II. Minutes of Prior Meetings

Motion: Mr. Heartwell, supported by Mr. Tomaselli, moved to approve the Minutes of the March 23, 2005, meeting of the Authority. Motion carried unanimously.

III. Airport Master Plan Update

James Koslosky, Director, and Susan Sherman, Marking & Communications, of Gerald R. Ford International Airport (GRIA) attended the meeting to present the 2004 master plan update. GFIA, owned and operated by the Kent County Department of Aeronautics, became self-supporting in the 1970's through fees, rents, and charges. GFIA provides two air carrier runways, a general aviation runway,

associated taxiways, passenger terminal, fire rescue facility, maintenance facility, air cargo and trade center, and a Foreign Trade Zone. GFIA was one of the few airports in the nation to experience continued growth after September 11, 2001. The unanticipated requirements of new security measures resulted in capacity shortfalls in the terminal. The master plan was updated to take a comprehensive look at future requirements, including new security needs, and recent trends in the airline industry, and the impacts they have on all GFIA facilities.

Master plans promote a continuous planning process with vision and proactive planning, rather than reactive planning, while providing a logical development plan based on current and projected conditions. The master plan will provide a phased and flexible plan that is responsive to short-term and long-term needs. The plan is required to receive federal grant funding.

Components of the master plan included the study design and identification of issues; inventory; surveys and data collection; aviation forecasts; demand capacity and analysis; determination of facility requirements; development of alternatives and concepts; financial feasibility; environmental analysis; implementation plan for development; and the updating of airport layout plan documents.

Mr. Koslosky provided a brief history of the master plan process. The original master plan for the current Cascade site was completed in 1959. Thereafter, the master plan was updated in 1968, 1983, 1992, and 2004. Under a continuous planning process, master plans are reviewed and benchmarked against actual performance. Formal comprehensive master plan updates are completed every seven to ten years.

The master plan update recommends a series of projects to be implemented as the need arises. The three-runway airfield is sufficient to meet the 20-year capacity needs. The master plan update recommends continuing to preserve land on the north side of the airport for the future third air carrier runway. The terminal will be expanded to accommodate new checked-bag screening procedures. Ticketing, bag claim, and concourses will be expanded to meet future growth. A 3,000-space parking garage will be built in front of the terminal. The construction will be extremely disruptive and require shuttle service for about two years. Future air cargo expansion will occur on the east side of the airport. Older general aviation facilities will be redeveloped and expansion will occur along the north and east sides of the airfield.

IV. Committee Reports

Operations Committee

Mr. Chamberlin reported that Joyce Flowers has been hired as the CVB's sales director for the east side of the state. SMG is working on renewal of suites and premium seats. In February, SMG hired a new group sales manager who has had a significant impact on family shows and bringing groups to the arena. After the meeting, the Committee toured DeVos Place® and the building was in full operations. Committee members were able to see meeting rooms being used, set up and load out, and the buzz of human activity in public spaces.

Mr. Wilson reported that, for the first quarter of the year, the CVB was 102% of its goals. The CVB was able to book the American Coal Directors due to the cooperation of SMG and the Amway Grand Plaza to move existing events. The convention will attract 2,000 people and utilize 700 room nights. Mayor Heartwell introduced the CVB to the National Freewill Baptist Association that is looking to book in 2015. The marketing department has developed a new tradeshow lure piece titled "You'll Get Hooked." Both SMG and the CVB will be able to use the piece to market collaboratively. Mr. Helmstead reported that the CVB has 156 groups confirmed for DeVos Place with 57 tentatives on the books.

Comments:

DeVos Place performed very consistent with budget for April, and continues to come in ahead of budget year to date. The calendar looks strong for the final two months of the fiscal year, and should allow Devos Place to finish well ahead of original budgeted numbers.

Comments:

The Arena had a very successful April hosting 4 very solid selling concerts during the month. The success of April has allowed the Arena to make up the shortfall when General Manager compared to year to date budget that the Arena has shown over the past few months. However, the budget calls for 4 concerts to be hosted during the months of May & June with only 2 schuduled, and a third show that has a slight chance of taking place (not included in the forecast).

