FINE ARTS RULES AND REGULATIONS

Please refer to DCF General Rules & Regulations in front of the Exhibitor & Contest Guide Book.

- · No advertisements by professionals or organizations.
- The goal of the Fine Arts Department is to encourage and reward original works of art generated from non-original sources.
- · Judging fine art is based on a set of universal expectations for presentation (framing) as well as for ability. Ribbons may be won or lost based on how well the Rules and Regulations are
- · All items entered should have been completed within the last 2 years and not previously exhibited at the Deschutes County Fair.
- COPIED WORKS are for youth classes only. A work is a copy when the problems of composition, color, and essence have been resolved by another. A copy is an unfair measure against an original work. Example: Paint-by-number is a copied work.
- Professional and Semi-Professional Sections and Classes cannot accept work generated from a TV or classroom source. Amateur and Novice Sections and Classes can accept work generated from a TV or classroom source.
- Paint Nite art Section 55: Work must have been created within the last year. All other rules for framing and hanging apply.
- SIZE: Max. 36"x40" incl. frame. Min. 11"x14" incl. frame. If minimum is less than either side measurement, it will not be judged. Example: 8"x20".
- - · All entries must be two-dimensional and ready to hang on a lattice wall. Adult framing may include use of standard matting and glass where needed. Youth entries may be matted or framed and should be backed with core board, poster board or other stiff backing. "Gallery wrap" as a form of framing, is acceptable, but must meet these standards: canvas is over the edges and stapled on the back (not sides) of the frame and the art work must be extended over and around all 4 sides of the frame. Youth may use core board, poster board or other stiff backing if not framing their work.

- · No glued-on, stick-on, taped, saw-tooth or attached tabs will hang on our lattice board walls. This is an opportunity to learn how to properly present your work. If we can't hang it. we can't display it. Please use a wire hanging system. Only youth works may be hung from a large clip on the lattice wall.
- Adult entries must be hung with picture hanging wire no exceptions. Attempts to use any other form of hanging will be rejected for safety and liability reasons.
- PERSONAL INFORMATION: Attach name, address, phone number, and the name of the Section and Class entered on the back of each adult exhibit. Do not put a phone number on the exhibitor tag. If you have titled your work, please put it on both the back of your art piece and on the front of the exhibitor tag. If you want to enter a work for the "Theme" award, please write the word "THEME" on the front of your exhibitor tag. Hang completed exhibitor tags attached to the back of your work over the upper left hand corner of your
- · Superintendent makes the decision as to what is acceptable to display on exhibit. All entries must be in good taste and suitable for family viewing. Each case will be considered and discussed to the satisfaction of involved parties.
- Exhibitors may enter one piece for each class in their Section. Example: You may enter one piece under Section: Professional-Oil, and Class: Landscapes and one piece in each of the multiple classes offered under Oil or any other medium. The classes remain the same for each Section. Some sections only have one class (Any Subject), so only one work of art can be entered into it.
- No exhibitor is allowed to enter work in one medium (oil) as a Professional and another medium (watercolor) as a Novice. for example. If you have entered as a Professional, you must place all entries under your Professional status. Same is true for all the definitions.
- DIGITAL ART PHOTOGRAPHY (Photo enhancement) Work created with the aid of a computer with a photo as a starting point. Computer software programs have the tools to create unique fine art as an end product.
- COMPUTER ART: Original compositions, not enhanced photography.
- MIXED MEDIA: When a minimum of two mediums are combined to create a work of art. Example: pencil plus pen & ink, or pastel plus pencil plus collage. All works of collage are considered mixed media.
