not audited or reviewed the accompanying financial statements and, accordingly, do not express an opinion or any other form of assurance on them.

Management has elected to omit substantially all of the disclosures ordinarily included in financial statements prepared on the cash basis of accounting. If the omitted disclosures were included in the financial statements, they might influence the user's conclusions about the Authority's cash receipts and disbursements. Accordingly, these financial statements are not designed for those who are not informed about such matters.

VAN ANDEL ARENA #1 VENUE IN BILLBOARD MAGAZINE!

Grand Rapids, MI - Based on box office figures compiled throughout 2002, Billboard Magazine has ranked Van Andel Arena as the highest grossing arena with 10,001-15,000 seating capacity. The ranking is based on events reported to Billboard from November 28, 2001 through November

For three years running (1998-2000), Van Andel Arena had prevailed as the #1 midsize arena. In 2001, Van Andel landed in second place right behind the San Diego Sports Arena in California, and this year Van Andel Arena is back at number one, beating out San Diego as well as other well known facilities (see attached for complete listing).

Says Mayor John Logie, Chairman of the Grand Rapids-Kent County Convention/Arena Authority, which owns Van Andel Arena, "Last year at this time we were ranked number two, and I told Rich MacKeigan (SMG's General Manager of Van Andel Arena) number two was all right, but we prefer number one. I'm glad to see he and his SMG staff were able to honor my request."

Rich MacKeigan, General Manager for the Van Andel Arena and the Grand Center, commented "We worked diligently to bring in some of the top acts touring in 2002. West Michigan has come to rely on us to bring in quality entertainment. By working with our corporate office and our promoter partners, we have had another very successful year. I am also pleased we did not disappoint the Mayor."

Billboard, formerly called Amusement Business, is a magazine that is the International Live Entertainment & Amusement Industry Newsweekly. The entertainment industry, from promoters to artists to venues, follow Billboard throughout the year to check how events sell in other markets, who has done particular shows recently, or how a particular venue sells when planning a tour.

Van Andel Arena is managed by SMG, the leading management company for public assembly facilities worldwide. In addition to Van Andel Arena's number one position for buildings in its class, several other SMG managed buildings ranked in the top 10. The Centrum Centre in Worcester, MA ranked in at number three, the CenturyTel Center in Bossier City, LA in eighth, the Long Beach Arena in Long Beach, CA came in at number nine, and The Atlantic City Boardwalk Hall in Atlantic City, NJ followed up at number ten.