EVENT INCOME

Event income came in above budget due to the combination of 4 well attended concerts and the shifting of Disney on Ice out of January into April (exceeded budgeted expectations).

ANCILLARY INCOME

Ancillary income came in above budget due to hosting more events during the month and the combination of two other factors. The Motley Crue concert hosted during the month set a new gross concession revenue record of over \$98K. In addition, the Griffins concluded their season, and total commission due the team was over accrued during the season.

INDIRECT EXPENSES

Indirect expenses came in a little over budget. Most of the overage is in peronel expenses related to overtime incured during a very busy last 10 days of the month and an under accrual in March for salaried employees.

SMG - Van Andel Arena / DeVos Place(Grand Center) Grand Rapids - Kent County Convention/Arena Authority Management Fee Calculation Fiscal Year Ending June 30, 2006

The management fee is broken up into two categories. The base fee and incentive fee.

The base fee started with the new contract in F/Y 2002 as \$450,000 split evenly between DeVos Place and Van Andel Arena. This fee is subject to an annual increase based on the change in the CPI-U. This budget assumes that the increase will be 3.0% for fiscal year 2006.

The incentive fee is based on benchmark revenues for each of the two facilities. The Van Andel Arena benchmark is based on the number set in the SMG Managerial Contract which is subject to the same annual increase as stated above for the base fee. The DeVos Place benchmark is equal to the budgeted total gross revenue for each fiscal year. The incentive fee based on a percentage of the combined revenues in excess of the combined benchmark. SMG receives 20% of the first \$1 million and 25% above that. In no fiscal year can the incentive fee exceed that of the base fee.

SMG is entitled to the incentive fee as calculated above only if the combined Net Revenue above Expenses for the facilities exceeds the total of \$1,648,212 (Van Andel) and the budgeted figure for DeVos Place.

Below is the calculation for the Base and Incentive Fee's for F/Y 2006 compared to the expected fee for F/Y 2005.

FISCAL SERVICES DEPARTMENT MEMORANDUM

TO:

Convention/Arena Authority Finance Committee

FROM:

Robert White 1971/Fiscal Services Director

SUBJECT:

Convention/Arena Authority (CAA)

FY2006 Budget Request

DATE:

May 18, 2005

The attached material summarizes the Facility Manager Budget, CAA Operating Budget and a Consolidated Income Statement for Fiscal Years ending June 30, 2004 and 2005. This material does not include staff recommendations concerning Capital Repair/Improvement/Replacement items for Fiscal Year 2006. This material will be submitted under separate cover at the July 21, 2005 Finance Committee meeting.

The Table A, attached hereto, summarizes the SMG Facilities Budget for Fiscal Years 2004 & 2005. The most recently updated estimate for the current fiscal year (FY2005) discloses a combined facility net operating income projection that has improved from the original budgetary allowances. The Fiscal Year 2005 combined Facilities Budget projected a "Net Available to CAA" of \$126,232. The third fiscal quarter updated estimates raise this net available balance to \$338,477 for the current fiscal year. The improved financial results are driven by higher operating revenues and lower operating expenses to be incurred at DeVos Place. The "Net Available to CAA" for Fiscal Year 2006 remains essentially unchanged from current year estimates.

Table B following this correspondence summarizes the anticipated revenues, expenditures and change in net assets of the CAA for the current and upcoming (FY2006) fiscal years. Based on the most recent data available for the administrative portion of the budget, it is projected that the CAA will add approximately \$267,621 to its "Net Assets" fund balance position at fiscal year end. Excluding funding for capital items in the Fiscal Year 2006 budget, it is anticipated that \$432,049 will be added to "Net Assets" (Fund Balance) during Fiscal Year 2006.

Table C attached hereto provides a "Consolidated Income Statement" for the Convention/Arena Authority covering fiscal years ending June 30, 2005 and 2006. The Fiscal Year 2005 Budget, as originally adopted, forecasted a net income of \$162,463. This forecast has been revised upward to a total as adjusted balance of \$3,267,621. Net income was substantially increased by recognition of a \$3,000,000 transfer from the Capital Account to the Operating Account. This transfer was authorized by the Convention/Arena Authority Board at its January, 2005 meeting.

At that time, the Board amended the Sources and Uses of Funds Statement related to its Capital Construction Budget. As a part of that amendment, it was determined that, the original contribution from the operating reserve was no longer deemed necessary.

On the basis of these budgetary estimates, it is expected that the Authority will close its Fiscal Year 2006 activities with a "Net Assets – Unrestricted Balance" approximating \$8.9 million. This would include a recommended minimum operating reserve balance of \$6 million and a Capital/Repair/Replacement/Improvement Reserve of \$2.9 million. It is anticipated that additional balances will become available, to supplement the capital replacement reserve, upon final project closeout of the DeVos Place construction budget. Recommendations concerning closeout balances will be made at the Convention/Arena Authority – Finance Committee meeting scheduled for July 21, 2005.

Sue Waddell, Jan Wallace and I participated in preparation of the attached recommendations. We are available to answer any questions that may arise pertaining to this material

PARKING OPERATION AND MAINTENANCE AGREEMENT

THIS PARKING OPERATION AND MAINTENANCE AGREEMENT (the "Agreement") is made this ___ day of _____, 2005, by and between the GRAND RAPIDS-KENT COUNTY CONVENTION/ARENA AUTHORITY, a Michigan statutory authority (the "CAA" or "Authority"), and the CITY OF GRAND RAPIDS, a Michigan municipal corporation (the "City").

PREMISES

- A. The CAA controls the operation of DeVos Place, a performing arts/convention/entertainment facility located at 303 Monroe Avenue, N.W., in the City (the "Convention Center"), including 690 parking spaces located in the lower level of the Convention Center identified on Exhibit A attached hereto (the "Parking Spaces").
- B. The Operating Agreement dated as of March 29, 2000 (the "Operating Agreement"), between the County of Kent (the "County") and the City related to the Convention Center provides that (a) "all parking facilities constituting a portion of the Convention Center shall be operated by the City's Parking System under the direction of the Authority with any net income in a fiscal year of the Authority, after deduction of operating expenses, belong to the Authority" and (b) "the Authority shall make available to the County and the City, for employees and other users the parking spaces in the Convention Center parking facilities at a cost equal to a pro rata share of operating expenses."
- C. The CAA and the City previously entered into a Parking Operation and Maintenance Agreement dated January 2004, related to the Parking Spaces during the phase-in period of such Parking Spaces which expires June 30, 2005.
- D. The CAA and the City desire to enter into this Agreement setting forth (a) the terms and conditions for the continued operation and maintenance of the Parking Spaces and (b) the basis for providing, including the determination of cost, the Parking Spaces to the County and the City.
- **NOW, THEREFORE,** in consideration of the mutual promises set forth below, the parties agree as follows:
- Section 1. Operation and Maintenance of Parking Spaces. Subject to the terms and conditions of this Agreement, the City, through its Parking Services Department (the "Department"), shall be responsible for the operation and maintenance of the Parking Spaces.
- Section 2. Parking Control Equipment. The CAA shall at its cost be responsible for providing, replacing and upgrading at each entry/exit to the Parking Spaces parking control equipment compatible with the City's Automobile Parking System (the "System") and, where required, attendant booths of the same or similar quality as booths located in City-owned parking ramps within the System. The City shall be responsible for the maintenance of such parking control equipment and attendant booths. In this regard, the City currently maintains its parking control equipment throughout the System pursuant to a maintenance agreement with an outside vendor. The City will include the Convention Center Parking Spaces parking control equipment

in such maintenance agreement and any future maintenance agreements and pass such additional costs on to the CAA as an operational cost which the CAA agrees to pay.

Section 3. Conditions of Operation and Maintenance. The operation and maintenance of the Parking Spaces by the Department shall be subject to the following conditions:

- (a) Unless otherwise agreed by the CAA and the City, the Department shall be responsible for providing:
 - 1. Attendant staffing as and to the level mutually determined necessary by the CAA's Owner's Representative and the Department.
 - 2. Security/customer service "red car" patrol at the same level provided to parking lots and ramps in the System during those times that the Parking Spaces are available for public monthly pass, daily in/out or special event use. It is understood that the CAA has installed and will maintain and monitor security cameras throughout the area of the Parking Spaces as a part of the Convention Center's overall security system.
 - 3. Supervision of Department personnel performing services related to the Parking Spaces and administrative services including management and accounting services.
 - 4. Routine maintenance, including striping as required, semi-annual wash down, cleaning and sweeping as needed on a regular basis, but excludes the changing of light bulbs, resurfacing, structural repairs, repair of damage caused by users, replacement of parking control equipment and repair and replacement of attendant booths.
- (b) The level of operation and maintenance provided shall, except as otherwise provided in this Agreement, be equal to that provided by the Department to Cityowned ramps operated and maintained by the Department.
- Section 4. Utilities. The CAA shall be responsible for furnishing and paying for utilities related to the space occupied by the Parking Spaces, including electricity for lighting and parking control equipment and electric and telephone lines for attendant booths.
- Section 5. Hours of Operation. The CAA's Owner's Representative shall determine the hours of operation of the Parking Spaces for both event and non-event days.
- Section 6. City and County Use of Parking Spaces. Pursuant to the terms of the Operating Agreement, the CAA is required to make the Parking Spaces available to the County and the City for employees and other users on a prepaid monthly pass basis. When such spaces are requested by the County or the City, the Department shall work with the CAA to facilitate making the requested spaces available. Unless otherwise mutually agreed by the City and CAA, the City agrees that it will maintain from time to time at the Government Center Parking Ramp

located across Monroe Avenue from the Convention Center (the "Government Center Ramp") as daily/special event spaces (without in and out privileges) parking spaces of an equal number to the number of spaces that have moved from the Government Center Ramp to the Parking Spaces at the request of the City.

Section 7. Monthly Parking Passes. Except for the monthly parking passes required to be made available to the City and County pursuant to Section 6 hereof, the total number of monthly parking passes issued at any one time for the Parking Spaces shall be approved by the CAA's Owner's Representative.

Spaces, except those made available to the County and City pursuant to Section 6 hereof, shall be (a) as determined from time to time by the City Parking Commission and the City Commission in conjunction with the Department's annual facilities study update after receiving input from the CAA's Owners' Representative, and (b) as finally approved by the CAA's Owner's Representative provided, however, such (i) prepaid daily maximum rate shall not be less than 80% of the similar rate charged at the Government Center Ramp and (ii) the prepaid monthly pass rate and special event rates shall not be less than those similar rates charged at the Government Center Ramp unless the CAA and the City otherwise mutually agree.

Establishment of Parking Rates for County and City Use. Section 9. accordance with the provisions of the Operating Agreement, parking spaces made available to the County and City pursuant to Section 6 hereof are to be provided at a cost equal to the pro rata share of the operating expenses of the Parking Spaces used by the County and City. The Department shall determine such cost annually in conjunction with its annual facilities update. Costs to be incorporated in the rate established for the County and the City shall include the Department's operating costs, including a reasonable management fee related to the Parking Spaces (the "Department Operating Costs") and a pro rata share of operation and maintenance incurred by the CAA in connection with the Parking Spaces such as a pro rata share of utility costs, elevator maintenance, insurance premiums and building security and those maintenance costs related to the Parking Spaces separately billed by the Department to the CAA. (collectively, with the Department Operating Costs, the "Parking Spaces Operating Costs"). For each fiscal year during the term of this Agreement beginning with the fiscal year commencing July 1, 2005, the rate established for the City and the County (the "CC Rate") shall be determined based on estimated costs for such fiscal year plus an upward or downward adjustment to reflect the recovery of actual costs versus estimated costs for the prior fiscal year (the "Adjustment"). The CC Rate for the County and City shall be determined by dividing the total number of monthly passes for the Parking Spaces issued by the Department at the time of such determination (but such number shall never be less than the number of Parking Spaces) into the Parking Spaces Operating Costs plus or minus the Adjustment for such fiscal year. The Department shall make available to the CAA's Owner's Representative the calculation of such Rate for review and approval prior to the implementation of such CC Rate. It is understood that for the purpose of determining the CC Rate, Parking Spaces Operating Costs will not be allocated to daily in/out parkers and event parkers.

Section 10. Preparation and Approval of Annual Budget. The Department shall prepare and submit to the CAA's Owner's Representative for approval an operating cost budget

for the Parking Spaces for the ensuing fiscal year. Except for the fiscal year beginning July 1, 2005 (which budget shall be submitted at least 30 days prior to the beginning of the fiscal year), budgets shall be submitted at least 60 days prior to a fiscal year.

Section 11. Review of Procedures for Establishing Parking Rates and Other Matters. The CAA through it's Owner's Representative and the City through the Department agree to meet to review the procedures used to establish rates pursuant to Sections 8 and 9 hereof and, if based on such review, it is mutually agreed to revise such procedures, to amend this Agreement to reflect such revisions. In addition, the CAA through it's Owner's Representative and the Department agree to communicate regularly as necessary concerning the levels of operation and maintenance service provided for the Parking Spaces and to meet and review such levels of service on an annual basis.

Section 12. Collection and Deposit of Receipts and Payment of Department Operating Costs. The Department shall bill and collect all revenues for the Parking Spaces based on rates established pursuant to Sections 8 and 9 hereof and cause any such receipts generated from hourly, daily or event collections to be deposited daily in a CAA bank account pursuant to written instructions from the CAA's Owner's Representative. Bill receipts generated from credit card, validation accounts and monthly card holder fees will be accounted for on a monthly basis and subtracted from the monthly operating costs billing invoices. The Department shall bill the CAA for Department Operating Costs on a calendar month basis. The billing invoice shall contain "line item" detail and documentation verifying such Department Operating Costs shall be promptly made available by the Department to the CAA's Owner's Representative upon request. The CAA shall pay such invoices within 30 days of their receipt. If the CAA has any questions regarding an invoice, it shall promptly notify the Department and the CAA's Owner's Representative and the Department shall promptly meet to resolve such questions and make any required adjustments in the invoice.

Section 13. Term. The Agreement shall be for a term commencing on July 1, 2005, and ending June 30, 2008, subject to the right of either party to terminate the Agreement early on July 1 of any year by giving written notice to the other party at least one year prior to the termination date.

Section 14. Indemnification. The City shall indemnify the CAA and its officers, boardmembers, employees and agents (the "CAA Indemnified Parties" or "CAA Indemnified Party") against, and save the CAA Indemnified Parties harmless from, any and all liabilities, obligations, damages, penalties, costs and expenses, including reasonable attorneys fees, paid or incurred by the CAA Indemnified Parties and arising from the City's or the City's invitees use of the Parking Spaces except such as arise from the willful acts or negligence of the CAA Indemnified Parties. If any action or proceeding is brought against a CAA Indemnified Party, by reason of any such claim, the City will, upon written notice from the CAA Indemnified Party, at the City's expense, resist or defend such action or proceeding by counsel approved by the CAA Indemnified Party in writing. In providing the indemnification set forth above, the City is not waiving any defenses otherwise available to it by law; provided such defenses are also available to, and asserted by, the City for the CAA Indemnified Parties. The City shall not be responsible for the indemnification obligations set forth above with respect to any CAA Indemnified Party to

the extent that a CAA Indemnified Party has waived a defense which was otherwise available to it by law.

The CAA shall indemnify the City and its officers, commissioners, employees and agents (the "City Indemnified Parties" or "City Indemnified Party") against and save the City Indemnified Parties harmless from any and all liabilities, obligations, damages, penalties, costs and expenses, including reasonable attorneys fees, paid or incurred by the City Indemnified Parties and arising from the CAA's and the CAA's invitees use and occupancy of the Parking Spaces except such as arise from the willful acts or negligence of the City Indemnified Parties. If any action or proceeding is brought against a City Indemnified Party by reason of any such claim, the CAA will upon written notice from the City Indemnified Party, at the CAA's expense, resist or defend such action or proceeding by counsel approved by the City Indemnified Party in writing. In providing the indemnification set forth above, the CAA is not waiving any defenses otherwise available to it by law; provided such defenses are also available to, and asserted by, the CAA for the City Indemnified Parties. The CAA shall not be responsible for the indemnification obligations set forth above with respect to any City Indemnified Party to the extent that a City Indemnified Party has waived a defense which was otherwise available to it by law.
